Would you like to make a stained-glass project that you can hang on your wall or give to someone special? Come and learn Molly's method. This project is about 24" x 30" and is very manageable. In addition to the Pansy pattern, you could also choose the Gnome design below. You will purchase the pattern from Molly, and there's also a kit available which includes pretty much everything except the fabric if you'd prefer not to shop for all the incidental supplies. Check out the supply list and decide if that's a shortcut you'd like to take. Take away a new and fun technique that you can use for future stained-glass projects big or small.

The supply list and a workshop registration form can be found on our website, www.manateepatchworkers.org.

Send with your check to our PO box or bring to the January meeting. Please note on your form which pattern you want. Contact Mary Lewis at manateepatchworkers@gmail.com
