READY FOR THE SHOW UFO CHALLENGE

We have a show coming up in Fall 2024! Do you know yet what you intend to enter? Well, here's your chance to think far ahead and complete some of those projects that you may have folded up and put on the shelf and have several quilts ready and waiting to make this the best show ever. This new UFO challenge will be for six projects of your choosing that you would like to be show-ready with no last-minute rush. These projects can be something already started, not quite finished, or just in the planning stages—but something you would consider for our 2024 show. So take a form home or download it from our website, and choose your six UFOs. Make your list, add your name and email below, keep a copy, and bring a copy to the October meeting. We'd like to see your projects starting in January, one a month or more, and we'll finish at the September meeting. We'll hold a drawing that month's meeting with the names of everyone who has completed all six projects in the drawing for a very nice prize. And you'll have several quilts ready for our show without any last-minute rush!
