*RaySearch Laboratories AB (publ) is a medical technology company that develops innovative software solutions for improved cancer treatment. RaySearch markets the RayStation® treatment planning system (TPS) and the oncology information system (OIS) RayCare®. The most recent additions to the RaySearch product line are RayIntelligence® and RayCommand®. RayIntelligence is an oncology analytics system (OAS) which enables cancer clinics to collect, structure and analyze data. RayCommand®, a treatment control system (TCS), is designed to link the treatment machine and the treatment planning and oncology information systems. RaySearch software is used by over 2,600 clinics in more than 65 countries. The company was founded in 2000 as a spin-off from the Karolinska Institute in Stockholm and the share has been listed on Nasdaq Stockholm since 2003. More information:*

*“At Pfizer, we aim to apply science and our global resources to bring therapies to people that extend and significantly improve their lives. We strive to set the standard for quality, safety and value in the discovery, development and manufacture of health care products, including innovative medicines and vaccines.*

*At Pfizer Oncology, we are committed to advancing medicines wherever we believe we can make a meaningful difference in the lives of people living with cancer. Today, we have an industry leading portfolio of over 20 approved innovative cancer medicines and biosimilars in the UK.*

*In the UK, Pfizer has its business headquarters in Surrey and is a major supplier of medicines to the NHS. To learn more about our commitments, please visit us online at [www.Pfizer.co.uk](http://www.Pfizer.co.uk) or follow us on Twitter ([@Pfizer\\_UK](https://twitter.com/Pfizer_UK)), Facebook ([@PfizerUK](https://facebook.com/PfizerUK)) and Instagram ([@pfizeruk](https://instagram.com/pfizeruk))”.*

*Xiel is a specialist distributor of medical technologies in UK and Ireland. We work with global leading solution providers; therefore, continuously improving efficiency and quality for our customers. Our partners research and develop highly specific products for what is often a small world market. The expertise of Xiel lies in our deep understanding of the structure and organisation of radiotherapy departments in the UK and Ireland, for us to advise on the best solutions possible. Xiel exclusively represent Sun Nuclear, MVision, C-RAD, RTI group, Cablon Medical, Klarity and Adaptiiv to name a few. Please visit the booth today to meet our radiotherapy experts.*

*Xiel. Exceptional Products. Extraordinary Service. Everyday.*
