SECTION I INTRODUCTION

I INTRODUCTION

The Penryn Fire Protection District (the "District") was formed in 1924. The District covers 10.5 square miles and has a population of nearly 6,000 people. The District also serves a large area of Interstate 80, the east and west bound Union Pacific rail lines, and an underground petroleum pipeline.

The District is governed by a five-member Board of Directors (the "Board") who are elected by the general population within the District boundaries.

The District's operations and services are funded from a small portion of ad valorem property taxes, the special taxes from Measure A and Measure C, and other miscellaneous revenues.

A Measure A

On March 20, 2017, the Board passed Resolution No. 2017-2 calling for an election to be held for a special tax for emergency medical response and fire protection services. This resolution was submitted to the Placer County Registrar of Voters and was assigned the name of "Measure A." Measure A was placed on the ballot of the election held on July 11, 2017, and passed by a vote of 78.25% in support.

This Report summarizes the purpose of the special taxes, the fiscal year 2026-2027 special tax, and other related data.

For fiscal year 2026-2027 and in future years, the special taxes described above will continue to be collected and their revenues will continue to provide local fire suppression, fire protection and emergency response services within the District.

B Measure C

On December 17, 1996, the Board passed Resolution No. 96-05, calling for an election to be held on April 8, 1997. This special tax measure was assigned the name "Measure C," to pay for fire protection and prevention services. Measure C was approved by the registered voters in the District.

This Report summarizes the purpose of the special taxes, the fiscal year 2026-2027 special tax, and other related data.

For fiscal year 2026-2027 and in future years, the special taxes described above will continue to be collected and their revenues will continue to provide local fire prevention and fire protection services within the District.

II FISCAL YEAR 2026-2027 SPECIAL TAX RATES

The special taxes are levied each year on each taxable parcel of land within the boundaries of the District at the annual special tax rates shown in the table below. In order to help ensure that the revenues from the Measure A special tax grow in line with the increasing cost of providing local fire protection and emergency medical services, the tax rate for Measure A may be adjusted in future years by up to 4% per year. The rates for Measure C cannot be increased. The following table shows the rates for fiscal year 2026-2027, which include the 4% increase from the previous year for Measure A as approved by the Board.

III ESTIMATED FISCAL YEAR 2026-2027 BUDGET

In general, revenue from Measure A and Measure C for fiscal year 2026-2027 property tax bill collections will be used to fund local fire suppression, protection and emergency medical services within the District boundaries. The services provided comprise the following:

For Measure C:

- Emergency Response: Structure and vehicle fires, rescue, hazardous material spills and hazardous material incidents;
- Public Assistance: Response to requests for service from the public when those services are not otherwise assigned to other public agencies;
- Fire Prevention & Safety: Programs that include the implementation and enforcement of fire and life safety regulations and laws;
- Public Education and Information: Programs to prepare the citizens to better prevent and mitigate emergencies; and
- Administration & Facilities: Administration, facilities, and overhead costs.

For Measure A:

- All of the above, as well as Emergency Medical Response.

SECTION IV ADMINISTRATION OF SPECIAL TAXES

IV ADMINISTRATION OF SPECIAL TAXES

A General Administrative Requirements

The special tax levies are calculated for all parcels on the new fiscal year's assessor roll. This roll includes all parcels that are in existence prior to January 1 of the previous fiscal year. After the special tax levies have been computed, the levy data must be filed with the County Auditor in June (for unsecured properties) or July (for secured properties) of each year for inclusion on property tax bills.

After submission of the special tax levies, the final levies are confirmed with the County Auditor prior to the preparation of tax bills. The special tax is collected in two equal installments on the tax bills.

B Use of Proceeds

All proceeds of the special taxes levied and imposed shall be accounted for and paid into a special account designated for expenditures for operations and maintenance of the District.
