# PDCA Cycles Record (Each row = one experiment)

Focus:		Learner:		Coach:	
Note Obstacle # & describe learning step. Note date, time & type of PDCA.		What do you <b>Expect</b> ? Note date and time.		What <b>Happened</b> ?	
<p>Note the obstacle by number from the obstacle parking lot. Learner describes <b>actions</b> they will take to learn how to overcome the one obstacle.</p> <p>DATE: <input type="text"/> TIME: <input type="text"/></p> <p>PDCA: <input type="checkbox"/> Hypothesis <input type="checkbox"/> Go See <input type="checkbox"/> Exploratory <input type="checkbox"/> Go Teach <input type="checkbox"/></p>		<p>Learner describes <b>what they expect</b> from their actions. What they expect to happen and to learn.</p> <p>DATE: <input type="text"/> TIME: <input type="text"/></p>		<p>Learner describes <b>what they observed</b> when taking their actions.</p>	
<p>Note date and time the step was designed. Also check type of PDCA taken.</p> <p>DATE: <input type="text"/> TIME: <input type="text"/></p> <p>PDCA: <input type="checkbox"/> Hypothesis <input type="checkbox"/> Go See <input type="checkbox"/> Exploratory <input type="checkbox"/> Go Teach <input type="checkbox"/></p>		<p>Answer to the last question; When can we go and see what we have learned?</p> <p>DATE: <input type="text"/> TIME: <input type="text"/></p>		<p>Learner describes <b>what they learned</b> comparing expectations from their observations. Learnings lead to next step and/or new obstacles.</p>
