

## Employee Spotlight

**Barkley Keil** has been a part of the AMVAC (American Vanguard Chemical Corporation) Axis, Alabama family for over 20 years. During his time with AMVAC he has held positions as a loaderman, Operator C/B/A and synthesis supervisor. Some of his key responsibilities include ensuring efficient and safe operation of plant activities, coordinating production, and ensuring QC requirements, training operators on production requirements and upcoming campaigns. Barkley served in the Army from 1974-1977. In his down time, he enjoys working out in the gym, 5K power walks and gardening. Barkley is a resident of west Mobile, where he resides with his wife Sharon. They have 7 children, 4 of which are active in the military, 13 grandchildren and 2 great grandchildren. AMVAC-Axis has been blessed to call Barkley family.
