

Our commitment to safety and the environment:

The plant is equipped with **state-of-the-art environmental monitoring and controls**, including a wastewater treatment plant that can treat more than one million gallons of water each day.

Responsible Care® Participant – an industry-wide initiative among members of the **American Chemistry Council** (ACC) to demonstrate a continuing commitment to health, safety, and the environment.

Certifications/awards for safety, environmental, and quality:

Find listed here our ISO Certifications and other items related to our site's HES activities.

- Partners for Environmental Progress (PEP) Environmental Award Winner, 2021.
- OSHA Voluntary Protection Programs (VPP) "Star" Site
- **ISO 9001:2015 CERTIFICATION**

Giving Back to Our Community!

- **McDavid-Jones Elementary School Partners-In-Education Program** – The plant is a participant in the Mobile County School System's "Partners-in-Education" (PIE) program since its inception in 1990. The program was created to form working relationships between individual public schools and local businesses, government, volunteer, and civic leaders.
- **LeMoyne Community Advisory Panel (CAP)** - Representatives from the plant meet regularly with members of the community and representatives of other companies, to work together to help the LeMoyne area grow, develop and be fully informed of chemical manufacturing in the area.
- **LeMoyne Industrial Park Annual Community Day** – Annual event provides the opportunity for the community to meet plant workers and management and allows member companies to show their appreciation for the strong support of the local community.
- **Partners for Environmental Progress** (PEP) – A local environmental collaboration between industry and community.
- **Mobile Chamber of Commerce** – Board of Advisors member and active supporter of the Chamber. We also donate yearly to their Partners for Growth fund, which is used to build up the local economy.
- **Science Teachers Program** – The Mobile plant is a participant in Arkema's annual innovative, hands-on science program. The program was designed to mentor and help equip local area elementary teachers with new methods of stimulating scientific interest for their students.
- **American Cancer Society** - annual chili cook-off
- **Central Gulf Industrial Alliance** (CGIA)
- **Mobile Community Action Headstart** program
- **Life South** - blood drives
- Making Strides Against Breast Cancer Walk
- Manufacture Alabama
- **Southwest Alabama Workforce Development Council** (SAWDC)
- **United Way®**
- **Junior Achievement** - Bowling Tournament
