

About Our Mobile Site:

For more than a century, FMC Corporation has served the global agricultural, industrial and consumer markets with innovative solutions, applications and quality products. FMC, and the Mobile Site, has been a major contributor to the success of global agriculture. Our products enable growers to raise more high-quality yield from every acre. Growers who demand the highest level of results count on our innovative chemistries for their pest challenges on the grain, oil, nut, fruit and vegetable crops.

The FMC Mobile Site was built in 1968 and has been a leader in the Mobile manufacturing industry for more than 50 years. Our team is committed to safely manufacture high quality agricultural chemicals and to be the BEST manufacturer of agricultural products. Over the years, we have partnered with organizations like Partners for Environmental Progress (PEP) to help fund initiatives that will have a lasting impact in our community. It is through our collaboration with agencies in our community that we enable and support the development of a stronger community.

We understand and appreciate being part of this community and we always put safety at the forefront of everything we do: the safety of our workers, the safety of the environment, and the safety of our community. This is evidenced by our safety record of more than 8 years without an OSHA recordable injury onsite.

Christopher McFarland
Site Manager

Chris joined the FMC team in 2014 as a Senior Process Engineer. In 2019 he was promoted to Technical Center Manager. He came to FMC with prior industry experience and extensive education in Chemicals and a PhD in Organic Chemistry. We are pleased to have him lead our Mobile site as the new Site Manager effective September 2022.

Chris and his wife Jenny (26 years) have 3 boys, Dalton, Dylan, and Dominic. In his spare time he enjoys classic car restoration, weight lifting, traveling, cooking, and beer brewing/wine making.

The FMC Mobile Team supported several community events this year. Some of the outreach was with United Way Day of Caring, Chamber Of Commerce Military Appreciation Lunch, Boys & Girls Clubs of South Alabama Student of the Year Lunch, PEP annual golf tournament, and donation to Robotics/STEM programs. We continue to strive to make a positive impact in our local community!
