

'INSTEP' AND 'ANYBODY CAN PREACH'

The misunderstanding most people have about the Gospel is that it's just about getting saved and going to heaven. The Gospel is much more than getting rescued from hell and damnation. The world needs Jesus is a way of life that is so transformational that one who truly believes in Christ is not just heaven bound but is a new person. This new person sees themselves in a new way. What they used to think important isn't important anymore. This is what 'INSTEP' and 'ANYBODY CAN PREACH' is all about.

The Master's vision comes from His own words as He spoke them in **Matthew 4:19**, "*Follow Me and I will make you fishers of men.*" I am called to teach. I am also a preacher. I have no great renown as either but I am inspired by The Almighty God Himself and called to teach His Word. If I die unknown, that would be my own fault as God called me to spread the transformational Gospel of Jesus Christ, therefore I always wait on The Lord to make a place for me in His field of labor in His Gospel.

My brand is **Instep**; Instep with The Master first, and church leaders as they are instep with Our Master, Jesus Christ; I endeavor to be instep also. My theme of ministry is "**The World Needs Jesus.**"
