

COMPLETE DISCIPLESHIP PROCESS

<https://instepwiththemaster.com/>

The growth process has five steps, taking the participants from the Vision presentation to the Advanced Teaching and Preaching Training. No matriculation timeframe will be established. Each church or group progresses at a pace accommodating the leadership's preferences. The various stages are independently administered and accompanied by certificates of completion, which will satisfy and exceed the leadership's normal training programs. All resource materials are on Amazon.com.
