

THE KOCHI HERITAGE PROJECT (TKHP)

Climate Action Pack 2026 Edition

Including:

- Climate Action Plan 2026
- Climate Progress Report 2025–26

CLIMATE ACTION PLAN 2026

1. Introduction

TKHP is committed to climate-responsible tourism rooted in Kerala's landscapes, food histories, and community memory.

2. Baseline Year

Baseline: 2024–25. All operations remain low-emission (foot, bicycle, and electric vehicles).

3. Emission Sources

Scope 1: None.

Scope 2: None (no office).

Scope 3: Minimal partner/guest-related emissions.

4. Commitments

Measure: Begin emission measurement in 2026.

Decarbonise: Foot, bicycle, EV tours; digital systems; sustainable cafés.

Regenerate: Food Memory Archive ongoing; coconut craft project planned.

Collaborate: Climate storytelling in *Unniyappam* and *Garden of Malabar* tours.

Finance: Climate fund framework planned.

5. 2030 Goals

Maintain ultra-low emissions; grow regenerative tourism; strengthen community projects.

6. Governance

Climate Lead: Johann Kuruvilla.

Reporting Cycle: Annual.

CLIMATE PROGRESS REPORT 2025–26

1. Summary

TKHP continues as an ultra-low-emission initiative with strong climate storytelling.

2. Key Achievements

- Climate storytelling integrated across tours.
- Food memories documentation ongoing.
- All tours via foot, bicycle, EV.
- Partner cafés use sustainable materials.

3. Emissions Overview

Scope 1: 0.

Scope 2: 0.

Scope 3: Low.

4. Progress

Measure: Framework ready.

Decarbonise: Fossil-free tours.

Regenerate: Food archive ongoing.

Collaborate: Storyteller training.

Finance: Pending.

5. Challenges

Partner data limited; need guest survey system.

6. Next Steps

Begin emission tracking; launch coconut craft project; expand regenerative initiatives.
