## Vincent Cordova 2028 Campaign: Commitment to Transparency in Ukraine Aid and Accountability for U.S. Taxpayer Dollars

**Manteca, CA** - Vincent Cordova, 2028 presidential candidate, has announced a bold initiative to address fraud, corruption, and mismanagement in U.S. aid sent to Ukraine. Cordova's campaign is committed to investigating the misuse of taxpayer dollars and ensuring that every cent of foreign aid is used effectively, transparently, and for the direct benefit of the Ukrainian people.

"The United States stands with the citizens of Ukraine in their fight for freedom and recovery," said Cordova. "However, we cannot ignore the persistent corruption and governance failures that have hindered the effectiveness of our support. The American people deserve transparency, and Ukrainian citizens deserve accountability from their leaders."

Cordova's campaign highlights two pivotal actions to uphold this commitment:

### Investigation Into Fraud in Ukraine Aid

Cordova has pledged to launch a comprehensive investigation into allegations of fraud and misuse of U.S. aid sent to Ukraine. This investigation will:

- Identify instances of misallocated funds and fraud within Ukraine's government and affiliated organizations.
- Ensure accountability for those responsible for diverting aid from its intended purposes.
- Provide a detailed report to the American public on findings and corrective actions.

"We owe it to U.S. taxpayers and the people of Ukraine to ensure that aid is not lost to corruption," Cordova stated. "This investigation will uncover the truth and set a precedent for future transparency in foreign aid."

### Legislation Proposal: The Ukraine Aid Accountability and Reform Act

Cordova's campaign is championing the **Ukraine Aid Accountability and Reform Act of 2024**, a comprehensive proposal designed to:

- Establish a public **Online Aid Portal** to track all U.S. aid to Ukraine in real time.
- Tie non-humanitarian aid to clear anti-corruption benchmarks, such as creating an independent anti-corruption agency and prosecuting high-profile corruption cases.
- Redirect aid to trusted NGOs if benchmarks are not met.
- Empower U.S. taxpayers and Ukrainian communities through oversight mechanisms, including a bipartisan Taxpayer Accountability Council.
- Ensure uninterrupted humanitarian aid for food, housing, and medical needs.

"This legislation reflects the highest standards of integrity," Cordova explained. "It's a commitment to ensuring that aid serves its true purpose: supporting the people of Ukraine and respecting the trust of American taxpayers."

### Executive Order for Immediate Action

In addition to legislative efforts, Cordova has outlined an **Executive Order** plan to be enacted upon assuming office. This Executive Order will:

- Mandate the creation of an aid tracking system within 180 days.
- Implement independent audits and quarterly reporting on aid expenditures.
- Establish a time-limited framework for aid tied to demonstrable reform milestones.

Cordova's Executive Order ensures swift action while laying the groundwork for permanent legislative reform.

### **A Campaign Rooted in Accountability**

Cordova's 2028 platform emphasizes transparency, integrity, and accountability in governance. The commitment to investigating Ukraine aid and advancing the proposed reforms reflects the broader vision of a government that works for its people.
