The United States Constitution

Article II, Section 1 of the U.S. Constitution imposes only three eligibility requirements on persons serving as president, based on the officeholder's age, time of residency in the U.S., and citizenship status:

U.S. Constitution - Presidential Candidate Eligibility

"No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any person be eligible to that Office who shall not have attained to the Age of thirty-five Years, and been fourteen Years a Resident within the United States."

Introducing the Public Progress Dashboard: A 2028 Presidential Campaign Initiative for Transparency, Accountability, and Global Collaboration

Manteca, Ca – As a cornerstone of Vincent Cordova's 2028 presidential campaign, the **Public Progress Dashboard** represents a visionary opportunity for public engagement. While its full implementation will require executive orders and legislative actions, this initiative is being introduced to gather input and ideas from citizens, organizations, and stakeholders to refine and enhance its features. This groundbreaking platform is designed to unify fragmented data sources into a single, AI-driven system, fostering transparency, accountability, and collaboration at unprecedented levels.

A Vision for 2028 and Beyond

The Public Progress Dashboard represents a bold vision for the future of governance. By providing real-time, actionable insights, the dashboard connects laws, bills, executive orders, and

corporate policies directly to their impacts on daily life. Citizens, policymakers, and organizations can now access data to:

- Analyze the effectiveness of **current and past laws, bills, and executive orders** to identify opportunities for rapid adjustments.
- Address shared challenges like climate change, economic disparities, and corporate accountability through collaborative efforts.
- Enhance social equity by monitoring access to essential services and reducing systemic disparities.

“The Public Progress Dashboard is not just a tool; it’s a movement for global equity, collaboration, and progress,” said Vincent Cordova. **“This initiative is about empowering people and ensuring governments and corporations are held accountable to the people they serve.”**

Key Features

The Public Progress Dashboard will offer a comprehensive suite of tools and metrics, including:

- **Historical Insights for Rapid Adjustments:** Analyze the impact of past laws and policies to facilitate quick revisions and enhance governance adaptability.
- **Real-Time Alerts:** Provide citizens and policymakers with instant updates on new laws, policies, and corporate actions.
- **Economic, Environmental, and Social Equity Metrics:** Track cost-of-living trends, air and water quality, renewable energy adoption, and disparities in service access.
- **Trade-Off Analysis:** Introduce the "Social Accountability Cost Index" to weigh the benefits and hidden costs of policies and actions.

Global Collaboration for a Better Future

While initially conceived for the United States, the Public Progress Dashboard is designed for global scalability. In alignment with the United Nations Sustainable Development Goals (SDGs), the initiative invites international governments, organizations, and stakeholders to collaborate on:

- **Localized Metrics:** Tailoring insights to regional priorities like food security, education access, and environmental resilience.
- **Cross-Border Data Integration:** Enabling seamless information sharing to address transnational challenges like pollution and economic development.
- **Inclusive Citizen Engagement:** Providing tools in multiple languages and culturally relevant formats to empower global participation.

Call to Action: Engage Today for a Better Tomorrow

Governments, organizations, and citizens are invited to join this transformative initiative by contributing their insights, ideas, and feedback. This engagement will help shape the final vision of the Public Progress Dashboard, ensuring it meets the needs of all stakeholders. Together, we can:

- Shape a future where transparency drives progress and accountability fosters trust.
- Use data to advocate for equity, sustainability, and innovation in policymaking.
- Create a platform for real-time public participation that strengthens democracy and collaboration.

Next Steps for Public Engagement

1. **Submit Your Ideas:** Share your input and suggestions on the initiative by emailing public@vincentcordova.com or engaging through our website.

About the Public Progress Dashboard

The Public Progress Dashboard will be a cutting-edge platform designed to revolutionize governance and collaboration. Rooted in respect for national sovereignty and individual rights, the dashboard seeks to increase the value of life, foster global partnerships, and ensure equity and transparency for all.
