The United States Constitution

Article II, Section 1 of the U.S. Constitution imposes only three eligibility requirements on persons serving as president, based on the officeholder's age, time of residency in the U.S., and citizenship status:

U.S. Constitution - Presidential Candidate Eligibility

"No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any person be eligible to that Office who shall not have attained to the Age of thirty-five Years, and been fourteen Years a Resident within the United States."

VINCENT CORDOVA, A 2028 PRESIDENTIAL CANDIDATE ANNOUNCES PLAN TO END UNJUST CLAIM DENIALS

Manteca, Ca – Today, as part of Vincent Cordova's 2028 presidential campaign, Vincent Cordova unveiled a comprehensive plan for a transformative **Executive Order on Medically Necessary Care** aimed at ensuring fair and equitable healthcare access. This proposed initiative seeks to eliminate unjust claim denials, empower medical professionals, and prioritize patient rights over corporate interests. It also sets the foundation for a broader transformation as we work toward transitioning to a shared-cost nonprofit healthcare system.

"Healthcare is a fundamental right, not a privilege," Cordova stated during the announcement. "This Executive Order ensures that no American will be denied the care they need simply because of profit-driven motives."

Key Highlights of the Proposed Executive Order:

1. **Mandatory Coverage for Medically Necessary Care:** Insurance companies will no longer be allowed to deny claims that a licensed medical professional has deemed necessary.
2. **Independent Medical Review Board:** A transparent oversight body will review disputes, with representation from patient advocacy groups to ensure fairness.
3. **Severe Penalties for Violators:** Harsh consequences, including fines up to \$1,000,000 and criminal prosecution, await insurers, healthcare providers, or IMRB members who act unethically.
4. **Restitution for Patients:** Individuals harmed by previous denials will receive compensation for out-of-pocket costs and delays in care.

Grounded in Constitutional Principles

This plan underscores the government's responsibility to safeguard its citizens, invoking the **General Welfare Clause** and **Equal Protection Clause** as cornerstones for action. These provisions affirm the nation's moral and constitutional duty to ensure access to essential healthcare services.

Immediate Action on Day One

This initiative is not merely a vision but a plan of immediate action. Upon a successful 2028 presidential election, this Executive Order will be implemented on **day one** to deliver justice and fairness to the American people without delay.
