

“Dedicated to quality, committed to excellence”

LOCAL SOURCING

This phase includes constant monitoring and interaction. We keep an eye on quality and budgets to ensure the lowest costs, stay on top of schedules for timely delivery and work closely with the team to create your vision and fulfill your requirement.

GLOBAL PROCUREMENT

We provide strategic sourcing solutions that can achieve quality standards and logistical requirements at even the toughest of conditions. Our team can handle the business development and procurement activities from start to finish.

PRODUCT SUPPLIES

We are proud to represent some of the leading global brands that emphasize high quality products and unmatched after sales service and honored to present ourselves as one of the leading importers, stockist and distributors of various products.

EQUIPMENT RENTAL AND REPAIR

Provides most reliable and top quality branded equipments and solutions to our customers based on industry specific needs. highest quality equipment at lowest cost and deploying the best people to build a better future.

DEWATERING SERVICES

Working alongside with our clients to ensure that they receive the services they need. We are strongly field-oriented and sensitive to the dewatering needs of the contractor, particularly with regards to Quality, Design, Cost-Effectiveness, Project Timeline & HSE.

FABRICATION WORKS

We give life to your imaginations and thoughts by coming up with the best solutions in the most cost-effective way with timely delivery to meet all your fabrication requirements.

LOGISTICS AND SUPPLY CHAIN MANAGEMENT

We coordinate with all kinds of logistics providers: freight forwarders, customs brokers, export and import specialists, warehouses and carriers to provide the best services to our clients.

CONTRACTING AND SERVICES

We continuously seeks advancement and innovation to provide better quality of MEP and EPC services on time upholding the trust of customers by maintaining the highest professional integrity and quality standards.

We dedicate and combine our facilities, skills, knowledge and experience for the benefit of customers providing assured quality products that meets the needs and expectations of the customer.

OFFSHORE SALES AND SERVICES

Working with well experienced trusted subcontractors, we keep them accountable throughout the entire process. From sequence to production and quality control and we stay focused on the goal.

Equipment Rental and Repair Services

Lifting and material handling equipment:

Backhoe Loader

Boom Lifts

Cranes

Dozer

Excavator

Roller

Scissor Lifts

Wheel Loader

COMPLETE Equipment Rental Solution

Al Adran's fleet of rental machines provides you the ultimate in equipment flexibility. When owning a machine is not the optimal equipment solution for you, contact us for an endless supply of top quality rental equipment. We offer the newest, largest and most diverse source of rental machines available.

We take pride in maintaining a quality rental fleet in optimal working condition. Ours is the most complete construction equipment rental fleet in United Arab Emirates. Factory trained technicians maintain our rental equipment so that industry professionals can rent with confidence.

Special Sourcing Capabilities

Our Industry experience in the following industries enables us to source on your behalf the hard to find items. These industries demand high level of procurement expertise and industry & product knowledge. You can count on us for reliable and lowest of lead time delivery of material from world across and we are ready to commit on long term price and supply contracts.

Aviation & Defense: Our experience includes, supply support for aircraft maintenance, composite manufacturing, airport services including cargo and baggage handling. Some of the specialty products we can supply are aircraft tools, tools & consumables, special machining tools, clecos, grinders, sanders and finishing tools, rivets and guns, special abrasives, drills, pneumatic tools & aerospace safety.

Oil & Gas: With strong association with our clients in oil and gas sector in GCC region, we have built specialized expertise for supply of material and services to the sector. We can provide most of your project requirements - valves, flanges & fittings, cable trays, cable glands and accessories, Special safety items for hazardous environment, lifting and rigging, non-sparking tools, explosion proof items & scaffolding.

Facility Management: We work with world class facility management companies. We completely understand this industry. We can provide you with; cleaning equipment, cleaning materials and chemicals and spill kits and absorbents.

Hospitality: We will be your convenient source for accessing best of fixtures and maintenance supply for Hospitality sector maintaining world class quality and offering the lowest of cost of supplies to the sector.

Shut Down Project: We reflect on the needs of Shutdown maintenance as well as break down maintenance requirements of multinational clients assuring best of supplies at the minimum lead time contributing to the minimization of opportunity loss.

Special Sourcing Capabilities

AVIATION

- Aerospace Safety
- Aircraft Tools
- Tools And Consumables
- Special Machining Tools
- Clecos, Grinders
- Sanders, Drills
- Finishing Tools
- Rivets And Guns
- Special Abrasives
- Pneumatic Tools

- Valves, Flanges & Fittings
- Cable tray & Cable glands
- Special safety items
- Lifting and rigging
- Non sparking tools
- Explosion proof items
- Scaffolding

OIL & GAS

- Health and Safety
- Fire safety
- Security
- Maintenance & Cleaning
- Tendering
- Procurement
- Cleaning Equipment
- Cleaning Materials
- Spill Kits
