

EXTENDED PAYMENT PROGRAM

Making it easier to pay for your home delivery orders

Prescription medications can cost a lot of money. Express Scripts® Pharmacy, our home delivery pharmacy, offers a flexible payment option that can help.

Let's help you stay on track with your medication – with a plan you can afford

Express Scripts® Pharmacy offers an Extended Payment Program (EPP), which helps make it easier to pay for your home delivery prescriptions. They'll **split your order into three smaller, equal credit or debit card payments** so you don't have to pay the full cost all at once. You don't have to wait to get your medication – Express Scripts® Pharmacy will ship your order after the first payment.

Here's some helpful information about the program

- Once you've enrolled in EPP, it will apply to all home delivery prescriptions you and your eligible family members fill.
- You need to keep a credit or debit card on file with Express Scripts® Pharmacy so they can charge your card.
- If you decide to cancel EPP, you'll be responsible for paying the rest of what you owe.

Here's how it works

John goes online to refill his home delivery prescription. He enrolls in EPP during checkout. Express Scripts® Pharmacy splits his \$90 bill into three payments, which he pays over a 3-month period.

Payment 1: \$30.00

Paid when he places the order

His medication is shipped at this time

Payment 2: \$30.00

Paid in 30 days

Payment 3: \$30.00

Paid in 60 days

3 simple steps to enroll in EPP

1. Log in to the **myCigna®** app or **myCigna.com®**.
2. Select the home delivery medication you'd like to fill.
3. During checkout, you'll see an EPP section under Payment Method. Click on the Learn More button to sign up.
