

Mercy and Caring Children's Homes, Sept. 2015

Fire safety class.

Third term shopping as school resumed in September.

OUR ARRIVAL IS TO BE A SURPRISE and IT IS NOW SOON!

Edwin and Nancy Cahill met you over the past few months, either at CLA Gibsons, CTK, Gateway grad, Mainland hearing, Senior's Camp or APA I have now added you to our News and Prayer letter family. We want to say a big THANK YOU for signing up to learn more about Mercy and Caring Children's Homes, Kenya.

Please feel free to contact me at nancy@mercyandcaringhomes.org or encahill@yahoo.com

our 21st anniversary

OFF TO KENYA

Edwin and I celebrated our 21st Wedding anniversary Aug. 6 in Ft. Langley. Our next delight is to board a KLM jet for our 12th trip to Kenya SEPT 29 TO DEC. 3.

We are looking forward to sharing the Gospel and seeing people saved and healed. We want that to rise above all the money concerns and ask you to pray that the Holy Spirit will take control and bring people to salvation and Holy living.

We are finding it a challenge to meet the operating costs each month. The buildings, now 9 years old, need major upgrading to preserve them. Some finishing projects are long overdue. To be truthful, some forty thousand dollars are needed.

Both Elementary and High School classes at the Centre will be winding up in late November. The final push is on for the students to finish up well. So much depends on the grades they achieve. A lot is expected of them.

Thanks for your support. We are on the lookout for more sponsors and supporters. If you have any suggestions we would love to hear from you.

AS OUR FAMILY GROWS, SO DO THE EXPENSES! WE NEED:

1. A power generator for outages costing \$2070 Canadian dollars
2. Two more water tanks to provide enough water during power outages. We praise God for the abundant safe drinking water that comes from our deep well by an electric pump.
3. Classrooms and dining rooms need repairs to tables and desks as well as teaching materials. .

Now for our Wish List:

A church building on site. Using one classroom has become too small.

A new administration block

The plot of land next door for our Girl's dorm

A 51 seater school bus for music & sports events and the Kenyan curriculum compulsory field trips.

SUCCESS!

Our original vision is being accomplished. See how the young destitute children have become healthy and happy, like Gladys. She is now a vibrant Christian young woman, studying hard to complete Form 4 and hoping to make nursing her career.

Love in Christ,

Edwin and Nancy Cahill

PS Thank you for those letters that are pouring in for your sponsor child which we

have in our bags for Kenya.

Our first Kindergarten on the edge of the Turkanna slum.

I want to be a nurse and care for others.
