YUMMY

HE IS NOT HERE, HE IS RISEN AS HE SAID

The church on site has an improved look inside and can host large gatherings. Recently a conference on child protection was held on the MCCH site. How to help reduce teenage pregnancies was part of the discussion.

Our manager, Pastor Arusa is expected to keep Co-vid protocol. Children have become used to hand washing at 3 stations easily accessible, and there have been no cases of sickness except for the usual malaria and typhoid.

Pastor Arusa talks with Cheryl Hickey and I every Friday about the MCCH week, and he prays for you, our sponsors, and thanks all of you for your sacrifice in giving to keep MCCH able to feed, clothe, shelter, and educate the children, encouraging them to love and obey Jesus. Asante sana!

Yes, that is Swahili for Thank you very much!

With our love and prayers, Edwin and Nancy Cahill
