

ATLANTIC
UROLOGY
CLINICS^{LLC}

June 25, 2018

Dear Dr.

As a fellow member of the Southeastern Section of the AUA, it is my sincere pleasure to recommend my full support for the nomination of Tom Stringer as AUA president elect for 2019. I have known Tom for 20 years and he has demonstrated a broad range of clinical, administrative, business and political acumen that will serve our specialty with great expertise. Tom has been one of the most affable and collegial professionals whom I have had the pleasure to work with over these many years. He demonstrates a high level of integrity along with great interpersonal communication skills. I have had the opportunity to work with Tom on multiple clinical research protocols, on numerous advisory boards as well as association alliance health policy issues. Tom has had an exceptional background and understanding of community urology, having led his group for many years, and has also devoted his time and energies to leadership for both the Florida Urologic Society as well as the Southeastern Section of the AUA. Tom has demonstrated not only his leadership skills but also his dedication to be innovative and amenable to the ever changing healthcare landscape. In addition to his analytical abilities for challenging healthcare policy issues, at his core he has always been a steadfast educator and believer in advancing clinical expertise both for clinical practice as well as for urology residents and fellowship candidates. In summary, my experiences, both with educational initiatives and health policy initiatives, inspires me with absolutely no reservations to recommend our colleague, Tom Stringer to be the next AUA President. I am certainly happy to discuss my recommendation and Tom's impeccable qualifications with you at any time.

Yours sincerely,

Neal Shore, MD
