

EAR PIERCING AND AFTERCARE RELEASE AND CONSENT FORM

By booking an appointment with Upper Lobe, I give consent for Crystal Geller/Upper Lobe to perform an ear piercing as described on the website www.upperlobe.com.

I realize the importance of proper care in permitting the ears to heal without infection. I attest that I will read and promise to follow each step of the instructions on the PIERCING AFTERCARE sheet that has been provided to me. I acknowledge the importance of these instructions in maintaining healthy ears. Further, I understand that since Crystal Geller will not have the opportunity to monitor me at home after care, it is solely my responsibility to follow the PIERCING AFTERCARE instructions provided at the time of the ear piercing.

I hereby agree to release and forever discharge and hold harmless the Piercer, Crystal Geller, from any and all claims, damages or legal actions arising from or connected in any way with the earlobe piercing or cartilage piercing, or the procedure and conduct use in the piercing. I certify that the Customer willingly submits to the earlobe piercing or cartilage piercing described above.

I understand that I must carefully follow all instructions on the PIERCING AFTERCARE sheet provided to me. I agree to do so, and hereby release and forever discharge and hold harmless the Piercer from any and all claims, damages or legal actions arising from or connected in any way with my failure to carefully follow all aftercare instructions.

I understand that piercings cannot be completed until after the first dose of the DTaP vaccine. I attest that the person undergoing the piercing has had at least their first dose of the DTaP vaccine.

I grant permission and consent to Crystal Geller/Upper Lobe for the use of the close up photograph of the piercing completed for presentation under any legal condition, including but not limited to: publicity, copyright purposes, illustration, advertising, and web content. I understand that there should be no payment, royalties, or revocation for this release.

You must be 18 years or older to have your ears pierced without your parent's consent. By booking with Upper Lobe, you attest that you are over 18, or that you are the parent/legal guardian giving consent.

By booking with Upper Lobe you agree that you have read and agree with the terms of the waiver and that the information you provided is accurate.
