

# EXHIBITING AT THE 2022 VIRGINIA SOLAR SUMMIT

## JOIN GREATER VIRGINIA MOST-ENGAGED, ACTION ORIENTED SOLAR AUDIENCE

Exhibiting at VSS22 offers the unique opportunity to add your spark to the reignition of the electric in-person experience the Virginia Solar Summit is known for! Join the entire VSS community assembling April 27 & 28 in the historic Altria Theater to take the next bold steps into a brighter, more resilient and more renewable future supercharged with solar power... **together!**

Originally opened in 1927 as a Shriner auditorium, the Altria Theater has undergone major renovations in recent years. Minaret-like structures still flank the centrally pointed arch entryway and, from there, geometric tile work in rich colors and Middle Eastern-inspired style permeate the entire venue, creating a majestic, stirring effect in every visitor. We couldn't ask for a better setting to steep oneself in the immersive, inspiring two-day Renaissance 2.0 experience that is the Virginia Solar Summit!

Exhibitors will be located in and around the Grand Ballroom (below), the main hub of activity during the summit, where all meals are shared and most networking will take place, including the Solar Exchange. Exhibitors will also all co-sponsor the last event at the Altria Theater: the Exhibitor Happy Hour!

Exhibiting at VSS22 puts you and your brand at the heart of the action of the year's most substantive, dynamic & difference-making solar development event: the 2022 Virginia Solar Summit! Make the most of this moment to make your mark on this once-in-a-millennium renaissance and directly engage Greater Virginia's solar marketplace as it manifests in real time, in real space with real people!
