Voyage Preneed Funeral insurance

Voyage Preneed Funeral insurance

Advance funeral planning allows you to do more, worry less, and make every day better. Wellabe's Preneed plans not only help you fund a funeral, but they also help you make your final wishes known.

Most people purchase a Preneed Funeral insurance plan for three reasons:

- 1 You'll make the entire process easier for your family.
- 2 You can give yourself extra time to understand the process and make the best choices for you and your loved ones.
- 3 You can alleviate much of the financial burden for your loved ones.

Tell your story the way you want and leave no expenses for the ones you leave behind.

Be well protected with Voyage Preneed Funeral insurance

The Voyage plan can be purchased in a single payment, one-year plan,¹ or through multi-year payment plans based on age. Two simple health questions qualify you for first-day coverage; otherwise, a graded death benefit is available.

And with four additional riders, you can create a plan that makes the most sense for you.

- **Standard Away-from-home rider:** For policies with a face amount of \$2,000 or more when death occurs 250 miles or more away from the applicant’s residence, this rider is provided at no-cost and pays a benefit of \$500.
- **Away-from-home supplemental rider:** Optional rider that will pay a benefit of \$500 if death occurs 250 miles or more away from the applicant’s permanent residence.
- **Grandchild rider:** Optional rider for policies with a face amount of \$2,500 or more that will pay a one-time benefit of \$2,500 on the death of an eligible grandchild.
- **Add-on rider:** An applicant can purchase extra coverage on an existing policy by using an add-on rider form.

The Voyage plan is designed so you’ll never pay more in premiums than what gets returned in the death benefit. Some families have received an additional 14% annual increase on their plan.²

To better understand how the Voyage plan works, here are some real examples.²
