THREADS

What are Threads and what can be treated?

Threads are fine synthetic fibres made of a material called Polydioxanone (PDO), which has a long history of safe and reliable use in surgery as 'stitches' to close wounds. The material will dissolve over time and be completely eliminated from your body.

Aqualift is a treatment method that is designed to help facial ageing, which happens naturally over time.

Traditionally, the only method for loose skin or skin laxity issues was to wait until the problem was serious enough and undergo a surgical "face-lift". However, East Coast Laser & Cosmedic now offers a non-surgical, injectable alternative to this traditional surgery, and has the potential to improve the condition of the skin.

PRP

PRP has become a highly sought-after non-surgical procedure for facial and skin rejuvenation. PRP therapy is a treatment which uses your own blood platelets to stimulate new cell growth, helping to improve your complexion, skin texture and to restore lost facial volume. Epidermal Growth Factors activates stem cells, which form new tissue such as collagen, elastin, muscle, nerves, blood vessels, etc. thus assisting to restore the optimal structure of your skin PRP harnesses the beneficial functions of your own platelets and therefore there is no risk of allergy or rejection of the treatment.

We recommend 3 treatments spaced 1 month apart for optimum results

- 1 Vial \$400
- 2 Vials \$650
- 3 Vials \$900

PRP Hair Rejuvenation

Platelet-Rich Plasma for Hair Loss provides a new and natural option to treat this incredibly common concern for both men and women.

- Non-surgical, non-hormonal and totally natural treatment
- Restores blood flow
- Improves the health, function and duration of hair follicles
- Suitable for men and women
- Minimal side effects

\$1000 per treatment – 3 treatments recommended with 6 weeks between treatments, includes LED rejuvenation light therapy.

BENEFITS

- Love your lips
- Create Definition
- Enhance & Lift
- Build Symmetry & Balance

SKIN TIGHTENING WITH THE CUTERA TITAN

- Eyes \$200 per treatment
- Lower Face and under Chin \$1000 per treatment
(2x treatments paid upfront) \$1800
- Abdomen/Upper Arms Price depending on size of area

The Cutera Titan utilises a safe, infrared light to heat the dermis well below the skins surface, causing immediate collagen contraction.

New collagen will then grow resulting in further tightening with the improvement of lax skin, folds and lines. Titan can be used under the eyes, along the jawline, under the chin, the abdomen and upper arms.

Two treatments are recommended 4 weeks apart for optimum results.

TITAN 3D Revitalise Therapy

\$1200 per treatment

Every person ages at a different rate and in different ways. Some develop redness, age or sun spots. Others have large pores, fine lines, wrinkles

or lax skin. You may have one, two or all of these conditions. Cutera's 3D Skin Rejuvenation takes a three-tiered approach to rejuvenating your skin for all of these conditions.

Limelight - redness, mottled complexions, freckles and sun damage.

Genesis - soften fine lines and wrinkles, shrink pores and decrease or eliminate redness found deeper in the epidermis.

Titan - uses infrared light to heat tissue in the deep dermis.

Two treatments are recommended 4 weeks apart for optimum results.

TRUSCULPT BODY SCULPTING

Pricing depending on amount of heads used per area

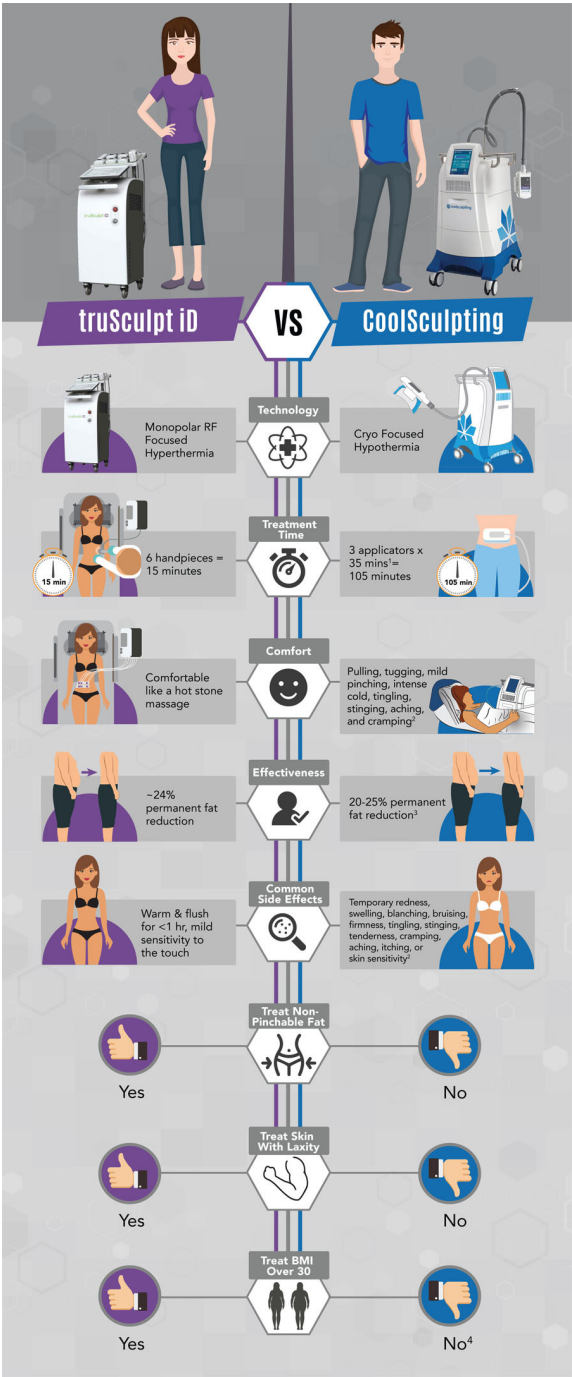

• 2 x heads	\$700
• 4 x heads	\$1100
• 6 x heads	\$1500
• Chin (3 sessions spaced one month apart)	\$750
• Knees (3 sessions spaced one month apart)	\$750

Trusculpt iD allows you to personalise your ideal body with a revolutionary non-surgical, body sculpting treatment. Using Monopolar RF technology to selectively target fat and therapeutically heat it - until fat cells die and are eliminated by passing through the body naturally. Clinical studies resulted in an average of 24% fat reduction.

No matter your shape or body type, this versatile treatment is personalised to match your individual needs.

LASER SKIN RESURFACING

Pearl – Ablative Laser

Full Face

\$650

A safe, effective treatment for wrinkles and skin resurfacing for visibly renewed skin. Targeting deeper pigment, deeper texture, pore size, fine lines and sun damage.

1–2 treatments recommended, 3–6 months apart

Mini Pearl

Full Face

\$500

Similar to the Pearl, however we adjust the settings to give you a lighter treatment and add on an LED treatment. This speeds up the healing and reduces the recovery time needed.

Pearl Fractional - Fusion
