GUIDE TO PLAYER ETIQUETTE

Attire - While the emphasis on white clothing is no longer applicable, casual neat clothing is expected. The continued need for flat soled shoes is essential to protect the court surface. Club shirts are available for purchase.

Punctuality - In order that the captain can allocate courts and playing partners, all players must be present at least 20 minutes prior to the scheduled start time. Players shall not make their own playing arrangements on club playing days/nights without the endorsement of the captain.

Mobile Phones - The use of mobile phones while playing is strongly discouraged other than in exceptional circumstances.

In Play - During the game, players should be mindful of other players sharing the same court. This particularly applies to crossing in front of another player when they are in the process of playing.

Court Surface - Always be mindful of protecting the court surface. Do not throw the balls as they dent the soft surface of the court and surrounds. Rather, bowl them.

Club Equipment - When using club equipment on loan, members are urged to take particular care. E.g. Clean and dry mallets before returning to the clubhouse; dry balls after play.
