**June 12-13, 2025 Morgan Hill  
Community Center 8:30-5:00**

**Beyond Diversity 1** training introduces participants to the internationally-renowned **Protocol for Courageous Conversation**® and equips participants with the tools needed to transform beliefs and behaviors into results that equip people of all races to achieve their most empowered lives. It is a compassionate curriculum to build community, launch innovation, and navigate the predictable pitfalls of interracial, multicultural conversations about race.

Powerful and personally transforming this 2-day seminar helps leaders, employees, and organizations understand the impact of race on their lives, their work, and their overall growth. Interactive and stirring exercises strengthen participants' critical consciousness of race and lead them to investigate the role that racism plays in institutionalizing achievement disparities.

More importantly it models and teaches a protocol for discussing race in ways that are productive, insightful, and generative. After the session, participants will be equipped with the knowledge, skill, will, and capacity to address equity, diversity and inclusion issues, and broaden the path of entry for leadership in their industry.
