

Make an Environmental Legacy

at Prairie Oaks Memorial Eco Gardens and Memory Forest

Memory Forests are beautiful, tranquil resting places of our loved ones, full of trees and life! We plant a memory tree with your loved one's cremated remains and the Living Urn to grow into a beautiful, enduring living memorial that will be cared for and live for generations to come!

WHAT IS THE LIVING URN?

With The Living Urn®, Life Continues...

The patent pending Living Urn is America's first and leading Bio Urn & Planting System designed to grow a beautiful, enduring memory tree, plant, or flowers with cremated remains! Honor a loved one when they pass on and celebrate and commemorate all they've given us - the joy, the companionship, the love - and keep their memory present in our lives! Give back and grow a living memory with The Living Urn.

eco burial

Simple, Sustainable, Designed for the Earth

THE PATENT PENDING ECO BURIAL™ URN IS A BEAUTIFUL AND DIGNIFIED OPTION FOR FAMILIES:

- ◆ Eco-friendly & all natural and biodegradable
- ◆ Handmade from bamboo, a sustainable material
- ◆ Wood locking top (no hardware!) secures top to base
