A CERTIFIED PARTNER IN
RESILIENT INFRASTRUCTURE

CAPABILITY STATEMENT

As a proud DBE, MBE, and SBE-certified firm founded in 2024, Nisa Engineering delivers structural engineering solutions that meet the evolving needs of public infrastructure—from revitalizing aging assets to supporting new community development. We specialize in designing cost-effective, sustainable, and long-lasting structures that align with agency goals and community impact priorities.

Our team brings deep technical expertise and local insight to every project, with a focus on resilience, safety, and equity. Whether we're supporting transportation upgrades, coastal reinforcements, or civic infrastructure, we partner with federal, state, and municipal clients to deliver dependable results on time and within budget.

From urban hubs to vulnerable coastal areas, Nisa Engineering stands ready to serve as your trusted partner in building stronger, smarter, and more sustainable communities.
