To further ensure

public safety, tree pruning was carried out in Brgy. Toclong I-C, Bayan Luma 4, Bucandala I, and Medicion 2-A to prevent falling branches during storms.

The city also mobilized its river rangers for large-scale and regular cleanup operations in key tributaries across Brgys. Pag-asa 3, Anabu I-G, Toclong I-B, and Toclong II-B. The weekly river cleanup initiative is a long-standing program of the local government in partnership with the Provincial Environment and Natural Resources Office

terminal, located in Bauan, Batangas, may also become the site of a new industrial zone in the province.

"By 2028, it will be the second biggest container terminal in the country. Napaka-importante nito lalo na sa Calabarzon area kasi ito ang industrial capital ng Pilipinas (This is very important, especially for the Calabarzon area, because it is the industrial capital of the Philippines)," he said.

Dizon said the port project will attract the establishment of factories.

"Ibig sabihin nun trabaho. Ibig sabihin nun malaking kita (This means jobs, big revenues)," he added.

Dizon also allayed concerns that the project would create vehicular traffic in Bauan and the port is expected to ease vessel congestion in Manila and Batangas ports.

"Magkakaroon tayo ng access road mula sa terminal diretso sa Star Tollway. Malapad 'yan na kalye kung saan ang mga truck natin ay kasyang kasya

at hindi makakaistorbo sa daanan ng mga taga Bauan (We will have an access from the terminal straight to Star Tollway. It will be a wide road where trucks can easily fit and won't cause inconvenience to Bauan residents)," he said.

The LICT is expected to be completed by the end of 2027 and operational by early 2028.

The terminal was designed to accommodate an estimated 2 million twenty-foot equivalent units per year, including mega vessels.

On Friday, Dizon and other DOTr and Philippine Ports Authority (PPA) officials visited the site of the LICT and expressed support for its development.

The project is being developed by the International Container Terminal Services, Inc. (ICTSI), a global port management company headquartered in the Port of Manila.

Zero-Balance billing now << P1

Eleazar General Hospital in Tagkawayan, Quezon, and the Southern Tagalog Regional Hospital in Bacoor City, Cavite.

According to DOH Calabarzon, individuals may now avail themselves of free medicines, medical services, and basic accommodations when admitted to these hospitals.

The health department added that these hospitals are now fully prepared to implement the policy with the additional 15% funding under the Maintenance and Other Operating Expenses (MOOE) budget.

In his fourth State of the Nation Address

(SONA), President Marcos emphasized that the government will continue implementing zero-balance billing to ease the financial burden on patients in need of medical care.

"Itinuloy na po natin ang zero balance billing. Libre po. Ibig sabihin, ang serbisyo sa basic accommodation sa ating mga DOH na ospital, wala nang babayaran ang pasyente dahil bayad na ang bill ninyo," the President said.

In Quezon Province, the provincial government is likewise intensifying the implementation of the NBB and "No Out-of-Pocket Expense" policy to ensure

that residents, especially the most vulnerable, can access public hospital services without financial hardship.

Under this policy, patients admitted to basic accommodations or ward sections of public hospitals are not required to pay any fees.

Calabarzon residents expressed their gratitude to President Marcos for strengthening the implementation of the NBB policy in public hospitals.

Vincent Garcia, a resident of Lucena City, said he is thankful for the policy, which he described as a "big help" when accessing medical services.

"The No Balance Billing and No Out-of-Pocket policy in public hospitals is a big help, especially for indigenous people like me, because we no longer have to pay anything when confined in public hospitals," Garcia said.

President Marcos said that this medical assistance is funded through the Medical Assistance to Indigent and Financially Incapacitated Patients (MAIFIP) program, the Philippine Charity Sweepstakes Office (PCSO), the Philippine Amusement and Gaming Corporation (PAGCOR), and allocations to DOH hospitals. More housing programs set for Calabarzon under expanded 4PH

By Anna Mole

Residents in the Calabarzon region can expect more housing programs as the Department of Human Settlements and Urban Development (DHSUD) continues to roll out additional projects under the expanded Pambansang Pabahay para sa Pilipino program (4PH) following President Ferdinand R. Marcos Jr.'s directive to provide decent shelter for every Filipino family.

Lawyer Richard Manila, Regional Director of DHSUD Calabarzon, has reaffirmed the government's strong commitment to accelerating housing development, particularly in fast-growing areas like Calabarzon.

"Calabarzon plays a vital role in the President's flagship program, the Pambansang Pabahay para sa Pilipino Program or 4PH. Recently, the program was expanded. Initially, it focused primarily on vertical developments, such as condominium-type housing but under the visionary leadership of our Secretary Jose Ramon Aliling, we are now broadening the program's modalities which will allow us

to cater to more of our fellow Filipinos and deliver a greater number of housing units across the country," Manila explained. The 4PH initiative aims to address the country's housing backlog by constructing 6 million housing units by 2028. In Calabarzon, several local government units have already partnered with DHSUD to begin or expand housing projects. These include large-scale in-city vertical housing developments in Silang, Bacoor City, Imus, Carmona and Trece Martires in Cavite, Alitagtag and Ibaan in Batangas, San Mateo, Rizal and Cabuyao City, Laguna.

Manila said 500 housing units have already been turned

over to beneficiaries in various sites across the region this year.

Meanwhile, an additional 15,015 units are in the final stages of construction and set for turnover in the coming months.

With the continuous rollout of the expanded 4PH program, DHSUD projects that this number could stretch up to 25,826 housing units in CALABARZON, reflecting an accelerated pace of development and greater regional coordination with LGUs and developers.

Manila stressed that the success of the expanded 4PH relies on the strong commitment of LGUs, which play a

vital role in identifying government land, issuing clearances, and facilitating permit processes.

"We have strengthened our relationship with local government units so that these programs can have more synergy and alignment. And not only with LGUs, we are also talking to the private sector so that they can help with the programs implemented by our present administration," he said.

The 4PH is aligned with the national goal of achieving zero informal settlers in urban areas by 2028, and ensuring that every Filipino family has access to safe, decent, and affordable shelter. (AM/PIA 4A)
