STT GDC investing \$1.56 billion for Quezon City, Cavite data Centers
Story by Brix Lelis
The data center arm of the Ayala Group has invested up to \$1.56 billion for the construction of new data hubs in Metro Manila and Cavite, banking on booming demand for digital infrastructure.
Ayala-backed ST Telemedia Global Data Centers (STT GDC) Philippines is on track to operate the 124-megawatt STT Fairview in Quezon City and the six-MW STT Cavite 2 later this year.
Asked about the investment, company president and CEO Carlo Malana estimated around “\$11-12 million” per MW to develop a greenfield data center facility.
“Usually, you’ll find data center costs are done in dollars per MW... It can be a little bit less; it can be a little bit more, depending on how big it goes,” Malana >> P2

Bacoor Youth Teams Meet Mayor Revilla Ahead of Nationals

Bacoor City, May 14, 2025 – In a show of strong local support for youth talent, Mayor Strike B. Revilla warmly welcomed Bacoor’s top student athletes and journalists preparing for prestigious national events. Guided by Dr. Babylyn Pambid of the Department of Education Bacoor, the city’s young representatives gathered for an encouraging meeting to boost morale and recognize their hard work.

The delegation includes athletes from Bacoor who will compete in the Palarong Pambansa in Ilocos from May 24 to June 2. Highlighted competitors are Eunice Cassandra Manara in swimming, Suuzie Mae Muelan in billiards, and Sandra Bautista in tennis. Accompanied by coaches Mr. Ariz Quiambao and Ms. Jenifer A. Torno, these students embody Bacoor’s athletic promise and determination on the national stage.

Alongside them are the city’s student journalists headed to the National School Press Conference (NSPC) in Vigan City. Bien Andy Galang from Soldiers Hills IV Elementary School and Sabina Mhae Castillo from Bacoor Senior High School will showcase their editorial writing skills, guided by coaches Ms. Jenalyn Castillo and Mr. Adrian James Olivio. Their participation underscores Bacoor’s commitment to nurturing academic and creative excellence.

Mayor Revilla praised both teams for their dedication and emphasized the city’s pride in their achievements, encouraging them to represent Bacoor with honor and passion. This meeting reflects Bacoor’s investment in developing the potential of its youth through sports, journalism, and education, fostering a strong community spirit as they prepare to compete at the highest levels nationwide.

PrimeWater deal’s fate << P1

(LWUA) is expected to release “anytime soon” its findings report on the investigation into PrimeWater’s alleged poor service. “Tandaan po natin, ang estimated po na sinasabing naapektuhan po ng hindi magandang serbisyo ng PrimeWater ay umaabot na po sa 16 million na katao so kailangan lang po talaga na ito’y mabilisang maaksyunan (Let’s remember, the estimated number of people affected by the poor service of PrimeWater is now 16 million, so we really need to take action quickly),” Castro said.

Bayan Muna Party-list and PrimeWater consumers on Thursday filed a formal complaint before Malacañang, calling for the cancellation of all joint venture agreements (JVAs) between the Villar family-owned private water utility firm and local water districts

around the country, citing widespread service failures and legal violations.

Based on the complaint addressed to President Ferdinand R. Marcos Jr., the group said the JVAs have resulted in frequent water interruptions, poor water quality, high rates, and unresponsive customer service in areas, including San Jose del Monte in Bulacan, Bacolod City, and the provinces of Quezon, Cavite, and Bukidnon.

Bayan Muna alleged that the JVAs, mostly entered into during the Duterte administration, are disadvantageous to the public and violate provisions of Presidential Decree 198, which granted operational control of water districts to their respective boards.

Asked if the Palace is open to calls to cancel the existing deal with PrimeWater, Castro said

Malacañang will have to wait for the results of the investigation launched following the directive of the President. “Kung meron pa pong mga tao na nagrereklamo, may mga ahensiya, may mga government agency na umaayon sa ginagawa ng Pangulo patungkol po sa pag-iimbestiga, particularly sa PrimeWater, iyan po ay ating wine-welcome dahil ibig sabihin, ang aksyon pong ginawa ng Pangulo ay hindi lamang po pamumulitika (If there are still people complaining, there are agencies, there are government agencies that agree with what the President is doing regarding the investigation, particularly in PrimeWater, that is welcome because it means that the action taken by the President is not just

politics),” Castro said. “Unang-una po, ang Pangulo at ang administrasyon ay naniniwala po sa due process. Hindi po tayong laging may kasabihang (First of all, the President and the administration believe in due process. We don’t always have the saying), ‘Cut the process’. So, aalamin po natin lahat, kung ano ba, kung may anomalya, kung ano ba yung pagkukulang, at kung anuman ang dapat ipahinto (So, we will find out everything, if there is an anomaly, if there is a deficiency, and if there is anything that should be stopped),” she added. Earlier, a House resolution was filed by the Makabayan bloc, calling for a congressional probe into the JVAs between PrimeWater and over 130 local water districts nationwide. (PNA)

told reporters yesterday. STT Fairview, which is poised to become the country’s largest data center, consists of four phases, with the first phase expected to be launched in the second quarter.

Malana said STT GDC Philippines is set to start the design of the second phase by “the end of this year.”

And to further expand its capacity, the company is also constructing its second facility in its data center campus in Cavite. This expansion brings its total data centers to seven.

These data center investments are expected to bolster the digital economy of the Philippines, Malana said.

“Once seen as a service hub, it’s now transforming into a strategic node for digital infrastructure, data connectivity and tech

innovation,” Malana said.

“This is where opportunity lives. This is where STT GDC Philippines builds the future – in a place full of promise,” he added.

STT GDC Philippines, a joint venture among Globe Telecom, Ayala Corp. (AC) and Singapore-based STT GDC, currently operates data centers across Metro Manila, Cavite and Davao, all powered by renewables.

Just last Wednesday, the data center builder signed a memorandum of agreement with AC and ACEN Corp. to jointly explore opportunities in the Philippine data center space. “Through this partnership, ACEN will explore initiatives to deliver renewable energy solutions to the growing data center demand in the country,” ACEN said in a stock exchange filing yesterday.

New 4PH housing project << P1

Situated on a 1.9-hectare property in Barangay Salinas I, the development is set to offer approximately 2,000 housing units.

Each unit will feature two bedrooms and will be offered at a package price of Php 1,800,000.00—a significant step toward addressing the housing backlog and improving the living conditions of Bacooreños.

In his message, Mayor Strike Revilla described the project as a “lifelong dream finally realized” for the city.

He extended heartfelt thanks to Secretary Acuzar, the Pag-IBIG Fund, and all government and private stakeholders whose collaboration made the project possible.

“This is more than a construction project. This is about building hope, dignity,

and opportunity for the people of Bacoor,” he said.

The event was attended by officials from the Department of Human Settlements and Urban Development (DHSUD), led by Undersecretary Avelino Tolentino III, who represented Secretary Jose Rizalino Acuzar. He was joined by Assistant Secretary Krsnadasi De Leon in officially launching

the project, which aims to transform lives through decent and affordable housing.

Revilla added that the Salinas-Bacoor housing initiative reflects the growing momentum of the 4PH Program, which seeks to build resilient and affordable communities for Filipino families across the country. (Ruel Francisco, PIA-Cavite)

Shopwise general manager Kerwin Legarde has expressed their excitement to offer a platform “where

people can bond, move and make memories together”.

Road closures and full race support will ensure the safety of the riders while strict bike rules -- excluding fixies and e-bikes -- keep the race fair and streamlined.

Eligible bikes include road, BMX, mountain, gravel and foldable types.

Princess Galura of organizing partner Sunrise Events Philippines stressed that the scale and planning behind the cycling event

reflect international standards. “With this kind of response and community enthusiasm, the bikefest is poised to become a staple in the Philippine sporting calendar,” she said in a statement. (PNA)

votes, confirming his strong mandate from Caviteños. His win marks the continuation of the Remulla family’s longstanding presence in Cavite politics. Abeng is the son of Justice Secretary Jesus Crispin Remulla and the nephew of Interior Secretary Jonvic Remulla, both of whom have also previously

served as governors of the province.

Alongside him, Ram Revilla Bautista was also proclaimed as vice governor after running unopposed. He garnered 1,178,445 votes, affirming his support across the province. The Revilla family’s political influence remains robust in

Cavite. Ram’s brother, Jolo Revilla, was re-elected as First District Representative, while their mother, Lani Mercado, secured another term as Second District Representative.

The Remulla and Revilla families’ political victories continue to shape the political landscape of

Cavite, a key province in Southern Luzon. This story was originally reported by GMA Integrated News.

SM Foundation Builds Better Classrooms in Tanza

In November 2020, amid the challenges of the COVID-19 pandemic, Punta Elementary School (PES)—one of the oldest schools in the booming town of Tanza, Cavite—marked a significant milestone. Through the SM Foundation’s School Building Program, in collaboration with SM Prime, the school received a new two-story, four-classroom building that addressed urgent space needs and created a more conducive environment for learning.

Nearly five years on, the building continues to serve as a vital space for students from Grades 3 to 6—many of whom once held classes in the school’s covered court due to overcrowding.

With a current student population of around 3,000—double the number before the turnover—the additional classrooms have helped ease congestion at Punta Elementary School, providing space for 55 to 60 learners per class and creating a more conducive learning environment for both students and teachers.

The School Building Program outfitted the classrooms with essential amenities such as electric fans, panoramic whiteboards, and chairs—including those designed for left-handed students—crafted by the Foundation of These-Abled Persons. To further support health and hygiene, the foundation also installed a 10-faucet handwashing station on the school grounds.

“When the room is

equipped with enough ventilation, learners will be able to concentrate more on their lessons rather than the heat. It may be a factor for a longer attention span, too. This isn’t actually just for my learners, but teachers like me also benefit from it,” Grade 6 teacher Xeladawn delos Reyes attested.

Delos Reyes also pointed out that as much as their learners are very adaptive and determined, addressing these needs will always be a part of their school’s list of priorities that ought to be fulfilled.

“Public schools frequently cater to a lot of children. And with SM Foundation school building here, the learners of PES have gained an edge. The addition of this facility provides not only convenience, but it saves time, too. Built-in comfort rooms spare a lot of time as students no longer have to ask for permission to go out

for bathroom breaks, which allows them to focus on the lessons,” Grade 3 teacher Leah Manato said.

According to Delos Reyes and Manato, the faculty’s primary considerations in seeking additional facilities were to improve ventilation and provide pupils with better learning spaces, ultimately enriching the children’s educational experience.

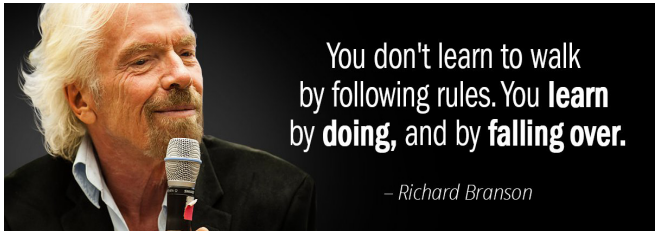

The building’s construction was finished despite the complexities of situations and uncertainties of the peri-

od. This year, the foundation rolled out the maintenance component of its School Building Program and green-lighted repainting and other further refurbishments such as the installation of a lavatory in each classroom, electric fans, whiteboards, and several left-handed friendly chairs - a move that not only ensured to restore the building’s prime but also put inclusivity and convenience into the picture.

Since joining the 88-year-old institution in August 2023—nearly three

years after the turnover of the new school building—PES principal Dr. Cynthia Cadua has worked closely with teachers and parents to ensure each learner receives the support they need. For her, the presence of a well-built, permanent structure serves as a reassuring symbol to students and parents alike that they can expect a positive and enriching learning experience the moment

they step onto campus. Since its inception, the SM Foundation School Building Program has turned over 110 school buildings nationwide. Through its construction and ongoing maintenance components, the program upholds the vision of its founder, Henry Sy, Sr., in harnessing the power of education to create equal opportunities for the youth and uplift communities.

Cavite’s New Leaders << P1

Trece Martires City. He was joined by his running mate, Ram Revilla Bautista—son of Senator Bong Revilla—who was proclaimed vice governor-elect.

In his speech to the media, Remulla acknowledged the political legacy of his and Bautista’s families, emphasizing the weight of public expectations and the commitment to forging their own identities in governance.

“We’re standing on the shoulders of giants. Our job here is to make sure we forge our own paths, create our own legacies, while taking into consideration the steps that our forefathers have done before,” Remulla stated.

The midterm elections, closely watched across the province, also saw the proclamation of all eight district representatives, a mix of incumbents and political scions:

- 1st District – Jolo Revilla
- 2nd District – Lani Mercado Revilla (reelected)
- 3rd District – AJ Advincula

- 4th District – Kiko Barzaga
- 5th District – Roy Loyola
- 6th District – Ony Ferrer
- 7th District – Ping Remulla
- 8th District – Aniela Tolentino

The ceremony, held with much anticipation and attended by supporters and local officials, capped off a generally peaceful election season in Cavite. The Revilla and Remulla families remain prominent figures in the province's political landscape, with younger generations now taking the helm.

The full list of winners signals continuity and consolidation of political influence among established Cavite clans, while also bringing in new faces poised to shape the province's direction in the coming years.

Karakol: Pusong Nagkakaisa sa Bacoor Town Fiesta 2025

Tuwing sasapit ang Pista ng Bayan sa Bacoor, isang natatanging tradisyon ang muling nabubuhay at inaabangan ng lahat—ang makulay at masiglang Karakol. Hindi lamang ito isang prusisyon o simpleng sayaw; ito ay isang malalim na pagpapahayag ng pananampalataya, debosyon, at pagkakaisa ng mga mamamayan ng Bacoor. Sa bawat hakbang at indak, ramdam ang pusong naglalagablab sa pagtangkilik sa Poong Maykapal, habang ang bawat kalahok ay sama-samang nag-aalay ng kanilang pasasalamat at panalangin. Ang Karakol ay puno ng kulay, musika, at saya. Ang mga nagdadala ng imahen ay sinasamahan

ng mga masiglang tugtog ng mga tradisyonal na instrumento, habang ang mga tao sa paligid ay nagbubunyi at sumasabay sa ritmo. Isa itong diwa ng bayanihan kung saan lahat, bata man o matanda, ay nagkakaisa sa isang layunin: ang ipagdiwang ang biyaya at proteksyon ng Poong Maykapal sa kanilang komunidad. Hindi rin pinapalampas ng lokal na pamahalaan ang kaligtasan ng lahat. Sa pangunguna ng Bacoor Disaster Risk Reduction & Management Office (BDRRMO), may mga standby Emergency Medical Services (EMS) na naka-asign sa buong ruta ng Karakol at sa mga pangunahing lugar ng pista. Sa ganitong

paraan, tinitiyak na ang lahat ng manonood at kalahok ay magiging ligtas at maayos ang pagdaraos ng mga aktibidad. Ang mga tagapagligtas ay handa agad na magbigay ng tulong sakaling may hindi inaasahang pangyayari, kaya ang bawat isa ay maaaring magdiwang nang buong kapayapaan ng isip.

Ang Bacoor Town Fiesta at ang makulay na Karakol ay hindi lamang selebrasyon; ito ay patunay ng matatag na pananampalataya at di-matawarang pagkakaisa ng mga Bacooreño. Sa bawat taon na pagdiriwang, nananatili ang diwa ng pagtutulongan at pagkakapit-bisig para sa mas maunlad at mapayapang bayan.

Abundance of Love: A Motherhood Art Exhibit

In a beautiful tribute to the timeless and unconditional love of mothers, the “Abundance of Love,” a Pearl and Painting Exhibit, officially opened its doors on May 9, 2025. Held at the elegant Lobby Lounge of Taal Vista Hotel in Tagaytay City, Cavite, this exhibit promises a heartfelt celebration of motherhood through the seamless fusion of art and elegance.

The opening ceremony was graced by Ms. Elinia Imelda Rozelle S. Sangalang, the Provincial Tourism Officer, who joined in the ribbon-cutting event that marked the beginning of this inspiring showcase. Her presence highlighted the importance of the exhibit in promoting cultural appreciation and honoring the special role of mothers in society.

Visitors to the exhibit are welcomed by an impressive array of artworks crafted by some of the most talented Artists of the South. Among the featured painters are Ms. Gail Suarez, Ms. Dexter Cinco, Ms. Mel Clemente, Mr. Harryn Torres, Ms. Kriszia Abato Estenzo, Ms. Angel Precious, Mr. Boyet D. Dreamer, Mr. Raiñer Duhaylungsod, Mr. EWA, and Mr. Dominic Escobar. Each artist brings their unique style and perspective, offering a variety of pieces that beautifully capture the nurturing spirit, strength, and enduring love that mothers embody.

Complementing the visual art is the exquisite collection from Ayla Pearls and Jewelry Philippines. Their elegant pearl creations are displayed throughout the exhibit, serving as a symbol of the unique beauty, grace, and timelessness that every mother holds. The lustrous pearls shine alongside the paintings, creating a harmonious blend of fine art and jewelry design that elevates the celebration of motherhood to a truly sophisticated level.

“Abundance of Love” invites guests to immerse themselves in this multisensory experience that pays homage to motherhood’s profound impact on families and communities. The exhibit not only highlights artistic excellence but also serves as a reminder of the deep appreciation and gratitude owed to mothers everywhere.

Open to the public, this exhibit at Taal Vista Hotel offers an inspiring and elegant venue to reflect on the beauty of maternal love—making it a must-visit for art enthusiasts, families, and anyone wishing to celebrate the irreplaceable bond between mother and child.

Bacooreños benefitted in another medical and dental mission.

On May 8, 2025, a total of 209 Bacooreños benefitted in the medical and dental mission program held at Brgy. Dulong Bayan, Bacoor City. The dedicated medical team of Office of the Provincial Health Officer provided basic medical consultation, dental check-up and tooth extraction. Likewise, medicines and vitamins were handed out to complement the services.

Free medical and dental care for Park Lane 1, General Trias residents

On May 6, 2025, the Provincial Government of Cavite held a successful medical and dental mission in Park Lane 1, in the City of General Trias. This event was organized to bring free healthcare services closer to the community.

A total of 300 residents came to receive free medical services, which included medical consultations, basic health check-ups, and free prescribed medicines. In addition, 71 individuals also received free dental care, including tooth extractions and oral health advice. Free mosquito repellents were also given out to help protect families from mosquito-borne diseases such as dengue.

Local officials of General Trias and health workers worked hand in hand to ensure that the event ran smoothly and was well-organized. Patients were guided through every step of the process, from registration to consultation and the distribution of medicines.

This activity is part of the Cavite Provincial Government’s ongoing efforts to improve the health and well-being of its people. The medical and dental mission in Park Lane I is a strong example of what can be achieved when the government and the community collaborate to promote health and wellness.—F. Tamio
