LT. GEN. CIRILITO E. SOBEJANA, Commanding General of the Philippine Army

Lt. Gen. Cirilito E. Sobejana, Commanding General of the Philippine Army, was the guest of honor and keynote speaker. Nena Mallari, PAPER.Ph corporate adviser and The Southern Tagalog Herald publisher, opened the program stressing the need for a media alliance that is inclusive of not only reporters, vloggers, and other stakeholders. She said that this is what former PAPER.Ph president and founding member, the late Abel Pablo, advocated, that is, to unite all media practitioners in the country. In his speech, Lt. Gen. Sobejana, a graduate of the

Study finds PH students lagging in 3Rs; Gatchalian underscores urgency in education reforms

A Southeast Asia-wide study on the learning outcomes of Grade 5 students showed that a large number of Filipino learners are not proficient enough in Reading, Writing, and Math to advance to secondary school. For Senator Win Gatchalian, this reiterates the urgency of rolling out basic education curriculum reforms that would boost Filipino learners' basic competencies. Results of the 2019 study Southeast Asia Primary Learning Metrics (SEA-

PLM) revealed that only 10 percent of Filipino learners have developed the proficiency in reading to allow their transition to secondary

Only those aged 15 to 65 years old will be allowed to enter shopping malls in Cavite, Governor Jonvic Remulla clarified on Friday as he apologized for making an earlier announcement on the age bracket permitted to enter these establishments. The governor issued the clarification after earlier say-

ing that minors aged 10 and above will be allowed inside malls as long as they are accompanied by their parents or guardians. He also said that senior citizens, or those aged 60 and above, may enter malls even without a companion. “First of all, allow

Manny Pacquiao Confirms Errol Spence Fight In 2021, Report Says

By John Tan

Errol Spence Jr. didn't name-drop any fighter he wants next after beating Danny Garcia. However, Manny Pacquiao has just volunteered himself.

Fight fans were delighted to see Spence back in action at the AT&T Stadium in Texas on Saturday as he took on Garcia in a welterweight title defense. The undefeated champ extended his flawless pro record by claiming a lopsided unanimous decision win over the Mexican-American boxer.

Despite incurring injuries from the tragic car crash back in October of last year, Spence showed no ring rust or any signs of ill effect for the entire 12 rounds.

After the decisive win, the 30-year-old did not spec-

MP Promotions president Sean Gibbons has confirmed to Kevin Iole of Yahoo Sports that the world's only eight-division titlist has now

set his sights on Spence for a welterweight title unification sometime next year.

“Just spoke to Sean [Gibbons] of MP Promotions,” Iole tweeted. “He said Senator Manny Pacquiao said he

Cavite formulates local tourism crisis management plan

TRECE MARTIRES CITY, Cavite, Dec. 10 (PIA) -- More than 60 tourism officers, planning coordinators, disaster risk reduction officers, and tourism stakeholders in the province virtually convened recently for the formulation of the local tourism crisis management plan.

The workshop aimed to address the need for synchronized actions and responses for economic recovery particularly with the tourism industry that was heavily affected by the COVID-19 pandemic.

In behalf of Governor Jonvic Remulla, Provincial Administrator for Community Affairs Alvin Mojica welcomed the participants and urged for a stronger public-private partnership towards business resiliency, especially for the hospitality and service industry.

Resource person Mr. Ramon Tiongco, Jr., Tourism Operations Officer, Planning and Standards Division of the Department of Tourism (DOT), with expertise on planning and information management system presented some planning tools and tasked participants to identify programs, projects and activities needed to achieve thematic outcomes or goals for tourism recovery and rehabilitation.

Several output from the tasks include securing livelihood and adequate social services to protect visitors and tourism workers; sustaining business operations to ensure business survival; building a more sustainable and resilient tourism industry through appropriate infrastructure and policy, and restoring the industry's confidence by en-

hanced marketing and product development.

During the workshop, the participants assessed the risks and came up with recommendations geared for the province's recovery and resiliency such as financial assistance, loan programs, technical and skills trainings, business opportunity plans, and establishment of tourist information centers, quarantine facility and tourism hotline.

Other speakers who gave additional inputs include: Provincial Epidemiology and Surveillance Unit Representative Dr. Nelson Soriano, underscored the importance of maintaining a health business operation and having a workplace coordinator for safety while Department of the Interior and Local Government (DILG) Provincial Director Lionel Dalope, highlighted the salient features of the IATF guidelines for tourism businesses.

Meanwhile, Department of Trade and Industry (DTI)-Cavite OIC-Provincial Director Revelyn Cortez, presented DTI's online training programs and webinars, including the Small Business Corporation (SB Corp.) loan assistance program that can help MSMEs and small tourism businesses recover.

Provincial Tourism Officer Rozelle Sangalang discussed data on the impact of the Taal Volcano eruption and the COVID-19 pandemic to the tourism industry in Cavite. Based on the reports and the regional assessment of the DOT, there's really an urgency to build public-private partnerships and linkages for crisis response and recov-

ery management; to develop guidelines and measures to promptly respond to any crisis situation and minimize the

impacts to the tourists and the destinations, thus the crafting of a Tourism Crisis Management Plan for the province.

Sangguniang Panlalawigan Chairperson for Committee on Tourism, Culture, Arts and Public Information, Board

Member Jeffrey Asistio, expressed his support to regain tourists' confidence and help rebuild the image of Cavite tourism. Asistio also revealed that he will soon launch his vlog featuring the unique culture and tourist attractions in the province through his Facebook page, Jeff Asistio-Official as a form of content marketing to help Cavite tourism bounce back.

Concluding the online workshop, Provincial Disaster Risk Reduction and Management Officer Eloisa Rozul imparted the key components to a sound crisis management plan which include knowing the risks and its impacts, plotting concrete activities, communicating with stakeholders and implementing the response plan. was impressed and thought Spence look good. Still has the fire to fight in 2021 and would like to take on Spence." After a spectacular comeback, Spence seemed to have convinced Pacquiao to set a date for his highly-anticipated ring return as well. Prior to his statement about his boss' plans, Gibbons previously revealed that "Pac-Man" has been busy helping

his fellow countrymen back in the Philippines.

"You know what, I wish I had something," the MP Promotions chief told Inquirer Philippines of Pacquiao's plans during last week. "The latest is, he's out helping the people of the Philippines, doing a great job during this pandemic." Aside from Pacquiao, Terence Crawford is another pugilist

in the 147-pound division who presents a strong case to be Spence's next foe.

Not only does an encounter between two of the best welterweights will determine the best fighter in the aforementioned weight class, but it will also be one of the most important title bouts in the sport today. The potential clash would unify three major belts in the welterweight

Spence's WBC and IBF straps as well as Crawford's WBO title.

However, things could still take a huge turn should Crawford and Pacquiao manage to make their much-awaited confrontation official. After the former's stoppage win over Kell Brook last Nov. 14, both men have agreed to face each other inside the squared-circle.

me to sincerely apologize as I take full responsibility for my announcement of the new mall policy last Dec 2 & 3," he said in a Facebook post.

"As of today December 4, only those ages 15 to 65 years old shall be permitted to enter the mall premises and mall hours shall remain the same," he added. Remulla

explained that he initially allowed a lower age bracket in malls after reading in news reports that the Inter-Agency Task Force on Emerging Infectious Diseases has allowed minors aged 15 and below and accompanied by their parents to enter shopping malls. However, Interior Secretary Eduardo Año later

said that minors are still prohibited from entering malls until local government units come up with their respective resolutions or ordinances.

"I was wrong to be too enthusiastic in the resumption of personal freedom for the people of Cavite.

I take full responsibility and I apologize," Remulla

said. He said that even if the rate of COVID-19 infection in Cavite has slowed down, the provincial government still has to follow the policies of the national government.

"Again, my apologies for such haste. I commit to being more prudent next time," Remulla said.

Philippine Military Academy Class of 1987 and a medal of valor recipient, cited the media's critical role in this time of pandemic as well as in curbing terrorism. He said, "We're not above you. We're not below you. We're side by side with you," emphasizing that the military needs a helping hand in combating terrorism and the Covid-19 pandemic. He praised journalists for their honest and balance reportage specifically in disseminating information related to the government troops campaign to end armed conflicts and atrocities. "Filipino journalists should practice ethic journalism, thus, resulting into an accurate and unbiased news gathered from reliable sources," he stressed.

Lt. Gen. Sobejana said

defending democratic principles is one of their top priority. He stated that he used to see media personnel suffer from oppression and tyranny but now, the so-called "fourth estate" serves as the truth-bearers for the country. "The media and the Philippine Army are quite the same. Both of us want transparency and accountability," the Army officer said. He assured that the Philippine Army strictly adheres to the rule of law and respects press freedom. "In behalf of the Philippine Army, we fully support PAPER.Ph and all media personnels," he said.

On the other hand, Board Member Angelica Jones Alarva of Laguna 3rd District reiterated that her priority is to help the provincial government ensure

health and safety of the constituents. She also expressed her admiration to all front liners, health practitioners and military personnel for their unwavering service to Filipinos.

Meanwhile, the New set of National officers of PAPER.Ph are as follows: National President: Ronjie Daquigan, Executive Vice President: Jude L. Briones, General Secretary: Joy V. Estrellado, General Treasurer: Zerryvi Octavio, General Auditor: Bonifacio Dacayanan and General Information Officer: Jerry Ancheta.

Daquigan, in his acceptance speech, compared their journey going to San Pablo City. "There are roadblocks, checkpoints, humps, unfinished roads, and many other obstructions that slowed

down our travel time but we arrived safely and successfully," he said.

Same with PAPER.Ph's journey, these obstructions that include amendment of our constitution and by-laws and many more challenges will slow our journey but we will succeed. Laguna Gov. Ramil L. Hernandez, Vice-Gov. Karen Agapay, Cong. Ruth Hernandez, Cong. Sol Aragones, San Pablo City Mayor Loreto "Amben" Amante, and Solcom chief Lt. Gen. Antonio Parlade, Jr. among others, through their representatives expressed support to PAPER.Ph's advocacies. The event was capped by a dinner at the Paseo de San Pablo sponsored by City Administrator Vicente B. Amante. (by Daniel Ian M. Aspre)

education. In Mathematics, it was only 17 percent. In terms of writing, only one percent could write cohesive texts with detailed ideas and a good range of appropriate vocabulary.

The SEA-PLM 2019 was conducted by the Southeast Asian Ministers of Education Organization (SEAMEO) and the United Nations Children's Fund (UNICEF). Six countries participated in the pen-and-paper large scale assessment. In the Philippines, there were 6,083 participants for this study.

According to Gatchalian, the results of this study reinforced the findings of the 2018 Programme for International Student Assessment

(PISA), which showed that out of 79 countries, the Philippines ranked lowest in Reading Comprehension and second lowest in Science and Mathematics.

"Lumalabas sa resulta ng SEA-PLM na lalo tayong dapat magsulong at magpatupad ng mga reporma sa ating sistema ng edukasyon--mula sa guro hanggang sa ating curriculum---upang masigurong natututo ang ating mga mag-aaral. Bagama't nasa kalagitnaan tayo ng krisis dahil sa pandemya ng COVID-19, lalo nating dapat isagawa ang mga repormang ito upang hindi lalong mapag-iwanan ang ating mga mag-aaral," said Gatchalian. As part of its national reform

program Sulong EduKalidad, the Department of Education (DepEd) is currently implementing a streamlined curriculum under the Most Essential Learning Competencies (MELCs) because of the COVID-19 pandemic. DepEd, however, is still conducting its curriculum review which is set to be completed by 2021. A congested curriculum is considered one of the reasons why learners cannot master basic competencies.

For Gatchalian, the goal of a streamlined curriculum is not simply an improved showing in national and international assessments. He emphasized that competencies required under the new

curriculum should have a sharper focus on promoting the 4Cs---critical thinking, creative thinking, collaboration, and communication.

The senator also emphasized the importance of reforming teacher education and training, noting that the quality of teachers and their education are basic inputs to improved learning outcomes.

To improve teacher education, Gatchalian filed Senate Bill No. 1887 or the Teacher Education Council Act, which seeks to strengthen the coordination between the DepEd and the Commission on Higher Education (CHED) to improve teacher education and training in the country.

BARZON sa mga magsasaka na appektado ng pagsabog ng Bulkang Taal noong Enero 2020 sa bayan ng Silang kamakailan.

Ayon sa DA CALABARZON, ang ipinamahaging mga sako ng fertilizer ay kinabibilangan ng 1,000 muriate of potash at 900 sako naman ng organic fertilizer.

"Ang interbensiyong ito ay bahagi ng Quick Response Fund ng regional office para sa mga magsasakang lubhang naapektuhan matapos ang pagsabog ng Bulkang Taal halos mag-iisang taon na," ayon pa sa DA CALABARZON.

Bunga nito, nagpahayag ng pagpapasalamat si Silang municipal agriculturist Ade-

lia V. Poblete sa DA CALABARZON lalong-lalo na kay Regional Director Arnel V. de Mesa sa patuloy na suporta sa mga magsasakang naapektuhan ng pagsabog ng Bulkang Taal. "Nakatakdang tumanggap pa kami ng

karagdagang sako ng muriate of potash at organic fertilizers mula sa DA upang mapamigay sa mga magsasaka at farmers associations sa Silang," sabi ni Poblete.

Sinabi ng DA CALABARZON na patuloy ang

pamahagi ng nabanggit na fertilizer, makipag-ugnayan lamang ang mga magsasakang benepisyaryo sa Silang Municipal Agriculture Office upang mabigyan ng tulong. (PIA-Cavite at ulat mula sa DA-4A RAFIS)

STATEMENT OF SENATOR RISA HONTIVEROS ON THE ARREST OF 332 ILLEGAL WORKERS IN TARLAC

The arrest of 300 illegal Chinese workers in Tarlac provides even more support to our key findings at the Senate probe into the 'pastillas' scam' and other POGO-related crimes. This one of the effects of the Bureau of Immigration's lax immigration policies, which are enabled by corrupt officials and personnel.

While I commend the BI for arresting these undocumented foreign workers, the clandestine operations that continue to facilitate and bankroll these illegal practices call for a complete overhaul of the agency.

How are more than 300 people able to enter our borders, land jobs, and stay here this whole time? What does this say about the databases and record keepers at the Bureau of Immigration and at the Philippine Amusement and Gaming Corporation?

I would also like to pose a challenge to the BI: look for and arrest more cases of illegal workers carrying out illegal online gambling activities not only in Tarlac, but also across the country, especially in enclaves where POGOs have been known to operate even amid a global pandemic.

As I have also manifested at our hearings at the Senate Committee on Women, Children, Family Relations and Gender Equality, our government must make the immigration process more airtight as the social cost of online gambling outweighs any economic benefits. Cybercrimes, kidnapping, prostitution, and petty crimes with established links to online gambling firms make Filipinos, especially women and children, vulnerable to abuse.

I reiterate my call for the termination of the dubious "Visa Upon Arrival" scheme. Instead of this VUA, Chinese visitors entering the country should apply for visas through channels monitored by the DFA.

Nearly 6M Filipinos register for nat'l ID

The Philippine Statistics Authority (PSA) on Wednesday said 5,788,615 low-income Filipinos have taken the first step of the registration phase for the Philippine identification system (PhilSys) amid some delays posed by the recent typhoons.

"We partnered with the Department of National Defense to transport our registration kits to the 32 provinces, but due to the recent typhoons and the resulting relief efforts, we are encountering minor delays," Assistant Secretary Rosalinda Bautista, Deputy National Statistician of the PhilSys Registry Office (PRO), said in a statement.

Bautista asked the public to understand the situation "as the delivery of assistance to those affected by the typhoon is of utmost importance."

She said the PSA has notified the registrants about the changes in schedules due to the unforeseen calamities.

"We have notified, via text message, the registrants who were set to undergo Step 2 registration from November 25 to 30 about the change in schedule. Barangay officials in registration areas were requested to inform their constituents," Bautista said. "Personnel from the Provincial Statistics Offices were also instructed to man the registration centers to inform registrants of developments, in case there are still some that will arrive at the registration sites."

Bautista earlier said the field works and ground operations for the PhilSys registration have been slowed down due to the onslaught of the typhoons, which hit some of the PSA's target areas for initial registration.

However, Bautista said the PhilSys registration is still on track.

The PSA reported that 89 percent of registrants have so far signified that they currently do not have bank accounts.

"This emphasizes the importance of ensuring the roll-

Ipinagmamalaking ibahagi ni Mayor Randy Salamat ang "Magsasaka Ahuy", isang agri-fair ng kanilang lokal na pamahalaan na parte ng "Alfonso Organiko Festival 2020", ngayong Disyembre 2020.

Ang "Magsasaka Ahuy" ay kasalukuyang ginaganap sa PUP - Alfonso hanggang sa darating na Linggo. Sinusupportahan nito ang mga lokal na magsasaka at kooperatiba ng naturang bayan.

Samantala, nagbigay paalala naman ang Alfonso Turismo sa mga nais na bumisita sa kanilang aktibidad, "Wear your masks and face shields. Bring your alcohol. Practice social distancing and enjoy these organic products!"

out of the country's national ID program, as one of the main hindrances to financial inclusion is the lack of formal identification," the PSA said.

The mass rollout of the PhilSys project allows more Filipinos to access basic banking services and make them less vulnerable to informal lending practices that charge heavy interest rates, the PSA added. The national identification will also help Filipinos access government and financial services.

The PSA said it will start the second phase of the PhilSys registration, which involves the capturing of biometric information such as fingerprints and iris scans, "once the required systems are fully functional and secured."

Among the major preparatory activities for Step 2 is the deployment of more than 4,000 registration kits to the target provinces, according to the PSA.

The third step of the registration is the issuance of a physical ID card stored with a 12-digit PhilSys number or personal serial number (PSN) and a 16-digit PhilSys card number (PCN). The PSA targets to register the majority of Filipinos by the end of 2022.

The PSA has started collecting demographic data from targeted low-income Filipinos in 664 cities and municipalities in 32 provinces identified as "low-risk" areas for coronavirus outbreak, including Ilocos Sur, La Union, Pangasinan, Cagayan, Isabela, Bataan, Bulacan, Nueva Ecija, Pampanga, Tarlac, Zambales, Batangas, Cavite, Laguna,

Quezon, Rizal, Albay, Camarines Sur, Masbate, Antique, Capiz, Iloilo, Negros Occidental, Bohol, Cebu, Negros Oriental, Leyte, Compostela Valley, Davao Del Norte, Davao Del Sur, Davao Occidental, and Tawi-Tawi.

Signed into law by President Rodrigo R. Duterte in August 2018, Republic Act 11055, or the Philippine Identification System Act, aims to establish a single national ID for all Filipinos and resident aliens.

The national ID shall be a valid proof of identity that shall be a means of simplifying public and private transactions, enrolment in schools, and the opening of bank accounts. It will also boost efficiency, especially in dealing with government services where people will only need to present the ID during transactions. (PNA)
