NGCP, nagbababala vs posibleng power shortage

Bacoor, Cavite – Nagbabala ang National Grid Corporation of the Philippines (NGCP) na posibleng magkaroon ng power shortage o kakulangan sa kuryente sa Luzon pag-sapit ng tag-init.

Sa isang pahayag, sinabi ng NGCP na inaasahang ninipis ang supply ng kuryente sa pagitan ng mga buwan ng Abril at Hunyo, kahit na may inaasahang parating na 700 megawatt (MW) capacity mula sa mga bagong power plants.

Batay sa datos ng Department of Energy (DOE), ang kabuuang system peak demand ay tinatayang aabot sa 12,285 MW para sa Luzon sa darating na buwan

ng Mayo. Ito ay nagbabadya ng increase o pagtaas ng 8.3 porsiyento mula sa aktuwal na 2019 peak demand na 11,244 MW. Ayon pa sa NGCP, ang mga regulator at mga awtoridad ay dapat tingnan at pag-aralang mabuti ang pagbabago o pagtaas ng peak demand at magplano ng mga paraang pansamantala man o pang-matagalang solusyon upang maiwasan

DOST rolls out 20 R&D outputs, services in 2020

By Allan Mauro V. Marfal, DOST-STII

The Department of Science and Technology (DOST) unveiled 20 research and development (R&D) outputs and scientific services that would provide innovative solutions to address some of the country's existing challenges and limitations in different sectors.

In a media conference held 20 February 2020 at the Hotel Jen in Pasay City, DOST Secretary Fortunato T. de la Peña introduced 20 programs, services, technologies, and innovations developed by DOST agencies and regional offices, together with various industry partners.

"The DOST would like to kick-off the year 2020 by featuring 20 of our programs and technologies that we

Peace and Order Council

In his message, the Governor cited the provincial government's continuing efforts to sustain peace and order in Cavite including the upcoming release of another batch of patrol vehicles for the PNP. He also mentioned the 430 M wi-fi connectivity project for Cavite targeting 20,000 access which will ultimately give way for the institution of the most comprehensive CCTV system in the entire province. He added the province is investing heavily and going after the bigger picture in line with the vision of a progressive and safer Cavite.

Updates on peace and order situation including police operations and accomplishments were reported by Provincial Director PCOL Marlon Santos of the Cavite Provincial Police Office. Internal security issues were presented by Col. Alex Santos Rillera, Commanding Officer of the 202nd Infantry Brigade emphasizing that indigenous people, labor sector and the youth remains the sources of recruits of the NPA. Meanwhile, road clearing status was explained by DILG PD Lionel Dalope, focusing on the Memo

Ladderized Training for Cooperatives Graduation held

Coop iCreate, a successful ladderized training for cooperatives provided by the Provincial Cooperative, Livelihood and Entrepreneurial Development Office (PCLEDO) reached its culmination when 12 participating coops

finished the last session and graduated with flying colors on February 18, 2020 at Aqua Mira Hotel and Resort, Sadle and Clubs Leisure Park, Tanza, Cavite. The training aims to identify potential entrepreneurs and provide

them with comprehensive support to establish and operate a competitive, profitable and sustainable business. The participants were partnered with the business coaches who later paneled them in the Business Plan

Presentation and recommended some strategies to improve participants' business plan. Panelists included Mr. Zandro Catacutan, Faculty Researcher, CvSU Main

Cavite Waterways of 28 Barangays, Submerged Garbage Cleared!

River marshals remove the submerged garbage along the waterways in Brgys. Zapote II and Tabing Dagat, Bacoor City.

After four months of massive efforts, all the submerged garbage along the waterways of 28 barangays in Cavite were already removed, a report from the Department of Environment and Natural Resources (DENR) CALABARZON says.

The removal of submerged garbage is a sub-project

under the first phase of the DENR's Manila Bay Rehabilitation Project a.k.a. "Battle for Manila Bay". The sub-project started in October 2019 and was completed in January 2020.

The DENR allotted P1-M budget for each of the 28 barangays. P600-K of which was allocated for the

clean-up of waterways and information drive, while the remaining P400-K was downloaded to the concerned local government unit for the hauling and transportation of collected waste to the sanitary landfills.

River marshals or "Bantay-Linis Ilog" were hired from among the locals to

conduct the daily clean-up activities and assess the wastewater being discharged to the waterways.

Other activities included in the sub-project were conduct of communication, education and public awareness campaigns on the Ecological

Kapag Inayos ang Pamumuhay, Maagang Mababanaag, Magandang Kinabukasan

Abot-Kamay "Bata...Ano ang gusto mo paglaki?" Nais mo ba na maging isang tanyag na doktor, guro, nars, pulis, abugado, Inhenyero o business man? Kapag naisip mo ang mga bagay na ito, Tama 'yan! Huwag limitahan ang iyong sarili. Mangarap ka kabataan. Bawat sanggol na isinilang ay may kakambal na kapalaran. Ngunit hindi ito agad masisilayan lalo na sa murang isipan. Kinakailangan mo ng tulong magulang at guro, dahil sa pamamagitan nila malilinan ang kaalaman at mahuhubog ang kakayahan, hanggang sa ika'y sumibol sa tamang panahon na kaya mo nang harapin ang buhay. Palaisipan sa buhay mo ngayon kung maging matagumpay ka. Sa araw araw na ginawa ng Diyos, ang mundo na iyong ginagalawan ay may kaakibat na pagpasan ng mabigat na responsibilidad bilang isang estudyante. Pagising ng maaga, sangkatutak na proyekto, walang kamatayang assignments, nakakabaliw na exams na hindi nga mo alam kung saan ka kukuha ng isasagot, nakakalulang formulas, napakaraming i-memorize at sunod sunod na report. Dagdag pa ang peer pressure, tungkulin sa pamilya at pagsunod sa tagubilin at batas. Lahat ng ito ay nangangailangan ng iyong atensyon. Pagod...Puyat...o kahirapan man ay 'di makapagpipigil sa iyo upang makamit ang iyong pang-arap. Tandaan mo ang kasabihan, "knowledge will give you power, being lazy will make you a slave." Magsikap ka Lang kabataan. Nasa Diyos ang awa, nasa tao ang gawa. Kumilos ka at biniyayaan ka ng langit sa iyong paghihirap. Walang imposible kahit ikaw ay ipinganak na mahirap. Nakukuha 'yan sa sipag at tiyaga. Manalangin ka sa MayKapal at mag debosyon sa Mahal na Birhen Maria. Mapapagaan at mapapadali ang iyong paglalakbay tungo sa iyong kinabukasan. Mamulat ka rin kabataan sa pangangailangan ng lipunan. Wika nga Ni Dr. Jose Rizal na, "Ang kabataan ang pag-asa ng bayan." Ngunit, higit pa diyan ayon kay St. John Paul II, "Ang kabataan ang pag-asa ng simbahan." Maraming umaasa sa iyo. Maging mapagmasid, mapanuri, at makibaka. Ikaw ang may hawak ng kapalaran mo, abot kamay mo na. Maka-kaasa ba kami sa iyo? Kapag napariwara, patutoong iba ang iyong ginawa. (DrDLR)

NGCP, nagbabala... from P1

ang lumalaking pangangailangan sa kuryente o power consumption trends upang mapagtuunan ng pansin at solusyon problema sa supply ng kuryente sa paparating na summer season, sinabi

ni Energy secretary na ang kanyang ahensya ay nakipagpulong na sa mga energy firms. Matatandaan na ang presyo o rate ng kuryente nitong Pebrero 2020 ay P3.47 per kwh, na mas mababa kesa sa P4.33 per kwh noong Pebrero 2019.

20 Technologies for 2020

Feb 20, 2020 was a chosen date and so significant as well. For it was on this day that the Department of Science and Technology (DOST) launches the 20 Technologies for 2020. Jen Hotel. In Pasay was the venue of this special day where relevant information on 20 new programs for this current year of DOST on services activities and research & development are funded by the different agencies and regl offices.

S&T Secretary Fortunato Tansco, dela Pena said "these 20 R&D projects encompass a wide range of fields where science, technology, and innovation can make a big difference in the country's socio-economic development. The areas covered

DOST rolls out... from P1

believe can make a big impact in the lives of our countrymen and push our country to attain socioeconomic growth and development," said DOST Sec. de la Pena.

Called "Big 20 in 2020", the DOST is set to spearhead a series of technology launches and events for the entire year. The said technology launches will highlight the practical benefits of various R&D outputs and scientific services, particularly in the areas of agriculture, enterprise technology, space science, genomics, mass

transportation, development of smart cities, health and nutrition, disaster preparedness, nuclear technology, among others.

The Secretary emphasized that while technology remains the driving force of any developed economy, it is a must for the Philippines to develop more technologies that can help improve people's lives. Among the 20 R&D outputs unveiled by the DOST is the possible launch this year of two locally-built nanosatellites, an anti-dengue drug and biomedical devices, a 12-horsepower single cylinder diesel engine, and

in this catalogue are health and nutrition, the development of microsatellites, convergence of art and science, textile, weather monitoring, tissue culture planting, transportation, rural development, and science education. The honorable Secretary also disclosed that technology remains the driving force of any developed economy. The honorable Secretary also disclosed that technology remains the driving force of any developed economy that can help improve. One scope of the 20 new technologies discussed in the launching is the Automated Guideway Transit for Bataan.

To spur economic development the present administration has set forth its mission for additional growth by maximizing the use of locally developed technologies in the areas of agriculture, health, enterprise development, information and communication technology, emerging industries, nano technology, human capital development, artificial intelligence, disaster risk reduction and management. The government as a whole and the DOST as an initiator have that Moral responsibility in providing the best service to every Filipino so the Philippines as a nation will attain needed development, growth and prosperity. (DrDLR)

an automated guideway transit for Bataan.

Also presented was a program called Understanding Lightning and Thunderstorms for Extreme Weather and Monitoring and Information Sharing or ULAT, a comprehensive program on nutrition, and a partnership between the DOST and the Department of National Defense. There will also be a nationwide tissue-cultured coconut planting day, the maiden voyage of a hybrid trimaran, launching of a "Science for the People" book series, a concert using bamboo musical instruments, the launch of several DOST-enabled smart cities, and an exposition on innovations in

disaster risk reduction and response.

Several DOST facilities are lined up to start offering services this year including the country's first fully automated gamma irradiation facility, a Regional Yarn Production and Innovation Center in Miagao, Iloilo, a tissue-cultured laboratory for ornamental plants in Bulacan, opening of various science discovery centers, the Philippine Genome Center in Visayas, and several laboratories including metrology laboratories in chemistry and biology, simulation packaging testing and green packaging laboratories, and a modular multi-industry innovation facility.

Cavite waterways... from P1

Solid Waste Management Act; conduct of livelihood training on the conversion of solid waste into income-generating projects including composting and vertical gardening; fabrication and installation of informative signages; and monitoring of unlawful acts like disposal of wastes into waterways.

DENR Manila Bay Coordinating Office - Cavite Site Manager, Judaline Fabro said some garbage coming from other parts of the Manila Bay region accumulate in the 28 barangays whenever high tide occurs. "Nonetheless, the concerned barangay government units pledged to continue the clean-up even after the end of their contract with the DENR", she added.

Balik Scientist, isinusulong ang pangisdaan sa pamamagitan ng 'aquaponics'

Isang maliit na bersyon ng sistema ng aquaponics ang ipinamamalas sa University of the Philippines Diliman-Institute of Biology (UP-IB). Ito ay upang ipakita kung paano nagiging epektibo ang sistema ng 'floating' at 'media bed' aquaponics.

Ito ay pinangunahan ni Dr. Wenresti G. Gallardo, isang Balik Scientist at dalubhasa sa larangan ng 'aquaculture' at 'marine science.' Bahagi si Dr. Gallardo ng Balik Scientist Program (BSP) ng Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development ng Department of Science and Technology (DOST-PCAARRD).

Ang aquaponics ay isang sistema ng pangisdaan na mapananatili o sustainable dahil sabay nito inaalagaan ang tanim na gulay at isda. Nag-sisilbing pagkain ng gulay ang duming inilalabas ng mga isda, samantalang nililinis naman ng ugat ng gulay ang tubig.

Natutugunan ng inisyatibo ni Dr. Gallardo ang mga hamon ng kapaligiran katulad ng polusyon na naiuugnay sa aquaculture sanhi ng 'overstocking' at 'overfeeding' sa mga pasilidad kung saan nag-aalaga at nagpaparami ng isda. Suportado ng UP-Natural Science Research and Institute (UP-NSRI) ang inisyatibong ito ni Dr. Gallardo.

Si Dr. Gallardo ay isang Associate Professor sa Sultan Qaboos University, Oman, kung saan sa loob ng apat na taon ay matagumpay nyang naparami ang iba't ibang halaman kasama ang tilapia at koi carp sa pamamagitan ng aquaponics. Ayon sa kanya, hindi gumagamit ng abono o pestisidyo ang aquaponics at hindi rin ito nakakalikha ng 'waste water.' Maaari rin itong magawa sa mga lugar na hindi akma para sa tradisyunal na pagtatanim.

Layunin ni Dr. Gallardo na makatulong sa mga magsasaka, sa mga taong nakatira sa mga lungsod, sa mga gustong matuto ng aquaponics, at mga nais makatulong sa pagpapanatili ng kapaligiran kasabay ng pagkakaroon ng karagdang kita at suplay ng gulay at isda (Michelle P. Caparas; Isinalin sa Filipino ni Rose Anne M. Aya, DOST-PCAARRD S&T Media Services).

DESCRIPTION:

Isang maliit na bersyon ng sistema ng aquaponics ang ipinamamalas sa University of the Philippines Diliman-Institute of Biology (UP-ID). Ito ay upang ipakita kung paano nagiging epektibo ang sistema ng 'floating' at 'media bed' aquaponics.

CPPOC, PADAC HOLDS 1ST QUARTER JOINT MEETING

Members of the Cavite Provincial Peace and Order Council (CPPOC) and the Provincial Anti-Drug Abuse Council (PADAC) convened in the 1st Quarter Joint Meeting of CPPOC and PADAC at The Bayleaf Hotel in General Trias on February 21, 2020 chaired by Governor Jonvic Remulla.

During the meeting, Anti-Drug Abuse Council Markers were awarded to the cities and municipalities of the province in recognition of their exemplary effort in the performance of duties in complementing the national government's anti-illegal drug campaign. Department of the Interior and Local Government (DILG)-Cavite Provincial Director Lionel L. Dalope led the awarding rites together with Governor Remulla and some mayors of awardee LGUs including Mendez Mayor Fredderick Vida, GMA Mayor Walter Echevarria, Ternate Mayor Lamberto Bambao, General Emilio Aguinaldo Mayor Nelia Angeles, Tanza Mayor Yuri Pacumio, Naic Mayor Junio Dualan and Silang Mayor Corie Poblete.

PD Dalope also congratulated the Cavite LGUs and the province for passing the 2019 Good Financial Housekeeping. Likewise, he announced the appointment of Gov. Remulla as Chairperson of the Regional

Proyekto ng Carrageenan PGP para sa palay at mais, matatapos na

Nagsagawa kamakailan ng 'pre-terminal review' ang Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development ng Department of Science and Technology (DOST-PCAARRD) para sa proyektong, "Field Verification Testing of Carrageenan Plant Growth Promoter (PGP) for Enhanced Growth and Induced Pest and Disease Resistance in Rice and Corn." Layon ng aktibidad na tasáhin ang mga resulta ng proyekto mula sa kolaborasyon ng pitong rehiyon bil-

ang tugon sa nalalapit nitong pagtatapos.

Idinaos ang pre-terminal review sa PCAARRD noong ika-14 ng Nobyembre 2019. Dinaluhan ito ng mga pangunahing opisyal at mananaliksik mula sa National Crop Protection Center (NCP-C)-University of the Philippines Los Baños (UPLB), ang pangunahing ahensyang nagsasagawa ng proyekto. Kasama rin ang pangkat na nagsusubaybay at nagsusuri mula sa DOST-PCAARRD, sa pangunguna ng Crops Research Division (CRD), pati

na rin ang 'regional project coordinators,' kasama ang kanilang mga kawani, at mga kinatawan ng Accounting unit ng Department of Agriculture (DA) Regions 1, 2, 3, 4A, 6, 9, at 11; at DOST Regions 1, 2, 3, 4A, 6, 9, at 11.

Ang Carrageenan PGP para sa palay at mais ay

isang proyektong isinagawa sa pamamagitan ng kolaborasyon ng DA, DOST, at DOST-PCAARRD.

Ibinahagi ni Dr. Gil L. Magsino, Director at Project Leader mula NCP-C-UPLB, ang 'consolidated report' ng pitong ahensyang panrehiyon na kabilang sa proyekto. Iniulat niya ang 25% pagtaas ng ani ng palay noong 'wet season' ng 2018 sa Region 6 at 34% namang pagtaas ng ani ng palay noong 'dry season' ng 2019 sa Region 9.

Ayon kay Engr. Mahmud L. Kingking, project coordinator ng Region 9, pambihira ang resulta ng pagsubok ng teknolohiya sa kanilang rehiyon sapagkat karamihan ng mga taniman ng palay ay nag-ulat ng magandang resulta sa tibay at ani ng kanilang mga pananim. Nabanggit din niya ang mahusay na dokumentasyon ng pagtaas ng ani at pagiging epektibo ng Carrageenan PGP batay sa persepsyon ng mga magsasaka.

PHO SUPPORTS RHU'S HEALTH CARAVAN FOR PDL

The local government of Gen. Mariano Alvarez through its Rural Health Unit conducted a health caravan for Persons Deprived of Liberty (PDL) dubbed as "Puso para sa Bilanggo" in cooperation with the Provincial Health Office on February 14, 2020 at BJMP, GMA.

Health activities include medical and skin disease consultation, dental check-up and HIV counselling and screening rendered by the

medical professionals from the RHU headed by Dr. Eduardo C. Alcasid and the Provincial Health Office for the benefit of 231 PDL who availed the free health services.

Municipal Mayor Walter D. Echevarria, Jr. and Vice Mayor Maricel E. Torres were present at the event and expressed their message of support to the program which was done for five consecutive years.--- PICAD

Pinuri naman ni Dr. Emelyn P. Flores, project coordinator ng Region 6, ang epektibong kolaborasyon ng DA at mga ahensya ng DOST na nagresulta sa maayos na implementasyon ng proyekto sa mga rehiyon.

Bilang resulta ng pagsasagawa ng aktibidad, nangkaiko at nagpahayag ng suporta ang mga kalahok na ahensya na tugunan ang mga nalal-

abi pa sa pagbubuo ng mga kinakailangang 'technical at financial report.' Nagsilbi rin itong pagkakataon para i-pinalisa ang datos at mga resulta na nagpapakita ng bisa ng teknolohiya sa pagpapabuti ng buhay ng mga Pilipinong nagsasaka ng palay (Ma. Rosalie E. Lanceras; Inisalin sa Filipino ni Catherine Bucu-Flores, DOST-PCAARRD S&T Media Services)
