Top off P7.5 B immunization budget with funds to fight fake news

Government should “top off” the proposed P7.5 billion national immunization budget for 2020 with funds for an information campaign that will roll back fake news-triggered “vaccine hesitancy” among parents.

The proposal was made by Senate President Pro Tempore Ralph Recto, who said that life-saving vaccinations “should also be inoculated against wrong information.”

“Allocating funds for the purchase of vaccines is no longer enough. It should be paired with a creative information drive that will assure parents that vaccines are safe and important,” Recto said.

“Kailangan ng gamot laban sa haka-haka at maling impormasyon. We should not lose the info wars against the superstition that vaccines are bad for kids,” Recto said.

Recto said the immunization rate for all types of vaccines for children plunged to a low 66% last year, from a target 95% which is the accepted minimum ideal rate.

“If you extrapolate this, hundreds of thousands of children who should be immunized were not,” Recto said.

The result, he said, is the Philippines landing 3rd in the highest number of measles cases globally. The number of cases had tripled and deaths had quadrupled over the past 7 months.

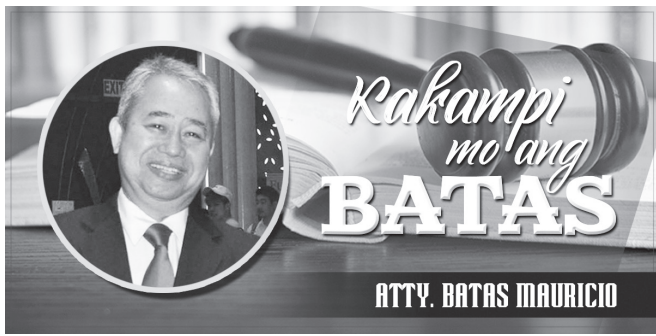

“Di nakapagtataka kung ang national immunization rate sharply declined to just 40 percent in the early months of this year,” Recto said.

Next year’s budget for the national immunization program of the Department of Health is P7.543 billion, P5 million lower than this year’s.

It aims to provide 2.7 million infants with vaccines against TB, Hepa B, Diphtheria, Pertussis, Tetanus, Polio, Measles, Rubella, and Influenza.

Two million infants will also be given pneumonia vaccines.

ANG LUMALAKAD SA LIWANAG AY LAGING LIGTAS

INSPIRASYON SA BUHAY: "... Mga lingkod ng Panginoon ay dakila't mararangal! Sila'y nagmumula sa iba't ibang bayan; ligaya ng sarili ang sila'y aking makapisan..." (Mga Awit 16:3, Bibliya).

-000-

ANG LUMALAKAD SA LIWANAG AY LAGING LIGTAS: Salamat sa Diyos sa Ngalan Niyang Jesus! Ayon po sa 1 Juan 1:7, kung mananatili ang mga mananampalataya sa liwanag gaya ng ang Diyos ay nasa liwanag, nakikipag-isa Siya sa kanila, at ang dugo ng ating Diyos at Tagapagligtas na ang Pangalan ay Jesus ay patuloy na lumilinis sa kanilang mga kasalanan.

Ito po ay isang napakagandang balita para sa lahat

ng mga mananampalataya. Ito po ay paniniyak sa kanila na habang sila ay nananatiling naniniwala na si Jesus ang Diyos at Tagapagligtas, patuloy silang inililigtas ng dugo ni Jesus mula sa kanilang mga kasalanan, at inihahanda niya sila sa buhay na walang hanggan sa Paraiso.

Batay dito, ano po ba ang dapat gawin upang makatiyak ang mga mananampalataya na nananatili sila sa liwanag ng Diyos? Una po, lagi nating aalalahanin kung paano nagiging anak ng Diyos ang isang tao.

-000-

PAANO BA NAGIGING ANAK NG DIYOS ANG ISANG TAO? Paano na nga po ba? Ayon sa Juan 1:12, ang key letters po ay "T" at "S" o yun lamang mga TUMANGGAP at SUMAMPALATAYA na si Jesus ang Diyos at Tagapagligtas at Siyang Diyos Ama, Anak, at Espiritu Santo ang mga nagiging anak ng Diyos.

Pero, di po natatapos doon ang pagiging anak ng Diyos ng isang tao. Matapos nating tanggapin at sampalatayaan si Jesus bilang ating Diyos at Tagapagligtas, may mga gawaing dapat nating gawin.

Ano po ang mga gawaing ito? Pangunahin po dito ay ang sinasabi ng Josue 1:8: huwag nating kaliligta-ang basahin ang Bibliya araw-araw; bulay-bulayin, limi-limiin, pag-aralan natin ito araw at gabi; at tuparin ang mga utos doon sa lahat ng sandali.

-000-

PAGBABAGO SA PAGKATAO NG MGA SUMUSUNOD SA UTOS NG DIYOS: Kung gagawin natin ang tagubilin ito ng Josue 1:8, mag-uumpisa tayong lumakad sa liwanag ng Diyos. Nalalaman na natin ang Kanyang mga utos at tuntunin, at natututo tayong sumunod at tumupad sa mga ito.

-000-

Dahil diyan, iniwanan natin ang ating makasalang pagkatao. Tumitigil tayo sa paggawa ng kasalanan, katiwalian at kasamaan. Hindi na tayo tsismoso o tsismosa, hindi na tayo suwail at walang galang sa magulang, hindi na tayo nakikiapid, hindi na tayo nagagalit, hindi na tayo bastos. In short, hindi na tayo masama.

Dahil tayo ay lumalakad na sa liwanag ng Diyos, nagiging maunawain tayo, matiyaga at mapagpasiya, marunong ng mahiya, magalang lalo na sa mga magulang, sa matatanda, at sa mga namumuno sa ating Simbahan. Tayo din ay nagiging masayahin, mapagmahal, mapagpakumbaba sa Diyos at sa ating kapwa.

DOST, PayMaya partnership a win-win for OneStore.ph clients, merchants

Top-off P7.5B / from P1

The Department of Science and Technology adds another on-line payment solution provider to its payment channel partners for OneStore.ph as it signs a partnership agreement with PayMaya. The Memorandum of Understanding (MOU) signing was led by DOST Secretary Fortunato T. de la Peña (third from right) and PayMaya Founder and CEO Orlando B. Veja (third from left). The MOU signing was witnessed by (from left to right) Mar Lazaro, director and head of PayMaya Business, PayMaya President Shailesh Baidwan, DOST Undersecretary for Regional Operations Dr. Brenda L. Nazareth-Manzano, and DOST Region II Director Engr Sancho A. Mabborang. (Text by Sheila Marie Anne J. de Luna, Photo by Henry A. de Leon, DOST-STII)

A payment solution that will make online purchases easier and more convenient for both customers and merchants has been added to OneStore.ph, the Department of Science and Technology's (DOST) e-commerce platform for all DOST-assisted products.

The DOST signed up online payment solutions provider PayMaya to be its newest payment channel partner. The partnership is expected to enhance OneStore.ph's online market platform to accept payments for credit, debit, and with a prepaid card or e-wallet like PayMaya.

With the partnership, PayMaya will provide end-to-end payment solutions for OneStore through online store gateway checkout.

"PayMaya does the end-to-end acquiring service for DOST—we process the payment, we do fraud management, and we provide the resettlement solution for DOST," said Ma. Rocielo B. Nunez, digital portfolio manager of PayMaya Business.

Another advantage of the PayMaya's integration in OneStore is that it makes it faster for merchants to receive settlement for their products—just a day after purchase. Currently, it takes about two months to disburse the sales from OneStore.ph to their over 500 merchants. With PayMaya Checkout, settlement of payment for merchants can be shortened to next day after the transaction.

"What we are doing right now is we are providing them with a disbursement solution so that DOST can receive the settlement [for the transaction] and process the settlement for its merchants in real-time the next day so that they do no longer have to wait for two months," added Nunez.

Launched in 2017 and developed together with the Department of Trade and Industry, OneStore is the DOST's marketing platform that helps micro, small, and medium enterprises (MS-

MEs) expand their market reach through presence in the digital space.

Products featured at OneStore are from MSMEs that were assisted by the DOST through its Small Enterprises Technology Upgrading Program or SETUP.

"We have been helping micro, small, and medium enterprises to enable them to adopt technological improvements mainly by improving the technology that they use, by giving them access to new equipment, hardware, and software. This has significantly improved their productivity, remarkably expanded their market, grew their employment figures, and of course, increased their incomes," said DOST Secretary Fortunato T. de la Peña.

The DOST chief further explained that even with well-established marketing platforms, the DOST has decided to put up its own e-commerce platform for the MSMEs that they have been assisting.

"Definitely, the payment system (PayMaya) will help a lot. It will help our clients—the merchants—and even the buyers do their purchases more conveniently," added Sec. de la Peña.

PayMaya's Founder and CEO Orlando B. Veja hailed the partnership with DOST and expressed hope that it will really enable DOST to bring technology to MSMEs.

"Being partners with DOST confers a certain validation on the technology that we offer. We think that we can enable not only government but the private sector in the payments processing space," said Veja.

The PayMaya partnership also opens up other avenues for the two organizations to work together as PayMaya also offers to provide disbursement solutions for OneLab and OneStore hubs.

OneLab is a digital platform for a network of laboratories to provide a referral system for convenient and easy access to laboratory testing and calibration ser-

vices. Meanwhile, OneStore hubs are the physical stores for OneStore.ph merchandise, which are currently located in 21 sites nationwide.

"For OneLab we are also offering payment gateway checkout and for OneStore hubs we're offering our POS (point-of-sale) terminals that are portable, wi-fi enabled, and have their own SIM cards for data," explained Nunez. This will enable OneStore hubs to accept card payments instead of just cash.

Aside from that, Nunez

added that PayMaya would also like to provide QR codes to OneStore hubs so they can accept QR payments. A QR code (Quick Response code) is a machine-readable code that can be read by the camera on a smart phone, while a QR payment is done by scanning a QR code from a mobile application.

Other areas for partnership between DOST and PayMaya is the possible application of PayMaya payment systems for the Hybrid Electric Train and for disbursing allowances to DOST

scholars. PayMaya now joins other third party solutions for OneStore.ph that include 2GO, AIR21, Shopinas.com, Landbank of the Philippines, Dragonpay, and Black Arrow. The MOU ceremonial signing and partnership launching was held 13 August 2019 at the Launchpad Building in Mandaluyong City.

For other children, 2.4 million Grade 1 and 1.9 million Grade 7 students will be given Tetanus-Diphtheria and Measles-Rubella vaccines

The program also covers pregnant women, with 2.7 million getting a Tetanus vaccine.

Two million senior citizens will be administered Influenza vaccine, while 500,000 units of Pneumococcal vaccine will also be readied.

Two of the major problems cited were the conflict during the testing and screening and the referral system after the patient was diagnosed reactive. It was attended by the municipal and city

health officers, HIV program coordinator and nurses, members of POZ Cavite Support Group Incorporated (PCSGI) and members of the Provincial HIV Council. BM Salazar promised that as chairperson of the committee on health, he will utilize his term to improve the healthcare and nutrition program in the province to achieve a healthy and livable Cavite. Highlight of the meeting was the presentation of the accomplishments of the Provincial HIV Program where Ms. Haydelisa Maderazo reported that they have conducted HIV awareness campaign to senior high school students from different schools in the province, out of school youths and employees of private companies from September 2018 – August 2019.
