

LGU IMUS INAUGURATES NEW CITY POLICE STATION

The city government here inaugurated the new Imus City Police Station located at Pedro Reyes St., in Barangay Malagasang I-G, Friday, September 4, 2020. Imus City Mayor Emmanuel L. Maliksi together with special guest Police Regional Office (PRO) 4A (CALABARZON) Regional Director PGen. Vicente Danao, Jr. led the significant event.

The city government continuously supports the Imus City PNP and highly appreciate their dedication and efforts to keep the peace and order in the city.

"Amid the crisis that we are facing today, the PNP is one of our partners to widen the reach of

LRT-1 Cavite Extension project 40% complete

Although community quarantine is still in place, the Light Rail Manila Corporation (LRMC) has continued building its USD\$1.25 billion, 11.7-kilometer LRT-1 Cavite Extension project.

Since the start of the civil works in September 2019, LRMC has completed 40% of the project aspects within its scope to date.

With the project now in full swing, LRMC is temporarily closing the south-

bound lane along CAVITEX near the Paranaque bridge from September 15 until December 15, 2020.

This will allow Maynilad to relocate its pipes required for the construction in the area, a follow-through of the test pit works (bridge and pipe inspection) conducted in the same area four months ago. To date, LRMC has completed the pre-cast yard and

Mega quarantine facility for COVID patients completed in Cavite

The Department of Public Works and Highways (DPWH) has completed a 151-bed mega quarantine facility for COVID-19 patients in Carmona, Cavite.

Located in Barangay Lantic, DPWH Secretary Mark A. Villar said that the mega isolation facility will "facilitate treatment and care of COVID-19 patients from Carmona and other parts of the industrial zone of Region 4-A (Cavite, Laguna, Batangas, Rizal, and Quezon area)." The project was su-

pervised by the DPWH Task Force to Facilitate Augmentation of National and Local Health Facilities which was created to address the needed health system facilities to decongest hospitals as part of the government's efforts in battling the pandemic.

LGU Imus inaugurates new << P1

the local government's programs and to ensure the safety and security of the people of Imus," Mayor Maliksi said. Despite the ongoing pandemic, the Imus PNP had conducted 128 operations that resulted to 335 arrests.

Aside from their peace keeping program Oplan Sita, the Imus City Police force had provided other services especially during this health emergency crisis like the distribution and provision of relief packs to 206 beneficiaries thru their "Kapwa Ko, Sagot Ko" program.

Likewise, the Imus PNP had provided free transportation with the "Hatid Tulong" program in which 13 residents availed of the program while 55 commuters took advantage of the "Libreng Sakay."

The PNP personnel had kept the city safe during the community quarantine by manning the check-points located in strategic areas in the city and roaming the city streets to monitor the movements of the residents to contain the spread of the COVID-19 disease, and also tasked to validate the applications for the issuance of Travel Authorities for the Locally Stranded Individuals.

The above-mentioned programs and initiatives were just some of the services the Imus City PNP had undertaken in support for the local government's massive campaign to keep the city safe to live in.

Imus PNP is headed by PLtCol. Gerald S. Dee with a full staff of 150 personnel composed of seven

(7) Police Commissioned Officers (PCO), 137 Police Non-Commissioned Officers (PNCO), and six (6) Non-Uniformed Personnel (NUP). Currently, the Imus PNP has 7 Police Outposts located in Barangays Tandang Luma 1, Mariano Espeleta 2, Anabu 1-A, Bucandala 3, Malagasang 2-A, Buhay na Tubig at Alapan 2-A. Carmona debuts << P1

said the repurposed evacuation center at Brgy. Lantic, Carmona, Cavite into a "mega-isolation" facility will aid treatment and care of COVID-19 patients from Carmona and other parts of the industrial zone of Calabarzon.

Villar, the government's chief isolation czar, said the project was supervised by the DPWH Task Force to Facilitate Augmentation of National and Local Health Facilities, which was created to address the need for health system facilities to decongest hospitals as part of the government's efforts in battling the coronavirus pandemic.

Undersecretary Emil K.

Sadain, head of the DPWH Task Force, headed the turnover of the facility to Carmona Mayor Roy M. Loyola.

Sadain said the repurposing of the Carmona health facility was completed in 20 days.

The DPWH is also closely monitoring the conversion of the 3,000 square meter multi-purpose building into a makeshift hospital in Cavite.

Sadain said the DPWH is constructing 602 COVID-19 facilities with 23,000 bed capacity nationwide, of which 340 are already completed and 262 will be finished towards the end of October.

Height requirement sa sundalo at pulis? Paano naman yung godly requirement?

Kakampi mo ang BATAS
ni Atty. Batas Mauricio

INSPIRASYON SA BUHAY: "... Ngunit sinabi... ni Yahweh, 'Huwag mong tingnan ang kanyang taas at kakisigan sa-pagkat hindi siya ang pinili ko. Si Yahweh'y hindi tumitingin nang katulad ng pagtingin ng tao. Panlabas na anyo ang tinitingnan ng tao ngunit sa puso tumitingin si Yahweh'..." (1Samuel 16:7, Ang Tanging Daan Bibliya).

HEIGHT REQUIREMENT? PAGIGING MAKA-DIYOS ANG HANAPIN NIYO SA MGA PULIS AT SUNDALO! Ewan ko lang sa inyo ha, pero isa na namang palpak na batas, sa aking tingin, yung ginawa ng Senado na nagtatakda ng height requirement sa mga sundalo at pulis. Mga panlabas na anyo ang pinagkakaabalahan nila, samantalang ang dapat nilang tinututukan ay ang panloob na kabutihan.

Kahit ano ang height niyan, kung masama ang kaniyang puso, isip, kaluluwa, at espiritu kasi sila ay walang Diyos bunga ng hindi sila nagbabasa at hindi sumusunod sa Bibliya, magiging masama sa paglilingkod yan. Kung sa kabilang dako sila ay may Diyos, nagbabasa at sumusunod sa Bibliya, anumang ang height niyan, pakikinabangan siya ng bayan. Etong mga senador na ito, oo!

AND KNK: ANG DIYOS, SA KANIYANG AMA, AY DUMATING SA MUNDO SA ANYO NG ISANG SANGGOL NA LALAKI: SSSDNJ Amen. Sa Isaias 7, makikita o mababasa doon ang ikalawang maliwanag na pagpapahayag ng Diyos, sa Kaniyang anyong Ama, na Siya, ang Ama, si Jesus. Partikular sa bersikulo 14 ng Isaias 7, makikitang ang anumang pagpapahayag doon ay pagpapahayag ng Diyos, sa Kaniyang anyong Ama.

Basahin po natin ang kabuuan ng Isaias 7:14: "Dahil dito si Yahweh mismo ang magbibigay sa inyo ng palatandaan: Maglililihi ang isang dalaga at magsisilang ng isang sanggol na lalaki at tatawagin sa pangalang Emmanuel..."

Sa unang tingin, ang propetang si Isaias lamang ang nagsasalita dito. Pero, sa pagsasalita ni Isaias, direkta niyang

sinabi na ang "Diyos" o si Yahweh mismo ang nagbibigay ng tanda, hindi siya. At maliwanag kung ano ang tanda na ibinigay ng Diyos. Ito ay ang tanda ng isang imposibleng bagay, noon at ngayon, isang bagay na tanging ang Diyos lamang ang pupuwedeng gumawa, wala ng iba---ito ay aang paglililihi at pagsisilang ng isang sanggol na lalaki ng isang tao, o ng babae na birhen pa, o babaeng hindi pa nasisipangan o naaangkin o nagiging asawa ng lalaki. HIMALA NG TAO NA IPAGLILIHAN AT ISISILANG ANG DIYOS:Kung pag-aaralang mabuti ang tandang ito, masasabing ito nga ay isang himala, kasi papaano nga bang maglililihi at magsisilang ng isang sanggol na lalaki ang isang babaeng hindi man lamang nagagalaw pa ng sinumang lalaki. Sa totoo lang, maitutulad ito sa iba pang mga himala, o mga kagulat-gulat na bagay na ginawa ng Diyos, upang ipakita o ipakilala ng paulit-ulit na Siya ang Diyos, wala ng iba.

Gaya ito ng mga kababalaghang nauna ng ipinakita ng Diyos sa pamamagitan ni Moises at ni Aaron sa hari ng Egipto, kasama na dito ang pagkakahati ng Dagat na Pula upang makatawid lamangt ang mga Israelita na noon ay tumatakas mula sa galit ng hari.

Kapansin-pansin sa pahayag ng Diyos sa Isaias 7:14 ang pagiging eksakto ng tanda---sanggol na lalaki, hindi babae, ang ipaglililihi at isisilang ng isang birhen. Sino ang sanggol na ito? Hindi na din po ito sikreto, kasi, sa Isaias 9:6, niliwanag doon na ang sanggol ay hindi tao, bagamat ipinaglililihi at isinilang siya ng isang tao. SANGGOL PERO "MAKAPANG-YARIHANG DIYOS WALANG HANGGANG AMA": Ayon sa Isaias 9:6, ang sanggol ay ang "Makapangyarihang Diyos Walang Hanggang Ama". Ang ibig sabihin nito, ang Diyos, sa Kaniyang anyong Ama, ang pupunta mismo sa daigdig na ito. Siya ang "Emmanuel", na ang tunay na kahulugan ay kamangha-manghang tunay: ang Diyos ay nasa atin.

At sumasa-atin ang Diyos upang tayo ay maligtas mula

sa mga parusang nakalaan para sa ating mga kasalanan. At gaya ng sinasabi ng Mateo 1, ang Diyos na sumasa-atin ay may Pangalan, at ito ay Jesus. Ang ibig sabihin ng "Jesus" ay "pagliligtas ng Diyos sa Kaniyang bayan." Sa lahat ng ito, makikita nating ipinapahayag ng Isaias 7:14 at Isaias 9:6 ang mga patotoo na ipinapahayag ng Diyos sa Kaniyang anyong Ama na Siya nga Si Jesus, wala ng iba. Sa susunod na mga Kalatas mula sa Mahal na LD, makikita natin ang kaugnayan ng mga patotoo ng Ama mula Isaias sa mga patotoo na Kaniya ding ibinigay sa Bagong Tipan ng Bibliya. Salamat Sa Diyos Na Ngalan Niyang Jesus, Amen.

PFL Teams << P1

strictly act within the safety and health guidelines set by the Inter-Agency Task Force (IATF) as part of the joint administrative order (JAO) signed by the Department of Health (DOH), Philippine Sports Commission (PSC) and the Games and Amusements Board (GAB).

"It's a matter of reminding them about the safety of the players and the safety of the venue," said Araneta.

"Each club has their own responsibility to make sure that the players are following safety protocols. The

PFL was among the few pro leagues given the go-signal by the government to resume workouts amid the coronavirus pandemic.

The league hopes to get its season going next month if everything goes according to plan.

"Cooperation is vital," said PFL commissioner Coco Torre. "What we're doing here amid the pandemic, the most important thing is for everyone to follow instructions because cooperation is vital on what we are trying to achieve."

Mega quarantine facility << P1

Undersecretary Emil K. Sadain, head of Task Force to Facilitate Augmentation of National and Local Health Facilities, turned over the facility to Carmona Mayor Roy M. Loyola.

Sadain said the DPWH task force is delighted to have fulfilled the commitment made during the Aug.

14 signing of memorandum of agreement to complete the Carmona health facility within the scheduled period of 20 days.

According to Sadain, there are 602 COVID-19 facilities with a total of 23,000 beds nationwide. Three-hundred forty have been completed and 262 will

be finished toward the end of September and October.

Meanwhile, Villar entered into a Memorandum of Agreement with Mayor Imelda T. Aguilar for the construction of a 96-bed isolation facility for COVID-19 patients in Las Pinas City.

Villar instructed Sadain to fast track the construction

of the offsite isolation facility in Barangay Almanza.

The DPWH task force is also looking forward to starting the construction of the first offsite modular hospital with 110-bed capacity for moderate and severe COVID-19 cases at the Quezon Institute on E. Rodriguez Avenue, Quezon City.

Tulong bumuhos para sa Cavite student na naglalako ng isda para makabili ng gadget pang-online class

Bumuhos ang tulong sa isang Grade 12 student mula Rosario, Cavite na naglalako ng isda para makabili ng cellphone na gagamitin sa online class.

Ipinalabas noong nagdaang weekend sa "TV Patrol" ang kuwento ni Ella Mae Fernando, na nasiraan ng cellphone matapos mahulog ito sa dagat.

Maraming naantig ang puso at tumulong kay Fernando para magka-cellphone, tulad ni Rona Odvina, isang overseas Filipino worker sa Qatar.

Ayon kay Odvina, nakita niya ang sarili kay Fernando. "Noong kabataan ko, katulad din niya na kailangan ko rin magtinda para makabili ng mga pangangailangan sa araw-araw," ani Odvina.

Labis naman ang pasasalamat ni Fernando ngayong may cellphone na siya, na magagamit sa pag-aaral.

"Maraming salamat po kasi ngayon po, magiging maayos na ang pag-aaral ko," aniya.

Bukod kay Odvina, mayroon ding nag-alok na magbigay ng tablet kay Fernando.

Umabot na rin sa P25,000 ang pera na natanggap ni Fernando na magagamit niya para masuportahan ang kaniyang pag-aaral.

"Itong pera po, gagamitin ko sa negosyo para umikot 'yong pera, para hindi po mawala, para may pang sustento din po sa pag-aaral ko," ani Fernando.

Nagpasalamat ang ama ni Fernando sa mga nagpaabot ng tulong.

Honor student si Fernando, at nangako siyang lalo niyang pagbubutihin ang kaniyang pag-aaral at hindi niya bibiguan ang mga tumulong sa kaniya.

-- Ulat ni Dennis Datu, ABS-CBN News

Mga negosyo sa Cavite umaasang << P1

pares ngayong walang mga laro bunsod ng pinapairal na community quarantine. "Di naman ako dapat maggaganito, naglalaro ako ng basketball; kaso wala eh. Hindi naman tayo kikita 'pag walang trabaho," ani Gonzales.

Aminado rin ang kalapit na vape shop na malaki ang nawala sa kanilang kinikita dahil sa lockdown.

"Kung kumikita kami ng P8,000, ngayon P4,000 na

lang. Kalahati sa isang araw," ayon kay Aries Veranga, na nagtatrabaho sa vape shop.

Ngayong mas maluwag na ang lockdown, umaasa sila na makakabawi sila sa kita kahit papaano dahil mas maluwag na ang quarantine sa probinsiya.

"Kung MGCQ po, sobrang okay po, kasi naglalabas ang mga tao. nakakapanibago... Hindi ganiyan 'yan, laging maraming tao diyan. Ngayon sobrang kon-

ti. Ang mga [kumakain] sa amin mga empleyado lang. Walang masyadong tao diyan," ani Gonzales.

Ayon naman kay Cavite Governor Jonvic Remulla, maghihigpit pa rin sila sa pagpapatupad ng health and safety protocols kahit mas maluwag na ang lockdown.

Ang mga mall, papayabangan ang mga tao. nakakapanibago... Hindi ganiyan 'yan, laging maraming tao lang dapat manatili ang mga

pumupunta rito maliban kung sa supermarket pupunta. "Mayroon silang time stamp pagpasok nila. At may mga marshal sa loob na 10 minutes before, kahit nagbayad ka na, i-e-escort ka na palabas. Ayaw naming magiging convergence point na doon tumatambay ang mga tao," ani Remulla.

Required din aniya ang quarantine pass kapag lalabas ng bahay. -- Ulat ni Bianca Dava, ABS-CBN News

LRT-1 Cavite Extension Project << P1

staging area and built bored piles – the deep foundational support, along the stretch up to Dr. Santos Station until Ninoy Aquino Avenue.

The company is starting to construct piers – elevated structures, along Ninoy Aquino Avenue as well.

Jetty construction works along Paranaque river are almost halfway done, with bored piling works expected to begin soon in the same area. The project also

achieved another milestone with the installation of the first 2 pi-girders (chief horizontal support in a structure) in front of the pre-cast yard along C5 Extension, Las Pinas City.

The Cavite Extension project makes use of an above-ground launcher, a special engineering method, to allow for faster execution and minimal effect on the ground-level traffic. The viaducts are transported above-

ground instead of street-level. "LRMC has been in close partnership with Maynilad and CAVITEX Infrastructure Corporation for the necessary activities to prepare the foundation for LRT-1 Cavite Extension (CEMT)" noted Project Execution Manager Reynaldo Pangilinan.

"Despite the limitations brought by the quarantine period and the necessary adjustments, we have been able to make progress on this

project," he reiterated. "We also request for the continued understanding of all CAVITEX motorists, and advise them to plan their trips ahead." Pangilinan hastened to add.

"We are aware that this will bring temporary inconvenience.

But once the project is completed, travel between Baclaran and Bacoor will be faster, easier, and more convenient for our commuters."

Cavite COVID-19 vaccine trials to undergo FDA, ethics review first — DOH

The Department of Health on Wednesday said the planned COVID-19 vaccine trials in Cavite will have to undergo a review by the Food and Drug Administration and an ethics board before they could begin.

African Swine Fever (ASF) recorded in Carmona, Cavite

CARMONA, Cavite – The municipal government reported on Wednesday a case of African Swine Fever (ASF) in Barangay Lantic.

The local government unit (LGU) received a letter from the Department of Agriculture on Sept. 8 confirming the ASF case. Mayor Roy M. Loyola asked hog raisers and residents to coordinate with local officials if they suspect an ASF infection in their area. Consumers are also encouraged to buy pork only from legitimate sources and to make sure that the vendor has a National Meat Inspection Service accreditation certificate. The LGU is coordinating with the Provincial Veterinary Office to intensify measures to mitigate the spread of the viral disease that affects pigs.

“Nung Sabado I read the article at may nagbigay ng report sa atin. We immediately contacted the proponent. We discussed with him and dapat ang proseso and they should notify DOH,” Health Undersecretary Maria Rosario Vergeire said in a virtual briefing.

(On Saturday, I read the article and someone reported it to us. We immediately contacted the proponent. We discussed with him what the process is and they should notify DOH.)

Cavite Governor Jonvic Remulla last week announced that his province would undertake a COVID-19 vaccine trial through the La Salle Health Sciences Institute. He said it would happen in the next two weeks. But the FDA earlier told ABS-CBN News that the Cavite trial

does not have approval yet. All proposed COVID-19 vaccines would have to undergo FDA approval before being allowed to enter the Philippines. Vergeire said the proponent of the Cavite study agreed and promised to update them regularly.

“They are still negotiating and finalizing their protocol,” the health official said.

She said once it is approved by the FDA and an ethics board, the proponent of the trial would inform the DOH so it could start. Vergeire said they have yet to receive details on the planned clinical trials.

Remulla said the vaccine trial would involve those developed in the United States and the United Kingdom. “Walang puwedeng magumpisa ng any clinical trial kung wala kayong approval

ng FDA at wala kayong approval ng ethics review (You cannot start if you do not have the approval of the FDA and the approval of an ethics review). If you do that, you are violating specific laws so you will be sanctioned and you will be asked to stop,” Vergeire emphasized.

She explained that because these are new vaccines and medicines, they have to be regulated to ensure the safety of Filipinos. Otherwise, they “may cause harm to our citizens.” There are still no approved vaccines or drugs against COVID-19. Vaccine frontrunners are still undergoing Phase III clinical trials, which involve large-scale testing for the safety and efficacy of the vaccine. The Philippine government has been in talks with vaccine developers from China

and Russia but none have been finalized yet.

“Ang sabi August sila maguumpisa for the phase 3 clinical trials sa Russia,” Vergeire said of the Sputnik vaccine from Russia. “But ito ay through the emergency use approval ng gobyerno.”

(They said phase 3 clinical trials should start in Russia in August. But this is through the emergency use approval of the government.)

Russia has said it would be using its vaccine on health workers first even if it has only finished Phase II trials.

The Philippine vaccine expert panel is still studying results of Russia’s Phase I and Phase II trials to see if the vaccine is really safe and effective. Vergeire said they will update the public once the panel shares more information with them.

Invitation for “Webinar on Nutrition Labeling and Shelf Life of Pre-Packed Food Products” on September 15, 2020 (Tuesday) from 9:00 AM to 12:00 PM via ZOOM.

This activity is a collaboration of PCLEDO-Cavite, DOST Cavite, and DOST Food and Nutrition Research Institute to capacitate the Cavite MSMEs with knowledge on regulatory requirements of nutrition labeling and understand the importance and process of shelf life analysis on food products.

Open to Cavite MSMEs with food products.
