Ang Kooperatiba bilang Mahalagang Katuwang sa Pagtiyak ng Food Security sa Bansa

Lubhang nakakabahala ang sunud-sunod na problemang dumarating sa ating bansa. Matapos ang pandaigdigang pandemya, ang Pilipinas ay kasalukuyang humaharap sa krisis sa pagkain, at sa walang tigil na pagtaas ng mga bilihin gaya na lamang ng sibuyas, gasolina, karne, at marami pang iba.

Ang mga suliraning ito ay hindi masosolusyonan ng gobyerno ng mag-isa. At sa mga ganitong mga sitwasyon ay nakikita ko ang importansiya ng sektor ng kooperatiba para maging kaagapay ng ating pamahalaan para maitaguyod at mapatatag ang supply ng ating pagkain.

Sa aking artikulo ngayong araw ay bibigyang diin natin ang mahalagang gampanin ng sektor ng kooperatiba pagdating sa food security ng Pilipinas.

Bukod sa Leading Edge International Aviation Academy (LEIAA) at Contrails International Aviation Academy Incorporated na humuhubog sa susunod na henerasyon ng mga piloto, ang ACDI Multipurpose Cooperative ay patuloy na umuukit ng pangalan dahil sa matinding suporta nito sa gobyerno pagdating sa ating food security.

Ito ang naging rason para itayo ang Aces Philproducers Corporation o APC noong ika-27 ng Setyembre taong 2017 sa Brgy Munting Tubig, Ibaan, Batangas bilang food processing unit para sa agri produce ng ACDI MPC.

Nagsimula ang operasyon ng APC sa pamamagitan ng kitchen-type milk pasteurization. Hindi kalaunan ay inilipat nito ang kanyang opisina sa Brgy Calamias, Ibaan kung saan dito rin matatagpuan ang kanilang manufacturing plant.

Kabilang sa mga produkto ng APC ay fresh at chocomilk, yoghurt, cheese, ice cream at processed meat.

Lingid sa kaalaman ng karamihan, ay malaki ang naitulong ng APC sa pagpapanatili ng malusog na pangatawan ng ating kapwa Pilipino lalong-la-

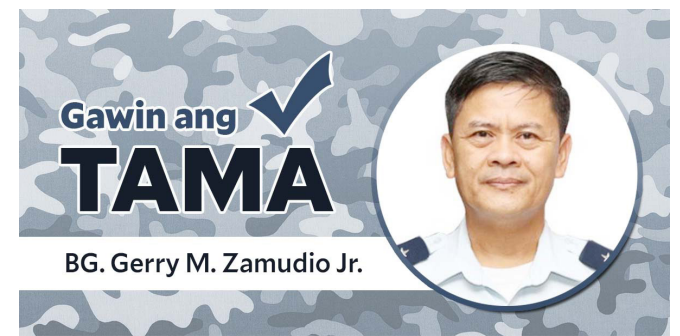

lo na noong kasagsagan ng pandemya kung saan namahagi ito ng mga fresh milk sa mga COVID-19 Frontliners, sa mga estudyante at mag-aaral, sa mga miyembro ng ACDI MPC, at sa mga government agencies gaya ng DepEd.

Sa tulong din ng Aces Philproducers Corporation, ay marami sa ating mga kababayan ang nabiyayaan ng trabaho sa kanilang planta at farms.

Patuloy naman ang expansion ng APC kung saan bukod sa kanilang opisina at farm sa Batangas ay kasalukuyan nitong inaayos ang kanilang farm sa Mindanao partikular na sa Claveria, Misamis Occidental.

Hindi lamang sa sektor ng agrikultura nakatulong ang Aces Philproducers Corporation kundi sa pag-agapay sa ating mga kababayan na makapagsimulang muli matapos ang sunud-sunod na krisis na ating naranasan.

Muling ipinakita ng ACDI Multipurpose Cooperative na ang sektor ng kooperatiba ay lag-

BG. Gerry M. Zamudio Jr.

ing maasahan ng ating gobyerno hindi lamang sa pagsasanay sa mga nagnanais na maging piloto at pagbibigay ng dekalidad na edukasyon kundi maging sa produksyon ng pagkain at pagpapanatili ng malusog na pamumuhay ng bawat mamamayang Pilipino.

Kami ay sumasaludo at lubos na nagpapasalamat sa ACDI Multipurpose Cooperative sa pangunguna ni Chairman Retired Major General Gilbert Llanto dahil sa kanilang walang kapantay na mga serbisyo ng kooperatiba para sa ikabubuti ng sambayanang Pilipino.

Sa kabilang banda, umaasa ako na ang inisyatibong isinagawa ng ACDI sa pamamagitan ng Aces Philproducers Corporation ay maging eye-opener sa ating gobyerno na ang sektor ng kooperatiba ay handang makipagtulungan tungo sa mas food secure na Pilipinas. (Caryll Araza)

DENR puts up e-toilet in Bataan << P1

the Sibul II Mangrove Nursery and Eco-Tourism Park in Orion aims to prevent potential contamination of river systems and coastal areas from E. coli.

Moreno said through the facility, they want to promote the use of a waterless toilet or dry toilet system as an alternate solution to water-flushed toilets.

"Through this initiative, the volume of pollutants draining to water bodies along the Manila Bay area may be reduced, which will

eventually help us in achieving the coliform limit of 200 most probable number (MPN) per 100mL for Class C water classification," he said in a statement.

Moreno said the concept of the first waterless toilet facility in the region supports DENR's endeavor to integrate biotechnology as an effective way to address environmental concerns and mitigate the effects of climate change.

According to the MGB, the eco-toilet system works by separating human waste

from urine, which passes through the urine diverting dehydrating toilet bowl.

Upon separation, the nitrogen-rich solid waste is then covered with agro-industrial materials like fly ash, bentonite and zeolite, including organic-rich matters such as shredded dried leaves and carbonized rice husks.

This creates an alternating layer of n-rich and c-rich materials, which act as basic components of fertilizer.

On the other hand, the urine is likewise treated and

processed into a liquid fertilizer.

Moreno said the DENR is set to install these e-toilet facilities in other Manila Bay areas in the region.

The Manila Bay area covers eight provinces and 178 local government units in three regions of the country -- the National Capital Region (NCR), Central Luzon and Calabarzon.

Of the eight provinces, Bataan, Bulacan, Cavite and Pampanga are coastal areas. (PNA)

MWSS assesses final rebate << P1

assessing the final rebate amount, which shall not be recoverable or passed on to the consumers," MWSS-RO Chief Regulator Patrick Lester Ty said in a news release on Wednesday.

"Based on the investigation conducted by the MWSS-RO into the prolonged water service interruptions that have been adversely affecting the well-being of customers served by the Putatan

Water Treatment Plants (PWTP) since Dec. 20, 2022, Maynilad was found to have violated its Service Obligation of ensuring the availability of an uninterrupted 24-hour supply of water to connected customers within the PWTP Supply Zone," Ty added. In a meeting held last Jan. 6, Maynilad accepted the findings of the investigation and volunteered to provide a rebate to the affected custom-

ers. Meanwhile, the MWSS-RO has ordered Maynilad to fast-track the resumption of normal water supply to the affected customers, especially during this time of the pandemic when water is most essential for safeguarding public health. Maynilad is the largest private water concessionaire in the Philippines in terms of customer base. It is the concessionaire of the MWSS for the West Zone

of the Greater Manila Area, which is composed of the cities of Manila (certain portions), Quezon City (certain portions), Makati (west of South Super Highway), Caloocan, Pasay, Parañaque, Las Piñas, Muntinlupa, Valenzuela, Navotas and Malabon all in Metro Manila; the cities of Cavite, Bacoor and Imus, and the towns of Kawit, Noveleta and Rosario, all in Cavite province. CIDG aids an unlicensed land << P1

Marife Robios, an administrative assistant, and Allan Fresnido, the office manager, were arrested during the raid. However, both stated that they were only office workers and did not deal with the buyers.

According to the CIDG, the company lacks the necessary legal documents to conduct business.

At least 35 investors had previously filed complaints against the company after it failed to turn over fully paid properties.

"Walang SEC (Securities

and Exchange Commission) clearance or certification from the Department of Human Settlements and Urban Development." "Tatlong beses na nagpalit ng pangalan," said CIDG-Cavite chief Police Lieutenant Colonel Benedick Poblete.

"Napakasakit po sir, unang una wala naman ako trabaho, hindi na ako nakabalik doon. Tapos dito, mayroon pa ako babayaran," said Jewel Martinez, one of the complainants.

"Wala po kaming makitang linaw, dahil pumunta

kami sa area, aso lang ang guard dun sa pinaka-area po," another complainant, Marilou Remo, said.

"Sir kako sa kanila, bakit wala pa rin development doon sa subdivision na binayaran namin? Ang sabi naman po, tatapusan lang ang eleksyon kasi magulo," Aries Rites said.

The suspects will face charges for violating Presidential Decree no. 957 or the Subdivision and Condominium Buyers' Protective Decree, Swindling, and Estafa.

"Naipit po kami sa sit-

wasyon, kasi appointed employee lang kami, walang kontrata, lahat ng utos ay galing sa head, kami lang ang inabutan sa opisina," Fresnido said.

"Gusto ko lang po na malinis ang pangalan namin, dahil hindi naman kami ang mga taong unang kausap nila, tapos kami na lang sumalo ng problema," Robiños said.

"Meron tayong isang CEO, which is not in the area during that time, so we will be preparing a case against a Patricio Ahas," Poblete said.

DepEd-5 distributes P3.9-M learning kits from USAID, other donors

The Department of Education in Bicol (DepEd-5) has started to distribute the PHP3.9 million worth of portable classroom learning packages it received from its development partners. In an interview on Thursday, Mayflor Marie Jumamil, DepEd-5 information officer, said the "School in a Bag Kit" packages were given by the United States Agency for International Development Advancing Basic Education in the Philippines (USAID ABC+), Research Triangle Institute (RTI) International, Philippine Long Distance Telephone Company (PLDT) Smart Foundation and the Philippine Business for Social Progress (PBSP) in November last year. Jumamil said a total of 30 "last mile" schools were selected to receive a package, each set consisting of one laptop, 10 tablets (Samsung Galaxy tablets) containing smart apps, learning contents from ABC+, Kotobe app and one smart LTE pocket WiFi with PHP500 load. "Last mile schools are those with less than four classrooms, usually makeshift and nonstandard ones, no electricity, no funds for repairs or new construction projects in the last four years, and a travel distance of more than one hour away from the center, accessible only through difficult terrain," Jumamil said.

DepEd-5 turned over the first batch of the "School

in a bag kit" Wednesday at the Magarao Central School to 15 recipient schools in the Division of Camarines Sur.

The recipient on Thursday was the Banuyo Elementary School in Pilar, Sorsogon province, while the Santo Domingo Central School in Santo Domingo, Albay province will also get its package on Friday. Jumamil said the project aims to implement DepEd's dynamic learning program in the schools and continuously push for joint efforts for inclusive education. According to the PBSP, some of the benefits of the School in a Bag Project include the improvement of learners' vocabulary, comprehension and other cognitive, affective and behavioral skills and the students' increased motivation to learning. Repairs on sludge removal equipment 75% done: Maynilad

The Maynilad Water Services Inc. (Maynilad) on Thursday said the repairs on the sludge removal equipment in their treatment plant in Putatan, Muntinlupa City is now 75 percent finished.

"We wish to inform the public that repairs on the sludge removal equipment is now 75% complete. This has enabled us to increase water production to 91%, and gradually reduce the number of affected customers or lengthen the supply availability duration," Maynilad said in a statement sent to the Philippine News Agency on Thursday.

Maynilad made the assurance following the water service interruptions due to the reduced production of their treatment plant in Muntinlupa City as it accepted the findings of the investigation of the Metropolitan Manila Waterworks and Sewerage System (MWSS-RO) and volunteered to pay a rebate to the affected customers.

"We have accepted the result of MWSS RO's investigation and volunteered to pay a rebate to our customers in the south who were recently affected by water service interruptions," Maynilad said.

"Said interruptions were due to the reduced production of our treatment plant in Putatan, Muntinlupa, resulting from a damaged sludge removal equipment, coupled with a rise in turbidity levels of the raw water from Laguna Lake," it added.

The water company noted that they are now only stabilizing the treatment plant's system to revert back to normal levels by end of the month of earlier.

"Currently, we are just stabilizing the plant's system that was affected by the defective equipment, and monitoring the turbidity trend in the raw water supply. Barring any complications, water service should revert to normal levels by end of January 2023 or earlier," Maynilad said.

Maynilad is the largest private water concessionaire in the Philippines in terms of customer base.

It is the concessionaire of the MWSS for the West Zone of the Greater Manila Area, which is composed of the cities of Manila (certain portions), Quezon City (certain portions), Makati (west of South Super Highway), Caloocan, Pasay, Parañaque, Las Piñas, Muntinlupa, Valenzuela, Navotas and Malabon all in Metro Manila; the cities of Cavite, Bacoor and Imus, and the towns of Kawit, Noveleta and Rosario, all in Cavite province. PGC delivers medical services to the locals of Imus

The Provincial Government of Cavite through the Office of the Provincial Governor-Extension, delivered free medical consultation and medicine to Brgy. Bayan Luma 3, Imus City during the medical mission held on January 10, 2023 serving a total of one hundred eighty (180) patients.

Medical team from General Emilio Aguinaldo Memorial Hospital composed of Dr. Hanna Patricia V. Gilera, Dr. Hannah Christine P. Catama, GEAMH midwives Aza-leah Masicap, Imelda Mabituin, Teresa Cabaña and Marita Marquez with the help of Dr. Gelyn Golamco, medical doctor from Imus Rural Health Unit, rendered free medical consultation.

Minimum health protocols were strictly observed for the safety of ev-

eryone. Ms. Sheena Homo and Ms. Liza Ancheta from PESU carried out the antigen swab testing.

Brgy. Captain Reynaldo P. Borromeo and Barangay Health Workers assisted in the activity.--- PICAD

said at the press briefing before the kick-off ceremony of the printing of the ballots in Quezon City.

A total of 355,184 ballots will be printed, the same number of registered voters in four areas in the province.

These are the capital Trece Martires City with

29,171 voters, and the municipalities of Amadeo, 29,172; Indang, 46,552; and Tanza, 159,950.

The district has 116 barangays and 75 voting centers.

The special polls will be automated as they will be using vote counting machines

(VCMs) numbering 852, including backup machines.

Four aspirants are vying for the position to represent the district in the House of Representatives -- Jose Angelito Domingo Aguinaldo, Melencio Loyola De Sagun Jr., Michael Angelo Santos and Crispin Diego Diaz

Remulla, who is running under the National Unity Party.

The position was declared vacant after former Representative Jesus Crispin Remulla accepted his appointment by President Ferdinand R. Marcos Jr. as Secretary of Justice. (PNA)

hospitals outside Cavite for laboratory testing.

Dr. Nonie John L. Dalisay, Provincial Health Officer II, explained that the idea of having a TB culture laboratory was first initiated in 2014, and the plan was formulated by the late Dr. George Riquie Jr., former Provincial Health Officer, and continued during the tenure of Dr. Gilbert Ilog. Meanwhile, Dr. Nelson C. Soriano, Provincial Health Officer I, stated that since they have the capacity and logistics for diagnosing tuberculosis, the occurrence of problems can be averted. He added that the team working on the project thinks outside the box. Hence, the achievement is invaluable and should be preserved.

Dr. Eva Marie Torio, head of the DOH Infectious Diseases Unit, was delighted that after almost nine years, the construction of a TB culture and drug susceptibility testing laboratory will finally happen. Furthermore, Dr. Torio imparted that the establishment of TB culture is essential in the diagnosis, monitoring, and treatment of drug-resistant TB, as well as in the improvement of TB management turnaround time. Subsequently, the Strategic and Area Manager of the ACCESS TB Project, Mr. Syrus Silvestre discussed the overview of the TB Culture Laboratory - how important it is for the province to have its own TB Culture - that through the laboratory, constituents, and patients living

in Cavite could be catered to without the need to drive outside the province and wait 3-7 days for the result. "This is only the beginning of a challenge and a solution to the tuberculosis problem", he said. The highlight of the activity was the official groundbreaking ceremony for the first public TB Culture Testing Laboratory in Cavite province led by BM Reyniel Ambion, Dr. Nonie

John Dalisay, Dr. Nelson Soriano, Dr. Eva Marie Torio, Mr. Syrus Silvestre, and Mr. Raffy Macdonald.

Dr. Armand J. Dotollo, Provincial TB Program Medical Coordinator, delivered the closing remarks and reiterated that in spite of the presence of TB as one of the major health problems in Cavite, the province is working hard to eradicate the infection.

Bataan-Cavite Bridge to cut travel time to 40min.

The Asian Development Bank (ADB) recently showed off newest renderings of the Bataan-Cavite Interlink Bridge, whose Detailed Engineering Design (DED) is set to be complete sometime in the first quarter of 2023.

Totalling 32.1 kilometers, the P3.6-billion project, which is supported by the ADB, was already at 55-percent overall completion back in September.

It's part of the state's decentralization efforts to reduce traffic and commuter woes in Metro Manila and Central and Southern Luzon. The North Channel Bridge and South Channel Bridges span 400 meters and 900 meters, respectively.

The Bataan-Cavite Interlink Bridge will look to connect the Central Luzon and Southern Tagalog regions through Corregidor Island.

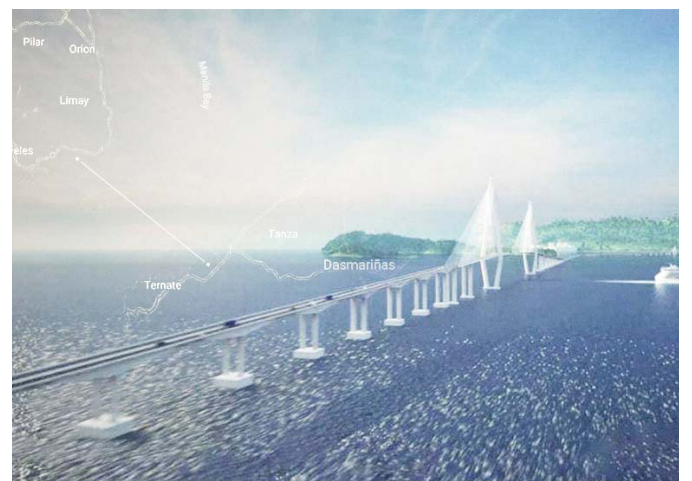

This means that the four-lane bridge can drastically cut

travel time between the two provinces from five hours to just 40 minutes.

According to Department of Public Works and Highways Secretary Manuel M. Bonoan last year, the bridge should provide us with "new expansion and economic growth opportunities outside of the metropolis with investors now setting up industries leading to the route of promising new land and marine viaduct highway to be built between Regions 3 and 4A."

This bridge is an ambitious project that was first proposed in the '80s, and is now finally coming to fruition.

The alignment goes from the Timalan Balsahan shoreline in Naic, Cavite to the Alas-Asin land area in Mariveles, Bataan, which would pass through the historic Corregidor Island.

Health outreach event held in Cavite City

Around 200 residents of Cavite City benefitted from the health outreach event spearheaded by the provincial government in partnership with the Philippine Navy Fleet - Marine Ready Force and Joziah Zion Foun-

ndation, held at Cavite City National High School on January 9, 2023. Health professionals from the Provincial Health Office and the Philippine Navy together with other private practitioners rendered free medical and

dentel consultation. Other services offered during the event were blood chemistry, eye check-up and acupuncture. Likewise, prescribed medicines and vitamins were provided by the health mission team.--- PICAD

Ugnayan sa Barangay visits Tanza

Cavite Governor Jonvic C. Remulla together with Vice Governor Athena Bryana Tolentino and 7th District Board Member Ping Remulla once again visited the municipality of Tanza, this time in Poblacion 1 on January 9, 2023 thru the Ugnayan sa Barangay program of the provincial government.

The governor laid out the plans and programs for the benefit of Caviteños.

Local officials of Tanza headed by Mayor Yuri

Pacumio warmly welcomed the Ugnayan sa Barangay team. Likewise, they extended their utmost gratitude for the services given to their constituents.-- PICAD
