## DOH 4A initiates protektoDOH << P1

Carmona held at the Carmona Elementary School this November 10.

The activity solidifies the department's partnership with the LGUs as it pushes the KonsulTayo Campaign which aims to encourage Filipinos to get the care they need to avoid adverse health outcomes and increase public awareness against WILD diseases.

DOH CALABARZON Regional Director Ariel I. Valencia led the turn-over of the equipment and other supplies consisting of spray can insecticides, Larvicides, Insecticide Treated Screens, Dengue NS1 Rapid Diagnostic Tests, Antigen and Antibody Tests, Oral Rehydration Salt, and Paracetamol.

According to RD Valencia, Carmona was chosen as the pilot area since it is one of the localities affected by the recent typhoons.

He added further that, "Itong W.I.L.D. Diseases na ito ay ilan lamang sa mga epekto ng pabago-bagong klima sa bansa. Kaya bilang lead agency sa usaping pangkalusugan ay minarapat nating agapan na ang mga banta sa kalusugan, kagaya nitong W.I.L.D. Kaya naririto po kami ngayon sa Bayan ng

Carmona para ibigay itong mga anti-mosquito equipment at iba pang supplies na magagamit natin sa paglaban sa W.I.L.D Diseases."

(These W.I.L.D. diseases are just some of the effects of the changing climate in the country.

So as the lead agency in the matter of health, we should take care of health threats, such as this W.I.L.D. That's why we are here today in the town of Carmona to provide anti-mosquito equipment and other supplies that we can use in the fight against W.I.L.D Diseases.)

Municipal Mayor Dahlia Loyola thanked the DOH IV-A for choosing the municipality as pilot area with the equipment given to protect the citizenry against these health threats.

Dr. Dahlia Loyola also appealed to her constituents for cooperation to support the LGUs programs on health, "Hindi po namin kaya na kami lang, kailangan po namin ang tulong ng lahat ng stakeholders lalo na sa usaping pangkalusugan."

employment assistance program. So, with the amount I said, there are 25,842 beneficiaries who have been greatly affected by STS Paeng," she said at the Laging Handa briefing on Friday. Trayvilla also reported that the workers started last Nov. 4 after undergoing orientation on

how the project works. The beneficiaries will be working for 10 days and they will be paid PHP4,350 based on the minimum wage of PHP435 per day. "Our TUPAD beneficiaries are currently doing debris clearing, and declogging of water-filled canals. They also conduct minor

repairs," she said. She added that the local government units have also assisted them in profiling the beneficiaries. The National Disaster Risk Reduction and Management Council reported that there are 203,571 families consisting of 814,705 individuals in the region that have been

affected by the storm. In Cavite, the affected areas are Kawit, Tanza, and Ternate in Cavite; Calamba City, Mabitac, and Biñan in Laguna; Lemery, Lian, and San Juan in Batangas; San Mateo, Montalban and Cainta in Rizal; and the Bondoc Peninsula in Quezon Province. (PNA)

period apart from the NCR. These include Batangas with 6.3 percent from 7.3 percent; Cavite with 10.1 percent from 13 percent; Davao del Sur with 8.7 percent from 15.3 percent; Iloilo with 10.2 percent from 12.6 percent; Misamis Oriental with 24.6 percent from 28.8 percent; Rizal with 10.3 percent from

14.5 percent; South Cotabato with 8.2 percent from 12.7 percent; and Zambales with 7.6 percent from 11.3 percent. Last week, David said the decrease in Covid-19 numbers in NCR and other highly populated areas could be attributed to the public's knowledge about self-protection as coronavirus continues

to mutate into different and more transmissible variants.

On the other hand, an increase in positivity rate was seen in three areas -Cagayan

from last week's 8.4 percent to 14.2 percent; Camarines Sur, from 29.8 percent to 33.3 percent; and Pampanga, 9.6 percent to 11.2 percent.

# Koop Pinoy: Ang Tinig ng Kooperatiba sa Telebisyon

BG. Gerry M. Zamudio Jr.

Sa kasalukuyan, isa ang Cooperative Sector sa pinakamalalaking sektor sa ating lipunan, kung saan nasa 18, 800 na ang bilang ng mga kooperatibang nag-ooperate sa iba't-ibang panig ng bansa.

Bukod sa mataas na bilang nito, ay malaki rin ang papel ng sektor ng kooperatiba sa pagsusulong ng ekonomiya sa bansa. Katulong din ng ating gobyerno ang mga kooperatiba sa panahon ng kalamidad o sakuna, kung saan bukas palad silang tumutulong sa mga kababayan nating nasalanta at nangangailangan. Higit sa lahat, nagsilbing huwaran ang mga kooperatiba sa ibang sektor dahil sa tapat at hindi matumabasang serbisyo nito sa kanyang mga miyembro.

Ngunit nakakalungkot isipin na sa kabila ng malaking kapakinabangan ng sektor ng kooperatiba sa pangkalahatang kaunlaran ng ating bansa ay nananatiling mababa at maliit ang kamalayan ng publiko patungkol sa kooperatiba. Ito ang nag-udyok sa ACDI Multipurpose Cooperative sa pangungu-

na ni Chairman Retired Major General Gilbert Llanto na siya ring kauna-unahang Pangulo ng National Alliance of Cooperatives na bumuo ng programa sa telebisyon na magpapaunawa sa sambayanang Pilipino ng mahalagang kontribusyon ng kooperatiba sa pag-unlad at pag-asenso ng ating bansa gayundin ang importansiya ng pagkakaisa upang makamit ang minimithing pangarap.

Ang Koop Pinoy: ACDI Multipurpose Cooperative TV ay nagsimulang umere sa People's Television Network noong September 24, 2022 kung saan sa pilot episode ay inilad mismo ni ACDI Chairman Retired Major General Gilbert Llanto ang kwento ng tagumpay ng ACDI MPC na nagsimula bilang isang maliit na kooperatiba noong 1981. Dahil sa maayos na pamumuno at dedikasyon ng mga opisyal ng ACDI MPC na naabot niya ang kanyang kinalalagan ngayon. Ang pagsisikap na ito ay nagbunga at sa ngayon ang ACDI Multipurpose Cooperative ay ang pinakamalalaking institu-

tional cooperative sa buong Pilipinas. Sa mga sumunod na episode ay inilad ng programa ang iba't-ibang inisyatibo ng ACDI para sa kanyang miyembro, ang mga aktibidad kasama ang Cooperative Development Authority, at marami pang mga proyekto na makakatulong sa bawat Pilipino. Tunay nga na kahanga-hanga ang ACDI Multipurpose Cooperative dahil sa inyong hakbang na maging instrumento upang itayo ang sektor ng kooperatiba.

Nawa'y magsilbing daan ang "Koop Pinoy: ACDI Multipurpose Cooperative TV" para mas marami pang mahikayat na mga kababayan natin na sumabak sa larangan ng kooperatiba patungo sa inaasam nilang magandang buhay kasama ang kanilang mga pamilya. Mabuhay ang ACDI Multipurpose Cooperative at ang buong sektor ng kooperatiba sa bansa! (Caryll Araza)

# DBM eyes P28.9-B support for local governments in 2023

The Department of Budget and Management (DBM) is proposing a PHP28.9 billion Local Government Support Fund (LGSF) to raise the capability of local government units in assuming devolved functions under the Mandanas-Garcia ruling.

Budget Secretary Amenah Pangandaman said in a press briefing at the regional DBM office here late Wednesday that the proposed 2023 LGSF is higher than the PHP17.96 billion actual allocation this year.

"To facilitate this transition towards full devolution, our proposed budget next year provides allocations to empower the local government in delivering the services that have been devolved to them, including the PHP28.9 billion LGSF," said Pangandaman, who was in the city to grace the Visayas area conference of local budget officers.

Of the proposed budget, PHP10 billion is intended for the Support to Barangay Development Program (SBDP) under the National Task Force to End Local Communist Armed Conflict (NTF-ELCAC), PHP13.87 billion for the growth equity fund (GEF), and PHP5 billion for financial assistance (FA) to local government units and support for capital outlay and programs.

The SBDP is a hallmark program of the NTF-ELCAC created to bring progress to former conflict-prone communities. Among its projects are the construction of farm-to-market roads, health stations, rural electrification, school buildings, and water and sanitation systems.

The LGSF-GEF, on the other hand, was formed to provide additional funding to local governments that are identified as poor, disadvantaged, and lagging to support the implementation of their priority projects and services to be allocated to provinces (10 percent), cities (10 percent), municipalities (70 percent), and barangays (10 percent).

The PHP5 billion for LGSF-FA will be used by local governments to fund the eligible programs and projects, such as infrastructure; purchase of ambulances and other vehicles; purchase of medical, rescue, and disaster-related equipment; street lighting or rural electrification; installation of closed-circuit television surveillance system; and assistance to

poor individuals or families. Samar Governor Sharee Ann Tan thanked the national government for setting aside a higher LGSF in 2023 that would help underdeveloped areas in the country.

"It augments what the local government cannot provide since we only have PHP400 million local development fund this year. The amount is divided by 24 towns, two cities, and 951 villages," Tan said.

Pangandaman said President Ferdinand R. Marcos Jr. directed the review of functions that should be devolved to local governments vis-a-vis those that should remain with the national government. The period for the devolution of some functions is extended up to 2027 instead of 2024.

Last year, then president Rodrigo Duterte issued a directive to boost the local government's preparation for more responsibilities with the implementation of the Mandanas-Gar-

cia ruling in 2022. The Supreme Court Mandanas-Garcia ruling resulted from the petition made by Batangas Governor Hermilando Mandanas and former Bataan governor Enrique Garcia Jr. before the Supreme Court on local government shares on internal revenue allotment (IRA).

With the increased budget share, the LGUs are expected to be responsible for the funding and delivery of the activities, which have been devolved to them under Republic Act 7160, the Local Government Code of 1991, and other subsequent laws.

Among the functions assigned to local governments based on the Local Government Code are agriculture programs, local infrastructures, environmental services, revenue mobilization, health services, maintenance of peace and order, employment facilitation, transportation, tourism, and housing. (PNA)

# PH youngest organ donor hailed for heroic deed

Three-year-old Ezra Jacob Rosario will continue to live and be remembered beyond his death, after his parents decided to donate his organs and tissues so that others may live.

The young boy figured in a drowning incident just a day after the church wedding of his parents, who were visiting the Philippines from the United States. Ezra was rushed to the St. Luke's Medical Center in Metro

Manila but despite numerous attempts to revive him, he was pronounced "brain dead."

Coming from a family of doctors, his family decided to donate his two kidneys which were transplanted to a 24-year-old recipient. His corneas, meanwhile, have been banked at the Eye Bank Foundation of the Philippines.

In a statement, the Human Organ Preservation Ef-

fort (HOPE) of the National Kidney and Transplant Institute (NKTi) hailed Ezra as the country's youngest organ donor so far and thanked his family's generosity despite the loss of a loved one.

"We would like to extend our sincerest condolences to the family of our young hero and our heartfelt appreciation for their brave decision. Thank you for your generosity to help others despite the painful loss. May

God bless your kind hearts all throughout this lifetime," the NKTi said on Facebook.

In a public Facebook post, Ezra's mother, Jennae, said, "This is the legacy we can give to our child, so he lives on in the lives of others through sacrifice and the gift of generosity."

Jennae said his son, who has a twin brother named Elijah, will be remembered as "a fighter, a brave, strong, kind, generous boy who

fought his hardest battle and ultimately won through his generosity and love."

In a separate interview, Ezra's grandfather, Dr. Medeldorf Gaoat, who is also a provincial board member of Ilocos Norte, said it was an "honor" to have a grandson who died as a young hero.

While no one was to blame for the accident, the provincial board member said he will be initiating safety measures to ensure

that swimming pools, especially those that flow into rivers and beaches, are properly guarded to avoid similar incident in the future.

As of this posting, Ezra's remains lie at the Gaoat family house in Barangay Ben-agan, Batac City in Ilocos Norte province until Nov. 19.

His body will be cremated so that his family could bring his ashes back to the United States. (PNA)

# Korean-funded mold technology support hub opens in Cavite

The Mold Technology Support Center (MTSC) funded by the Korean government for USD8 million officially opened in General Trias, Cavite on Thursday.

The MTSC, which is poised to be a premier training hub for mold technologies, will be managed by the Department of Science and Technology-Metals Industry Research and Development (DOST-MIRDC).

It houses equipment, tools, and various technologies for mold and mold-related requirements of the industry.

The establishment of the MTSC aims to help advance local mold companies, increase their productivity, and help them become globally competitive.

At the MTSC launch, MIRDC executive director Robert Dizon said the facility will also help strengthen the industrial cooperation

between the Philippines and the Republic of Korea.

"Korean partners who supplied all the equipment are here to demonstrate and encourage more local companies to avail of MTSC's services.

Not only did they provide the equipment, but our Korean partners made sure to boost the skills and technical know-how of our MTSC engineers and staff," Dizon said.

Seven engineers and technicians from the MIRDC and the Philippine Die and Mold Association (PDMA) trained on technical drawing, mold design, programming and operations, and mold assembly in South Korea from September to December 2019.

According to the MIRDC, the MTSC will be instrumental in beefing up the local economy. In Cavite alone, the MTSC will be able

to provide its services to over 200 companies. Companies in the molding industry are those which manufacture household products such as bottles, gadget casings, food containers, and toilet seats, among others.

The facility is located on a Philippine Economic Zone Authority-owned land near the Cavite Economic Zone.

Aside from providing training on mold making, the MTSC will accept mold-making jobs. Those interested may reach out to the MIRDC or the PDMA, especially if they are members of this association.

Dizon earlier said trainees may learn the basics like technical drawing, wherein they would only need a computer and software.

The training may last for two months because of the various modules that participants would need to take up. (PNA)

## OPA holds Agri Trade Fair and Exhibits

The Office of the Provincial Agriculturist (OPA) kicked off a two-day Agri Trade Fair and Exhibits with the theme "Produktong Pinagyanan sa Kanayunan, Laan sa Malusog at Maunlad na Pamayanan" to promote variety of Cavite produced from sixteen (16) participating municipalities and cities on November 10-11, 2022 at the Office of the Provincial Agriculturist Compound, Trece Martires City.

During the program, Ms. Lorna E. Aviñante, Officer-in-Charge of OPA, acknowledged the presence of the guests and participants. She then explained that the Agri-Trade Fair and Exhibits is a quarterly event held for the province's farmers, fishermen, and exhibitors to recognize their efforts and hard work for the industry. She also announced that another leg of the Agri-Trade Fair and Exhibits will be held in December. She also expressed her heartfelt appreciation to all of the attendees, exhibitors, and partners who participated and helped make the program a success.

Mr. Joselito Felix H. Noceda, Agricultural Program Coordinating Officer for Cavite, coaxed everyone not to give up and become weary of farming, fishing and raising animals, because these are the most important for these are the sources of food. Hence, he encouraged everyone to continue supporting one another to grow and strengthen the agricultural industry in the province. He added that the Department of Agriculture is grateful to the local government units that have become partners of the agriculture sector. However, Mr. Noceda shared details about the virus in bananas in Cavite and urged the farmers that if they encountered and saw bananas like these, they should not transfer or take it out of the area because the virus is contagious and can spread quickly.

Meanwhile, Ms. Maridelle G. Jaurigue, Media Production Specialist II, who attended on behalf of Dr. Rolando V. Maningas, OIC-Center Director, stated that the farmers and exhibitors in Cavite are fortunate to have such a platform to consolidate their products and this Agri Trade Fair and Exhibits is an excellent opportunity for them to become known for their focused commodities which will not only help them connect with other farmers and exhibitors, but will also help them build trust with consumers.

Dr. Nellie M. Ilas, Chairwoman of the Provincial Agriculture and Fishery Council, asked everyone to always support agricultural programs and activities that will help the province and country's growth because agriculture is part of our livelihood.

Afterwards, Hon. Shernan S. Jaro, 3rd District Board Member and Chairman Committee on Agriculture, committed to always be of service for the improvement of the agricultural industry in the province of Cavite. After the program, guests visited the booths to see the products of the thirty-six (36) exhibitors.
