

If you are logging on to observe class, we ask you to observe the following rules:

- To protect our students, we do have waiting rooms and passwords require for each Zoom meeting. Because of this, if you do not login at the beginning of class, we cannot promise that you will be able to view the classroom. Our teachers are not able to regularly monitor the waiting room while teaching, and we can't promise to let you in a timely manner after class starts.
- Our Zooms are first and foremost used to serve our students that are choosing online classes. Because of that, any class that includes our online students will have the camera focused on the teacher. You will always be able to see the classroom, but we cannot ensure that you can always see your dancer.
- If you are a parent watching, please turn your video off so that our teacher can easily see their students.
- Parents observing should always stay on mute.

The logins are listed below and separated by classroom. You can determine which room your dancer is in by checking our online portal.

These are unprecedented times, and we are hoping that this format will serve our families and provide a way to watch their dancers. Again, this is a perk of Studio of MoveMINT that is competitive in the Fort Worth market. We will regularly assess that this format is working and will pivot if needed!
