

1 Year Priority Service Agreement

Precision Tune-Up and Professional Cleaning

AMERICAN ENERGY GUARD
A Division of Energy Saver, Inc.
Heating & Air Conditioning Sales & Service

This agreement provides you with a precision tune-up and professional cleaning twice a year.

Congratulations on your purchase of one of the most comprehensive service plans available, one that provides you with a superior preventive maintenance program. This plan is designated to **extend the life of your heating and cooling units** and help **cut costly repairs**. This type of equipment service is recognized by the industry as the best way to **maximize your energy efficiency**, which in turn **saves you money** on heating and cooling. This preventive maintenance plan also promotes a **safer environment for your family**, by performing special safety checks that help guard against deadly carbon monoxide leaks.

You are now identified as a **Preferred Customer** which entitles you to priority service over our other customers without a service agreement. You will also receive a **10% discount** should you need us to come out for any repairs throughout the year. This discount applies to labor rates (including after-hours rates) and repair parts. This discount is not applicable to the change out of a new system.

This plan is fully transferable to your new home (in the local area with the same number of units) or the subsequent owners of the current home, in the event you sell the home under which this agreement was originally written.
