

2026 Desert Center Annual Cleanup Day

Every February the nearby **Riverside County Landfill** offers a free dump day. Locals pitch in every year to clean our area. This year we had extra help. Community plus local partners showed we all care enough to keep our Desert Oasis clean.

IPX Power donated funds for post-cleanup refreshments, and sent a terrific team of helpers! **Micah Day, Bridget Galloway, Logan Nonnez and Aaron Hodges** showed up and pitched in.

CSA51 Advisory Committee organized the effort & local folks shared pickup trucks. **LTDR Hospitality Team** served great refreshments to all the tired trash pickers and haulers afterwards, thanks to IPX Power's donation.

BLM made special scheduling arrangements to precede our regular Cleanup Day to utilize the free landfill option. They helped us to reclaim the Natural Desert Habitat in our precious 1 Mile Buffer Zone.

Park Ranger Noel Mollinedo and his cohort Meg Devine helped clear trash and post signs for the authorized route through to Mellon Street. They brought a truck, gloves, & garbage bags, as well as a fun attitude.
