

## COVID-19 Action Plan for View Point Resort

View Point Resort will be open for the 2020 summer season as state and federal mandates allow. The safety of our guests is priority number one and to that end we will be observing the following safety precautions with guidance from MDH (Minnesota Department of Health) and adapted for our setting:

1. Cleaning of all rental cabins will remain the same with the addition of a final disinfecting bleach solution cleaning of all high touch areas including, but not limited to: counters, faucet handles, light switches, door knobs and appliance handles. This solution will be allowed to air dry on the treated surfaces to ensure the needed 1 minute contact time.
2. Social distancing will be observed in all communal areas such as docks, fish cleaning facilities, fire pits, etc.
3. This property will not be used for isolation purposes.
4. All cabins will have their own private picnic tables and charcoal grills to assist with social distancing.
5. Check in and check out times will be observed to allow ample time for proper cleaning of rental cabins and to ensure social distancing for unrelated parties.
6. All guests shall provide all of their own bed linens to avoid cross-contamination from one guest to the next.

While this is a challenging time for our world, small but important changes will help to make your stay as safe and worry-free as possible. Please contact us with any questions you might have or any specific accommodations you need and we will do our best help in any way we can. You may call us at 309/792-1085 or 218/335-6746. You may also email us at [vpoint.resort@gmail.com](mailto:vpoint.resort@gmail.com).

Sincerely,

Lee Grunwald - Proprietor
