To Whom It May Concern,

We write this letter in support of the Rural Vitality Center Project by the Future Service Leaders Organization. The Lyon County Commissioners are excited to see this project come to life as it brings many opportunities to our Lyon County communities and families and schools.

This Rural Vitality Center Project will serve to benefit Lyon County in various ways. Many of our rural communities are facing challenges such as teacher-staff shortage, learning loss, limited resources.

This project will serve many of our Lyon County communities and has the potential to provide economic, educational, and increased health benefits for our students and community members. We believe that this project provides a unique opportunity to provide a much-needed boost to our economy and have an incredible difference in the lives of our rural populations of all ages.

We are offering our strong support for this once in a lifetime opportunity project application. What the Rural Vitality Center will give back to its local community is needed now more than ever.

Sincerely,

Rollie Martin, Chair
Board of County Commissioners
Lyon County, Kansas

Doug Peck, Vice-Chair
Board of County Commissioners
Lyon County, Kansas

Scott Briggs, Commissioner
Board of County Commissioners
Lyon County, Kansas
