

BRING BACK INTEGRITY

Steven Dimonski

FOR TRUSTEE

I grew up in Cleveland/Maple Heights. I attended Holy Name Elementary and graduated from Holy Name High School in 1978. During my time at Holy Name, I played both baseball and basketball and also performed in both the Glee Club and A Cappella Chorus.

After graduating from high school, I attended Cleveland State University, where I earned a BA Degree in Communications. Following CSU, I joined the Garfield Heights Police Department, where I was involved in training the department's first canine unit with bite training and tracking exercises. Additionally, I was made a Field Training Officer to help prepare cadets in performing the duties of a police officer. I also trained with the Cleveland Police Gang Unit, attended a variety of training seminars to earn OPOTA certifications and acted as a community safety liaison officer. I had the privilege of serving on the FOP legal board as well as serving on the Collective Bargaining Committee to negotiate the labor contract between the patrolmen and the city.

I am a neighbor you already know and trust — the kind of person who will give you the shirt off his back and stop what I'm doing to help anyone in need. My passion for serving others is what drives me to step up and run for Lafayette Township Trustee.

When I'm not lending a hand, you'll likely find me at the ballfield, tinkering with an old car, working on a home remodeling project, or reminiscing about the days past of enjoying a ride down a back road on my motorcycle. A lifelong fan of baseball, a lover of classic engines, and someone who values community connections, I will bring the same dedication and teamwork from these interests into public service.

I believe township government should be about neighbors helping neighbors, making smart decisions for the future, and keeping our community strong, safe, and welcoming.

With a practical mindset, a strong work ethic, and a genuine heart for people, I am ready to roll up my sleeves and work hard for all of us.
