GARDEN RENOVATION & MAINTENANCE PACKAGES

All garden packages can vary depending on the property, local regulations and the Landlord's requirements.

HMOs may have community gardens or shared outdoor spaces, which would also require specific maintenance or renovation alongside your refurbishment project.

Contract Cleaning Package

We can offer HMO & Air Bnb Cleaning Packages.

We have a dedicated team working alongside agents, landlords and tenants to achieve excellent results every time.

We undertake all aspects of a professional cleaning solution including fortnightly or full-house deep cleaning carpets, ovens and windows.

We truly are a one-stop solution to all your HMO cleaning requirements.

We clean all communal areas including kitchen, bathrooms, living room, hallways and all other shared areas, giving landlords peace of mind that the cleaning is being kept on the top of.

When we clean the HMO properties, we pay attention to any changes in the home and if there will be an issue or fault, we immediately inform the owner or manager.

All Packages can be tailor to your individual requirements.
