Fr. Thomas Mitchell called the special meeting to order at 7:03 pm.

Tim McQueen summarized the two bids: while Hildreth is a bit less expensive, they do not appear to want the job or to have a real plan on how to do it. It has taken almost a year to get their bid. Johnson Electric has been to the church twice and articulate a clear plan. They will start Monday or Tuesday. Their quote includes rewiring the light fixtures. They will also change bulbs (from 400 watts to 1,000 watts on each side) in the lights on the front arch and redirect them so they better light the altar. Time permitting they will do some work on the lights in the choir loft, but not if it means coming back an extra day.

Debbie Bronschidle moved that we have Johnson Electric do the repairs. Sue Venezia-Waddell seconded the motion and it carried unanimously. Tim McQueen will let Johnson Electric know they have the job.

Once Johnson Electric completes their work, we need to put the pews back and clean before the church can be used:

- John Scott – will lead a group to put pews back. Tim McQueen, Ken Miller and perhaps Ron Steen will help.
- Debbie Bronschidle – will organize the cleaning. She will make a list of tasks and set a date.

**Closing**

The meeting adjourned at 7:25 pm.

Respectfully submitted,
