

# We know your risk. Do you?

Whether your regulatory risk is very high or rather low, predicting and mitigating quality & compliance penalties really shouldn't be left to a throw of the dice.

Score your likelihood of FDA violation, EMA citation or corrective action. Learn how to solve challenges with Xybion's patent-pending **CQRM XD's Compliance Risk Predictor™** and improve your organization's compliance status and prioritize preventative activities.

Predictive Compliance Sample Report

Function/Control Types	Process	People	Quality	Technology	Governance	Investigation	Improvement	Third Party
QA	0.27 Low	0.95 Very High	0.43 Medium	0.81 Very High	0.95 Very High	0.31 Low	0.79 High	0.63 High

- Track real-time compliance and usage in SharePoint
- Secure document libraries
- Better manage critical information

..... with [CQRM XD™ QMS](#) rapid configuration engine and get the flexibility of intuitive, powerful ....

Let us give you a quick [demonstration](#)....

It's a simple click.

And a quick [demo session](#).

You could see more than counted on.

"There were limited choices available for real-time monitoring and reporting on SharePoint. We were interested in access above defined thresholds. As we described our needs with Xybion, they offered the ComplianceBuilder solution as an option and it has been very reliable in doing exactly what we needed it to do".
