**Mr. Mike Grubb is the Speaker for December 4th, 2018**

**Speaker Mr. Mike Grubb** from San Diego County Sheriffs Department Crime Lab is a 1975 graduate of the University of California, Berkeley, Forensic Science Program in the School of Criminology.

From 1975 to 1980, Mr. Grubb was a criminalist at the Institute of Forensic Sciences in Oakland, Calif.

In 1980 he moved to the Seattle area and went to work for the Washington State Patrol Crime Laboratory System, conducting casework in Trace Evidence, Firearms, Biology and Crime Scenes. Mr. Grubb became a supervisor in 1989 and eventually became the Crime Lab Director in Seattle in 1996.

In 1999, Mr. Grubb accepted the position of Crime Lab Manager at the San Diego Police Department Crime Lab, and was there 12 years before moving over to the Sheriff's Regional Crime Laboratory in December 2010.

He is a member of the American Academy of Forensic Sciences, the American Society of Crime Lab Directors, and the California Association of Crime Lab Directors. He is a former Chair of ASCLD/LAB, the international crime laboratory accrediting body.

Mike and his wife Debbie have three children and six grandchildren.

The title of his talk is; "A New Sheriff's Crime Lab -- and an Interesting DNA Case". Since 1994 the Sheriff's Regional Crime Lab has been located in the old Clairemont Hospital, a building that is now 55 years old. Deterioration of the building led to approval by the Board of Supervisors to construct a new Sheriff's Crime Lab at the County Operations Center in Kearny Mesa. We moved into the new lab in August 2018. This will be a quick photo tour.

In 2013 a child molester was active in Escondido and San Marcos. He would enter homes in the middle of the night and fondle little girls. This presentation discusses a novel way of using DNA to detect who the perpetrator was.

**You must be present at the MAY 7th, 2019 MEETING to win.**
The Section is looking for your nomination(s) for individuals who may meet any of the following:

**Lou DiValerio Technician of the Year Award**

The Lou DiValerio Technician of the Year Award acknowledges those ASNT members who are deserving technicians, to encourage their continued participation in the Society. Nominees for the award must hold a position of employment that corresponds to general guidelines similar to those described by Recommended Practice No. SNT-TC-1A for defining the primary duties and responsibilities of Level I and Level II technicians.

**Fellow of ASNT**

A Fellow of ASNT is an individual member of the Society who has 15 years NDT professional experience; 10 years ASNT membership and has supported the Society through contributions and participation at the local and/or national level. A Fellow must have demonstrated outstanding professional distinction, and must have made continued significant contributions to the advancement of NDT in areas such as management, engineering, science, education, administration or planning.

**Mentoring Award**

The Award for Outstanding Mentor was established to recognize those people in the Society working to encourage others to reach goals they may have otherwise not sought, and to offer the rest of the membership an example of what they could be accomplishing by acting as mentors.

**Award for the Advancement of Active Military and Veterans in NDT**

The Award for the Advancement of Active Military and Veterans in NDT recognizes individuals or organizations who encourages Active Military and Veterans to enter and thrive in the field of NDT, either through creation and/or implementation of programs that provide educational or career advancement opportunities in NDT that may not otherwise be available to Active Military and Veterans or through leading by example of how Active Military and Veterans can not only have a career in NDT but also contribute greatly to NDT, ASNT, and to creating a safer world.

**Award for the Advancement of Women in NDT**

The Award for the Advancement of Women in NDT recognizes individuals or organizations who encourage women to enter and thrive in the field of NDT, either through creation and/or implementation of programs that provide educational and/or career advancement opportunities in NDT that may not otherwise be available to women or through leading by example of how women can not only have a career in NDT but also contribute greatly to NDT, ASNT, and to creating a safer world.

**Contact the Awards Committee Chair: Larry Olsen** or any San Diego Section BOD member for further information on how to nominate any individual. Nominations must be sent to ASNT Headquarters and postmarked by 1 January 2019

**Please note:** All nominees must be sponsored by an ASNT Section, ASNT Council or ASNT National Committee. ASNT’s goal is to recognize the individual member who has taken the NDT/NDE career path and is dedicated to making the world a safer place. Please help to encourage our young ASNT members by nominating someone!

November 06, 2018 the San Diego Section hosted the 3rd Section Technical Meeting of the 2018 – 2019 year. The meeting was held at the Seven Seas Lodge, 411 Hotel Circle South, San Diego, CA with 18 members and guests in attendance.

Our Speaker for the evening was Mr. Dan Guerrero; who is the President of Willick Engineering Company, Inc.

Mr. Guerrero has been involved with Willick Engineering; in the service, sales, design & management of Industrial Imaging systems for 34 years. Mr. Guerrero started Intec Systems Company; for corporate computer networking, repairs, consulting.

Mr. Guerrero spent his college years at Cerritos College; he studied Electronics, Computer and Information Technology accounting and business management. He studied Radiography at TEST NDT.

He is the current Corporate Radiography Level III for Film and Digital techniques per NAS 410, ASNT SNT-TC-1A at Willick Engineering.

The title of his talk is: “Qualifying your CR System per ASTM E2445-14”.

Mr. Guerrero provided an introductory version with a practical explanation of the terms and methods for developing a Computer Radiography (CR) qualification program in accordance with the ASTM E2445-14 standard.

The audience expressed its appreciation of the presentation and engaged the speaker with questions.

The Section thanked Mr. Guerrero for his talk and presented him with a speaker gift and certificate of appreciation.

Monthly Raffle prizes were sponsored by Michael White of Met-L-Chek, Larry Olsen of Northrop Grumman and the San Diego Section.
