Mr. David Mitchell will be the Speaker for February 4th, 2020

Our Speaker will be **Mr. David Mitchell**, his career in NDT began in 1974 when he became a Penetrant and Magnetic Particle Level 2 at **Mitchell Laboratories** and a member of ASNT. By 1977 he was named the Quality Manager of Mitchell Labs and had become certified in UT and RT. In 1980 David received his ASNT Level 3's in UT, PT, & MT. From 1980 to 1992 David taught a variety of classes at Don Bosco Technical Institute for the GLAS section of ASNT. In 1987 David became active in the leadership of the GLAS section, and in 1992 he served as Chairman.

In 1990 David was appointed Vice President and General Manager of Mitchell Labs, eventually to become President in 2002. In 2004 he became President of the newly formed Mitchell Metrology.

During his career, David guided Mitchell Laboratories into a leader among independent labs in automated ultrasonic inspection. He added multi-axis contour following gantry systems for the inspection of large 787, F-22, C-17, and F-35 contoured composite panels, and deployed several different contour following systems for the high-speed inspection of composites and metal components.

David Mitchell led the effort to implement phased and linear array inspection systems for high volume and critical ultrasonic 787 aircraft examinations, developed phase array inspection of critical titanium welds for expendable launch hardware, and supported materials and processes development for monolithic alpha-two and gamma titanium aluminides for reusable launch systems.

In December of 2009 David separated from Mitchell Labs. In of **March of 2010** David formed **Mitchell NDT Associates**. In 2011 David formed **Composite Inspection Solutions** located in Bensalem, PA as part of XRI. CIS is now part of Arcadia Aerospace.

David Mitchell is currently an **ASNT Certified Level 3 in UT & PT**. Certification #9007. David is also a **NAS410 Level 3 in UT, MT & PT**.

TECHNICAL COMMITTEES

Life time member of **American Society for Nondestructive Testing (ASNT)**; **ASNT Fellow, Class of 2002**; **ASNT Mentoring Award Winner, 2010**; Nadcap Supplier Voting member; **Member of ASNT Board of Directors 2010 to 2013 and 2019 to present**.

Topic Title: "Advances in UT using linear arrays".

Abstract: The presentation will be on advancements being made in the field of UT, using linear arrays to increase inspection speeds and reliability. The discussion will center on the ability of PAUT systems to renormalize the UT beam to the entry surface without the use of mechanical means at normal scan speeds.

Meeting Details

Tuesday, February 4th, 2020

Social time 5:00-6:00 PM

Dinner 6:00-7:00 PM

Presentation begins 7:00PM in the "Lord Jim Room" of the **Best Western Seven Seas' Restaurant**.

www.bw7seas.com

BOD Meeting 8:00-8:45PM

411 Hotel Circle S, San Diego, 92108

Meals to include: Green Salad, rolls served in baskets, **Dessert**, Coffee, Decaf, Hot or Iced Tea.

The meal choices for the

February 4th meeting are: **Salisbury Steak** w/ Mashed Potatoes and vegetables or **California Chicken** w/red potatoes and vegetables should you have special dietary need **Vegan** or **Vegetarian Plate** is available on request prior to meeting date.

Please RSVP by the end of business January 31st, 2020, the Friday preceding the meeting with your intent to attend and meal choice.

On the email below:

sd-asnt@cox.net

Meeting Attendance at presentation only is no cost

Meeting Dinner Cost:

San Diego Section

ASNT Student Member,
Military, Lifetime and Retired
Members: \$10.00

ASNT Members and Guests:
\$26.00

Credit Cards accepted with a Processing Fee.

**Save the Date:
March 3rd:
Speaker is Mr.
Michael
McGloin.**

Year End Cash Raffle \$250.00

will be drawn at the **May 5th, 2020 Meeting**. When you purchase a dinner you will receive a **RED** raffle ticket. The more meetings you attend the more possible **RED** raffle tickets you will have to be entered into the drawing.

**You must be present at the
MAY 5th, 2020 MEETING to win.**

December Meeting Report

03 December, 2019 the San Diego Section hosted the 4th Section Technical Meeting of the 2019 – 2020 year. The meeting was held at the Seven Seas Lodge, 411 Hotel Circle South, San Diego, CA with 28 members and guests in attendance. This meeting was our annual Christmas event of Spouse / Companion / Guest night.

This meeting had visitors from the ASNT Board of Directors; Michael McGloin; President and David Mitchell; Director At Large.

The Speaker for the evening was Sergeant Greg Hampton, with the San Diego Sheriff's Office. Topic Title:

“Rising to the Challenge: Investigations Involving Bomb/Arson Threats in San Diego County”. His talk centered on investigations involving the Bomb / Arson Unit and threats in San Diego County. He described the universal training conducted by the FBI that all Bomb / Arson personnel receive no matter the jurisdiction they work under. Most of their work centers on fire investigations in the county other than the city of San Diego. Greg provided examples / demonstration articles of explosive devices that they routinely come across; Pipe Bombs, military hand grenades (active / inactive) that were war souvenirs as well as the latest remote activated devices (remote controlled cars, drone helicopters). He discussed past bomb events from nationwide to local events. He provided tips of what to be aware of when out in the public concerning suspicious activity.

The Section thanked Sergeant Hampton for his talk and presented him with a Certificate of Appreciation and Speaker Gift.

The evening concluded with recognition of the spouse / companion / guest receiving a gift from the San Diego Section. We then had our White Elephant Gift exchange raffle which was fun for all and concluding with the customary raffles and recognition of visiting vendors; David Waitt - Fuji Film, Mathew Kaparic – Advanced Test Equipment Corp. and Jim Lyttle - TED.

Happy Valentine's Day!!!!

PARKER
Magnetic Particle Inspection Instruments

Parker Research Corporation has been perfecting magnetic particle inspection equipment for 50 years. Our products are used worldwide for every conceivable magnetic inspection application, and our reputation is second to none. Find out how our equipment and accessories can save you time and money. Give us a call today to get more detailed information on our products and for our distributors' locations anywhere in the world.

CA-1000-07 portable magnetic inspection unit. Includes high output AC-MDC for magnetic particle inspection. Comes with a battery, variable train jets to inspect, and is subjected to a new light LCD display.

AC-DC Contour Probe Model 42 is available for AC only operation.

B200-MR Contour Probe is a rugged high performance instrument for magnetic particle inspection. This unit provides a strong AC field and includes Parker's original holdup leg design that allows the field to be "locked" in a precise area of inspection.

B210 Contour Probe is a rugged high performance instrument for magnetic particle inspection. This unit provides a strong AC field and includes Parker's original holdup leg design that allows the field to be "locked" in a precise area of inspection.

Call for Awards Nominations to the Board

The Section is looking for your nomination(s) for individuals who may meet any of the following:

Lou DiValerio Technician of the Year Award

The *Lou DiValerio Technician of the Year Award* acknowledges those ASNT members who are deserving technicians, to encourage their continued participation in the Society. Nominees for the award must hold a position of employment that corresponds to general guidelines similar to those described by Recommended Practice No. SNT-TC-1A for defining the primary duties and responsibilities of Level I and Level II technicians.

Fellow of ASNT

A *Fellow of ASNT* is an individual member of the Society who has 15 years NDT professional experience; 10 years ASNT membership and has supported the Society through contributions and participation at the local and/or national level. A Fellow must have demonstrated outstanding professional distinction, and must have made continued significant contributions to the advancement of NDT in areas such as management, engineering, science, education, administration or planning.

Mentoring Award

The *Award for Outstanding Mentor* was established to recognize those people in the Society working to encourage others to reach goals they may have otherwise not sought, and to offer the rest of the membership an example of what they could be accomplishing by acting as mentors.

Award for the Advancement of Active Military and Veterans in NDT

The *Award for the Advancement of Active Military and Veterans in NDT* recognizes individuals or organizations who encourages Active Military and Veterans to enter and thrive in the field of NDT, either through creation and/or implementation of programs that provide educational or career advancement opportunities in NDT that may not otherwise be available to Active Military and Veterans or through leading by example of how Active Military and Veterans can not only have a career in NDT but also contribute greatly to NDT, ASNT, and to creating a safer world.

Award for the Advancement of Women in NDT

The *Award for the Advancement of Women in NDT* recognizes individuals or organizations who encourage women to enter and thrive in the field of NDT, either through creation and/or implementation of programs that provide educational and/or career advancement opportunities in NDT that may not otherwise be available to women or through leading by example of how women can not only have a career in NDT but also contribute greatly to NDT, ASNT, and to creating a safer world.

Contact the Awards Committee Chair: Larry Olsen or any San Diego Section BOD member for further information on how to nominate any individual. Nominations must be sent to ASNT Headquarters and **postmarked by 1 February 2020**

Please note: All nominees must be sponsored by an ASNT Section, ASNT Council or ASNT National Committee. ASNT's goal is to recognize the individual member who has taken the NDT/NDE career path and is dedicated to making the world a safer place. Please help to encourage our young ASNT members by nominating someone!

Michael McGloin is the Speaker March 3rd, 2020

Michael started in NDT at the age of 17 immediately after graduating from high school and has worked in various areas of the industry; ranging from fieldwork in refineries and power plants to The Boeing Company in Huntington Beach, California working on projects such as the International Space Station and the Space Shuttle.

At the age of 23 Michael had acquired **Corporate Level III's** in PT and RT for **Prime Wheel Corporation**, and prior to his 10th anniversary in the industry, achieved his first **ASNT Level III's** in PT, RT, and MT. At this point, Michael holds **7 ASNT Level III's** in: **PT, RT, MT, VT, UT, ET, and LT**. Acquiring this and **ACCP Level III's** in PT, RT, and MT, as well as a **CWI** from **AWS** has been achieved of his own accord.

Michael is the **President of ASNT**, is **Regional Director of Region 15**, has served through the chairs on the Board of Directors for the Greater Los Angeles Section of ASNT, is an ASNT Fellow, an ASNT Mentoring Award recipient, the 2015 George L. Pherigo Tutorial Citation award winner, ASNT Life Member, is the **Manager of the Hellier training facility in Anaheim, California**, and has his own consulting business; NDT Enterprises.

Topic Title: is on **"Value of Mentoring"**.
