SEPT 23, 2020

Riverside South Community Association News

School Zone Safety

Reminder - students are back in school. Slow down, watch for pedestrian crossovers and follow directions from crossing guards.

Annual General Meeting

Our Annual General Meeting will be held virtually on October 22. We will send out a stand alone bulletin with the agenda, supporting documents, and details on how to participate/view the meeting by October 17.

Ward Boundary Review

Round 2 public consultation for the Ward Boundary Review 2020 is closing Sept 25. Your participation and feedback are important and will influence how the City's ward boundaries will be drawn for the next several elections, details can be found here: [Ward Boundary Review 2020](#)

Transportation Master Plan

While the COVID-19 pandemic has had a significant impact on the City's transportation system and things are still in a state of flux, the City is moving forward with its Transportation Master Plan update based on the information available and in consultation with stakeholders, other levels of government, elected officials, and residents.

The TMP Update will review the ways in which people, vehicles, and goods move through our city – and how this mobility can be achieved responsibly and sustainably for all including those who have mobility challenges.

Closely tied to the TMP Update is Ottawa's Active Transportation Plan, an updated plan that will combine the Ottawa Pedestrian Plan and the Ottawa Cycling Plan into one, and guide the policies and actions for the development of the city's pedestrian and cycling network.

For this phase of engagement, the public is invited to provide input on:

- the Active Transportation (AT) Plan;
- what a fair and equitable transportation system looks like; and,
- new technologies that are changing the way we move around the city.

An online mapping activity is also available for residents to identify missing pedestrian and cycling facilities that they would like considered and prioritized as part of the AT Plan.

The online questionnaire and a link to the mapping activity can be found at www.ottawa.ca/TMPUpdate, as well as an introductory video, information boards, a discussion paper on new mobility, and a report on what we heard in Phase 1 about residents' priorities and vision for the future of transportation in Ottawa.

Christmas Activities - Stay Tuned!

Unfortunately due to COVID-19 precautions, we have had to cancel our annual Toy Mountain Parade, Breakfast with Santa and Evening Sleigh Rides . . . but we're working on alternative ideas! Stay tuned.

Support Our Local Businesses!

RSCA director Filipe de Souza will be reaching out to our local businesses next

week to gauge interest in resuming their Riverside South Business Community meetings.

We ask that you support our local businesses! If you own or know of a local business that is open, please add them to [this list](#) on the RSCA facebook page. You can also see a [directory](#) of our local businesses or add a listing here: riversidesouth.org/sign-up

Feedback

The RSCA wants your input! Have ideas for our events and programs (when they return)? A community issue you think the RSCA should look into? Let us know: info@riversidesouth.org
