JUNE 7, 2022

## Riverside South Community Association News

### Canada Day Fireworks

Join us at Claudette Cain Park on July 1 for a professional fireworks display sponsored by the Riverside South Development Corporation! Enjoy music starting at 8 pm and fireworks will begin at dusk (approx. 10 pm).

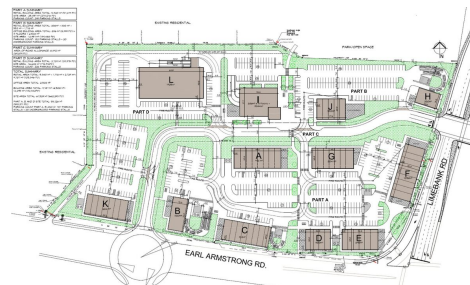

Glow-products will be available for purchase in both the south and north fields. Parking is very limited at the park and we recommend either walking to the park or parking at the Your Independent Grocers plaza or the Park N Ride.

Interested in volunteering at this event? Register your name using **our volunteer form** \*\*and check-mark "Canada Day"

### 1515 Earl Armstrong Road Site Plan Application

The RSCA has received notice of a Plan of Subdivision application for 1515 Earl Armstrong Road.

The subdivision application has been submitted to permit the development of 1 new public road that will connect Earl Armstrong Road to Limebank Road, and for 3 development blocks for commercial and retail development. The proposed development would permit the future development, through the site plan control process, of 12 buildings with associated surface vehicular and bicycle parking. Landscaping around and within the site is proposed, as is a pedestrian connection at the north of the site to connect with the pathway around the stormwater management pond.

**Follow this link** for the application on the City's Development Application Search Tool where you will find information about the application and all of the submitted plans, reports, surveys and accompanying documents you will need to review the application.

Please comment directly to the City of Ottawa File Lead through the "Send Feedback" button that can be found in the above link. The deadline for comments is June 22, 2022.

---

## **Congrats Student Bursary Recipients!**

Thank you to all the applicants; Riverside South is lucky to have you as residents and active members of our community!

The 2022 recipients of the RSCA student bursaries are grade 12 graduates Yusra Rahman and Sydney Town, who both submitted impressive applications and have been active community volunteers.

Yusra, a St F.X. grad, will be studying mathematics and physical sciences at the University of Toronto to become an astrophysicist. Sydney, a St. Josephine's Virtual Academy grad, has accepted an offer from Carleton University for a Bachelor of Commerce (Honours) with a concentration in Marketing. Congratulations to you both, and best wishes in your future endeavours!

---

## **Spring Cleanup recap**

Well done Riverside South - we had an amazing turnout for this year's Clean Up on April 23! Approximately 180 volunteers filled well over 250 bags with all the debris. It was great seeing all the friendly faces of the young and old having fun while making a difference in their neighbourhood.

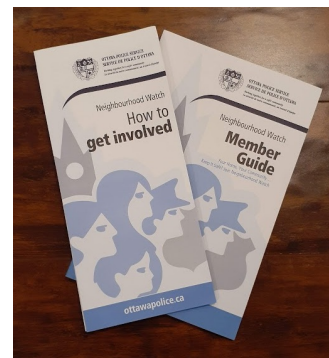

Special thanks to Stuart F. with his Jeep, Councillor Meehan for the refreshments, and to Urbandale and Tomlinson for providing the dumpster.

---

## Neighbourhood Watch Update

In the next month, we will have a live Zoom session with a representative from the Ottawa Police Service to discuss how you can better protect your home, cars, and property. An announcement with a date and time will come soon. This will be a great opportunity to ask an officer about how to secure your own property, and to help keep the neighbourhood safe.

We have grown the group of Watch members quite a bit over the last few months, but are always looking for more. If you would like to learn more about the Watch program in general, please contact Kevin McGowan (vicepresident@riversidesouth.org).

---

## Coexisting with Coyotes

Coyote sightings in our neighbourhood are common and we have created a dedicated page on our website with facts about our furry neighbours. The page includes information on how to keep them from becoming bold and what to do if you should encounter one close up. They are part of our environment and we can co-exist peacefully.
