

Northern Blair County Recreation Commission

When a group of local citizens gathered to discuss enhancing the opportunities for area youth, the vision of the Northern Blair Rec Center was introduced. They formed a 501C3 Non-profit organization, operating as the Northern Blair County Recreation Commission, and began plans for a building and other facilities. Over the years, it has developed into a focal point for the promotion of recreational and educational programs that focus not only on our youth, but local citizens of all ages.

Each year, the Rec Center welcomes hundreds of youths and their families to activities including, but no limited to, soccer leagues and instructional sessions, basketball leagues, and social and educational opportunities both in our building and on the surrounding fields. In 2024, more than 1000 young children participated in NBCRC sponsored activities

In addition, the Rec Center offers a plethora of programs for local citizens of all ages. From aerobic and weight training, to spin classes, to Zumba and yoga classes, the offerings are diverse and designed to maximize their physical and emotional health.

Our philosophy that "Proper exercise and social activity is a requirement of living the longest, happiest life." Is manifested each day.

Why Support The Northern Blair Rec Center ?

It has something for local residents of all ages

- Cardio Equipment
- Weight Training Equipment
- Large Gymnasium
- Basketball Leagues for All Ages
- Senior Citizen Classes (Zumba, Yoga, etc.)
- Camps for children
- A large outdoor space featuring soccer fields and general use areas.
