## *Congratulations* to the 2017 REALTOR® University Graduates

REALTOR® University is pleased to announce the 2017 Master of Real Estate (MRE) graduates, who were awarded their diplomas on May 19 at a commencement ceremony held in Washington, D.C.

REALTOR® University, the only advanced online education institution centered exclusively on real estate, is fully accredited by the Distance Education Accrediting Commission, or DEAC, an organization recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

To graduate, MRE students must receive credit for at least 12 courses (36 semester-credit hours), consisting of seven program-specific courses and five elective and concentration courses, while also achieving a cumulative grade point average of 3.00 or higher (on a 4.00 scale). As with any graduate degree program, the MRE at REALTOR® University requires that students complete a final research project—a Capstone project—that integrates the knowledge and skills acquired throughout the program. Research projects must explore an original topic and make a contribution to the field of academic and professional real estate.
